

KWS ELECTRIC FENCE PROJECT FOR BOSLOOP AND NOOITGEDAGHT PUMP STATIONS -BOQ		
NOOITGEDAGHT ELECTRIC FENCE PROJECT (Layout 1500m)		
NO	ACTIVITY	Price
1	Activity 1.1: Design of electrical Fence system and acceptance thereof	
	Activity 1.2 Site establishment	
	Activity 1.3 Security for 15 nights (as instructed by the Project manager)	
	Activity 1.4 Survey and Identification of below ground services and infrastructure	
	Activity 1.5 Removal of Existing Fence systems including bases/foundations (from point A to B, 378m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 1.6 Anti-tunnelling beam complete (from point A to B, 378m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 1.7 Vegetation Slab complete (from point A to B, 378m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 1.8 Electric Fence complete (from point A to B, 378m) as per technical specification for energised fence (240-78980848)	
2	Activity 2.1 Removal of Existing Fence systems including bases/foundations (from point B to C, 502m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 2.2 Anti-tunnelling beam complete (from point B to C, 502m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 2.3 Vegetation Slab complete (from point B to C, 502m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 2.4 Electric Fence complete (from point B to C, 502m) as per technical specification for energised fence (240-78980848)	
3	Activity 3.1 Removal of Existing Fence systems including bases/foundations (from point C to D, 620m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 3.2 anti-tunnelling beam complete (from point C to D, 620m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 3.3 Vegetation Slab complete (from point C to D, 620m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 3.4 Electric Fence complete (from point C to D, 620m) as per technical specification for energised fence (240-78980848)	
4	Activity 4.1 upgrading of existing main access gate as per the works information item 3.1 and other relevant specifications and clauses in the contract	
5	Activity 5.1 Disposal of spoil material to registered dump as per the works information item 2.4 and other relevant specifications and clauses in the contract	
	Activity 5.2 Rehabilitation of the site as per 240-165332855 Komati Water Scheme - Vegetation Management Work Instruction	
6	Activity 6.1 Electric Fence system, complete testing, commissioning, and handover of the entire system as per specification for energised fences, WI 5.5	
	Activity 6.2 Site de-establishment	
TOTAL VALUE		
BOSLOOP ELECTRIC FENCE PROJECT (Layout 1315m)		
NO	ACTIVITY	Price
1	Activity 1.1: Design of electrical Fence system and acceptance thereof	
	Activity 1.2 Site establishment	
	Activity 1.3 Security for 15 nights (as instructed by the Project manager)	
	Activity 1.4 Survey and Identification of below ground services and infrastructure	
	Activity 1.5 Removal of Existing Fence systems including bases/foundations (from point A to B, 319m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 1.6 Anti-tunnelling beam complete (from point A to B, 319m) as per the works information item 3.1 and other relevant specifications and clauses in the contract	
	Activity 1.7 Vegetation Slab complete (from point A to B, 319m) as per the works information item 3.1 and other relevant specifications and clauses in the contract
