Iziko was established in terms of the Cultural Institutions Act 1998 (Act No. 119 of 1998) and is required to comply with the Public Finance Management Act (PFMA), 1999 (Act No. 1 of 1999) as amended and its associated regulations.

2. OVERVIEW

Iziko invites suitably qualified contractors to submit a bid for the repair and maintenance of the two existing houses at the Nelson Mandela Prison House in Paarl.

- **Nelson Mandela Prison House (Main House):** Maintenance and repairs are needed throughout the interior and exterior of the building. There are items where complete refurbishment is required. Minor electrical work is included as outlined in the provided drawings. Items will be prioritised by Iziko depending on the Budget and permit approval.

Table 1: Buildings and locations where services will be required.

Note: the buildings are a Grade 1 National Heritage Resource, and all work must be done with the related duty of care prescribed by the National Heritage Resource Act and in accordance with the SAHRA permit with approved methods and specifications

Nelson Mandela Prison House (main house) work will ONLY commence once permit is approved.

4. SCOPE OF WORK

The scope of work for this project includes the repair and maintenance of both the interior and exterior of the buildings, as outlined in the attached drawings and specifications provided in **Annexure A**. Contractors are required to closely follow the technical drawings and adhere to the detailed requirements prepared by the architects and electrical engineers.

Key components of the scope include:

- **Repair & Maintenance:** Complete repair and maintenance of both the interior and exterior of the existing buildings, including repair work to electrical systems to meet the specified standards in the drawings.
- **Adherence:** Repair and maintenance of the existing structures must strictly adhere to the SAHRA permit and specifications of the architect and electrical engineer.
- **Project Phases:** The works to be carried out are broken into phases. Phases are to be carried out pending SAHRA permit approval.

Phase 2: Repair & Maintenance to Nelson Mandela Prison House (Main House) – SAHRA permit pending.

Contractors are expected to submit a detailed project timeline, ensuring that the work aligns with Iziko's operational requirements. Work must be completed by end of April 2026. This includes minimising disruption to museum operations, such as installation of exhibitions, ensuring that safety protocols are adhered to, and managing the access of Iziko staff. Any proposed construction activities should consider operational hours, public safety, and accessibility requirements.

All work should comply with applicable safety and environmental regulations, ensuring that the renovation meets the highest standards of quality and durability.

- It is to be noted by bidders that the nature of the works requires both mechanical and electrical engineering expertise; bidders are required to provide proof of this expertise whether they are in-house or subcontracted. Upon completion, bidders will be required to issue COC's for the aforementioned trades.
