### 3.3.1. INDICATIVE SCOPE OF WORKS

#### 1.1. INTRODUCTION

It is the intention of the Department of Agriculture, Land Reform and Rural Development (DALRRD) to enter into a formal contract with Contractors that will carry out the services described above (Refer to Section E3.1). These Terms of Reference and the Contractor's registration will form the basis of the framework agreement.

Framework agreements are designed to allow the employer to invite bids from contractors to carry out work on an "as and when" instructed basis over a set term. Framework agreement is between two parties that establish the terms for the supply, delivery and construction of fencing over a period of time within a broad scope of work without guaranteeing any quantum of goods, services or works.

**The essential elements of a framework agreement are:**

- 1.1.1. A framework agreement is only entered into with contractors who have the resources and the capacity to carry out work that is likely to be instructed.
- 1.1.2. A framework agreement uses Bills of Quantity as the basis by which contractors are to be remunerated for instructed work by the employer.
- 1.1.3. The scope of work of a framework agreement needs to identify the extent and location of the work covered by the contract as the employer may not instruct a contractor to provide work outside of the scope of work associated with the contract.
- 1.1.4. Contractors may only proceed with work associated with a task when an official task order is issued.
- 1.1.5. Employers are not permitted to issue a task order after the end date of the term of the framework agreement.
- 1.1.6. Any work commenced before the end of the term of a framework contract may continue until the end date provided in the task order.

In an effort to ensure that the Department consistently meets its service delivery targets, sufficient resources and effective measures need to be put in place.

1.4.2. To achieve this, the Department needs to have a readily available pool of contractors which can be called upon to assist in the roll out of infrastructure (Fencing) projects as and when requested. The DALRRD would like to invite contractors to be included into a framework contract, with no guarantee of any quantum of works.

**NB: Only those respondents who were not initially accredited per Province on Bid Number: 5/2/2/1 CON 0004(2021/2022) should respond to this Expression of Interest.**

1.4.3. The objective is to have a readily available pool of contractors which can be called upon to perform work in the Supply, delivery and installation of fencing works on an as-and-when basis.
