2. BACKGROUND

The 10 district municipality community screenings are to create a platform for audience development screening of locally produced content and KZN Film Commission funded projects. This is to develop, grow and retain audiences through sustained monthly screenings in collaboration with the districts and local municipalities that have been identified.

Through this collaborative effort we will build on existing activities such as information sharing sessions where we disseminate information and distribute brochures as well as the utilisation of tools that promote the KZN Film Commission; such as social media platforms, local community media partnerships, municipal communication platforms (Local Gazette, Municipal Database). These platforms promote up and coming filmmakers and their projects within various districts.

In partnership with District Municipalities the project will target filmmakers, young people and community media to take an active role in audience development. The local municipalities will be identified annually in partnership with the District Municipality.

It is anticipated that where possible, tertiary institutions would be utilised as venues for screenings, alternatively community arts centres or libraries should be utilised to ensure accessibility by community members and also to cut down costs.

The following are the 10 District Municipalities in KZN and one local municipality per district would be identified at the beginning of each year:

1. Ugu District Municipality
2. uMgungundlovu District Municipality
3. uMkhanyakude District Municipality
4. uMzinyathi District Municipality
5. uThukela District Municipality
6. Harry Gwala District Municipality
7. iLembe District Municipality
8. Amajuba District Municipality
9. King Cetshwayo District Municipality
10. Zululand District Municipality

3. OBJECTIVE OF THE PROJECT

Community Outreach: Reaching out to the 10 district municipalities, and local municipalities that are currently underserved by the film industry. Furthermore, create a cinema experience where the communities that have never been introduced to the cinemas get to consume films in a simulated “cinema” environment.

Consumption of local content: Screening South African content to local audiences creates an awareness and appetite for indigenous content. Audiences are able to see themselves portrayed on the screen, filmmakers are able to see how their content plays to

a local audience and a market is created for an appreciation of local South African films, KZN taking precedence.

Awareness: Film screenings are an important tool in raising awareness on issues and to get people involved in wider social movement. People in the district will gain top of mind awareness of the brand KZN Film Commission.

Entertainment: creating an understanding that the consumption of film is a form of entertainment that can be practiced along with other forms of entertainment that consumes time and have value.

PR: Creating a buzz for KZN Film Commission, initiatives and programmes through films, including local media and encouraging partnerships with the district that has been identified.

Publicity: Creating publicity for a film, highlighting the talent, by way of director and cast and subtly creating film literacy in an audience and building an audience filmography of locally produced films.

Local economic development: By appointing a local service provider within a particular district to host and plan the screening, the KZN Film Commission will be promoting community economic development of young and upcoming business owners; whether it be through events management companies, PR consultants, catering services, security and more.

Education: Film can be a powerful and engaging educational tool, especially for young people. It helps break down barriers and spark discussion and interest.

Support: Community screenings create a platform for the up and coming filmmakers within the district to showcase their talent and craft.

4. SCOPE OF WORK

The KwaZulu-Natal Film Commission seeks to appoint a suitably qualified Events Management or Project Management company to coordinate and oversee the implementation of community screening plan in the 10 selected District Municipalities rotating among local municipalities on yearly basis. This will be three local municipalities per district municipality for the duration of this project.

This is a community based event, thus it is critical that the respective community media (Radio) in each district be engaged (by the appointed service provider) to partner with this project. The appointed service provider will be expected to appoint and contract local co-operatives, youth, women or people living with disabilities (to be termed as KZN Film Champions) in each of the identified Local Municipalities to coordinate all activities and logistics relating to the identified municipal community screenings. The KZN Film Champions will be paid a stipend for execution of about R5000,00 per month.

The identified KZN Film Champions appointed by the service provider will be responsible for the following activities:-

- Co-ordinate the pre-event mobilisation activities,
- Facilitate the actual screening on the day,
- Compile close out reports which will include evidence in the form of marketing material, completed registers and photographs of the event and attendees.
- Embark on post screening event activities which will assist in promotion of the following session for the following month until all 10 screenings are complete e.g. each identified venue will have 10 screenings in a year (each implemented on monthly basis).
- Ensure that each session follows a simple agenda: 1. Introduction of Film, 2. Screening, 3. Question and Answers about the film, 4. Announcement, 5. Close

The appointed Event/Project Management company will be expected to:

- ✓ Appoint and contract a KZN Film Champion in each of the identified 10 district municipalities per Local municipality (KZNFC will make the final decision on who is finally appointed among a recommendation of at least two potential KZN Film Champions.) . The appointed service provider is expected to empower the appointed KZN Film Champions to be able to continue on their own with the screenings even after the project conclusion. It is therefore expected that the KZN Film Champions will keep the equipment (which remains the property of the project) that they will be using as long as they continue to screen films, in that municipality and send reports and registers and photos to KZNFC. This should be reflected in the contract with the KZN Film Champions including that they need to look after the equipment against loss and damage and assume the risk thereof. The appointed KZN Film Champion should be from the following designated groups (Youth, Women, Cooperatives or Military Veterans)
- ✓ Contract each one of these with clear deliverables, the details of the contract are to be signed off by the KZNFC, and provide copies of contracts to KZNFC. Contract must include the above point that they will be allowed to keep the equipment (which remains the property of KZN Film Commission Film screening project.)
- ✓ The KZNFC will identify the films to be screened and the appointed service provider will be expected to secure the identified and agreed films for each month of screening totalling to 10 films and to pay screener fees for each. Proof of payment to the filmmaker is to be included in the budget cost report. (Maximum screener fee is R5000,00 per film depending on the movie that will be screened).
- ✓ Monthly cost reports are to be submitted to the film commission a week after each screening.
- ✓ Network and consult with the identified 10 district municipalities in identifying suitable venues.
- ✓ Ensure that each community screening in each district municipality is executed as per schedule. A pre-approved schedule is to be signed off by the KZNFC.
- ✓ Oversee the logistics and ensure that the local operator plans, coordinates and executes the community screening.
- ✓ Build media relations within each district to ensure maximum exposure. KZNFC is to sign off the media plan.
- ✓ Partner and source government owned venues or community centres for all 10 screenings in the municipality (including chairs and tables). (There won't be any costs that will be incurred for venue hire).
- ✓ Source equipment such as laptop, projector (Full HD 1080P Resolution 6800 Lumen or equivalent), Projector Screen (min of 250 inches or equivalent) and speakers (Dixon 80 Watt or equivalent) to cover at least 300 people capacity set up.
 - 150 Inches screen diagonally measured from top left corner to bottom right corner. Aspect Ratio: 16:9
 - Projector with a 1:0 gain ratio
 - Speakers: 4 x 130 watt with surround type sound, two JBL PRX835W (Mounted) or equivalent.
