DETAILED TECHNICAL SPECIFICATION

1. RFQ Background

The South African Broadcasting Corporation, SABC, has its Head Office in Auckland Park, Johannesburg, with Regional Offices in each South African province. SABC operates and maintains building electrical equipment and machinery including its associated systems and facilities. The building electrical equipment and plants needs to be maintained in good working order to ensure that they continue to offer satisfactory performance, to comply with safety legislation and to minimise disruption to normal SABC operations.

The SABC has technical department with maintenance personnel that does in-house maintenance and repairs. From time to time they require electrical materials and spares to carry out the necessary maintenance and repairs on the electrical equipment and machinery. Currently the required spares are procured on an ad-hoc basis thereby leading to delays in attending to equipment failures while waiting for the procurement process to unfold to appoint the supplier and the subsequent delivery of materials and spares. Therefore, to prevent prolonged downtime of critical equipment and potential loss of income, damage to critical equipment, reputational damage and/or adverse effect to the health and safety of employees, it is necessary to establish a long-term contract and appoint a competent service provider to supply the required electrical materials and spares timely and in an efficient manner based on operational requirements.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
