Most of the processes in divisions at Mintek rely on the supply and constant availability of gas. In order to minimise risk of operation disruption, Mintek requires a supplier that has the capacity to supply bulk and speciality gases at the shortest lead-time. In order to reach the world class service to Mintek divisions, a contract agreement is solicited to provide an efficient service to these divisions. Mintek therefore seeks to appoint a supplier of gas for a period of three (3) years.

The successful supplier will be required to provide all gases as listed in the Bill of Quantities (BOQ). Mintek is therefore seeking to contract with a supplier that has the capacity and capability to supply all gases as listed in the BOQ (Annexure A).

#### Training

The appointed supplier will be required to provide basic gas handling and usage training to ten (10) Mintek employees onsite within a month of contracting.

#### Pressure Testing

Pressure testing of all gas lines and accessories is required. Pressure testing will only be required once in the contract term. The pipe is 25mm, schedule 40, and is +/- 1km in length.

## MTF 08: Certificate of Independent Bid Determination

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited/ submitted.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a) disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b) cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MTF 08) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
