Other industries, sectors and sub-sectors are still being considered for designation. Once a thorough research and consultations have been concluded a decision to designate will be communicated to the public.

Regulation 8(4) of the 2017 Preferential Procurement Regulations provides that if there is no designated sector, an organ of state may include, as a specific condition of the tender, that only locally produced services or goods or locally manufactured goods with a stipulated minimum threshold for local production and content, will be considered. The per the standard issued by National Treasury designated sectors circular number 11 of 2019/2020.

Please note that the Minister of Finance has approved the following instructions relating to the amendment of:

- Declaration Certificates for Local Production and Content for designated sectors (SBD 6.2 and MBD6.2); and
- National Treasury Instruction on: Invitation and evaluation of bids based on a stipulated minimum threshold for local production and content for Valve Products and Actuators

These instructions will be effective from the date of issue and can be accessed on the [National Treasury website](#).

The standard bidding documents (SBD 6.2 or MBD 6.2) must be completed in line with the requirements of the SABS approved technical specification number [SABS approved standard SANS 1286:2017](#) and the [Guidance Document for the Calculation of Local Content](#) together with the Local Content Declaration Templates

- [Annexure C](#): Local Content Declaration – Summary Schedule,
- [Annexure D](#): Imported Content Declaration – Supporting Schedule to [Annexure C](#) and
- [Annexure E](#): Local Content Declaration – Supporting Schedule to [Annexure C](#).

All these documents are important for the calculation, measurement and verification of local content.
