

**SUPPLY AND INSTALLATION WAR ROOM OF
EQUIPMENT.**

PROJECT SPECIFICATION

SUPPLY AND INSTALLATION WAR ROOM OF EQUIPMENT.

PROJECT SPECIFICATION

SUPPLY AND INSTALLATION OF WAR ROOM EQUIPMENT.

Issue Date: September 2023

PASSENGER RAIL AGENCY OF SOUTH AFRICA

SUPPLY AND INSTALLATION OF WAR ROOM EQUIPMENT.

GENERAL

- All prices to include ordering, transport loading, off-loading, storing, fixing, fitting, constructing, finishing off, testing and commissioning, except where explicitly stated otherwise. All joints, screws, fixing material, etc., and labour in this connection to be included.
- The term “works” used in this Specification shall be as set out in the General Conditions of Contract (E5), paragraph 1.1.
- Notwithstanding the general conditions of Contract, paragraph 11, works shall be carried out in accordance with the following:
 - The Product Technical Specification.
 - The Occupational Safety and Health Act, Act No. 85 of 1993, as amended.
 - The laws and by-laws of PRASA, inclusive of the Electrical Safety Instructions.

SCOPE OF THE WORKS

The Service provider shall be responsible for the supply, transport, delivery on site reception, off-loading, storage, placing, fixing, fastening, installation, erection, making-off, connecting up, testing, commissioning and maintenance-on-guarantees of the equipment and labour.

Delivery

WAR ROOM (uMjantshi House, 5th floor), Durban and Cape Town

COMMISSIONING TEST, INSPECTIONS AND COMPLETION

The War Room staff, in conjunction with the service provider, shall carry out the final commissioning test and inspection. The service provider shall carry out any remedial work, if necessary.

All cost for commissioning tests shall be for the service provider's account.

MAINTANANCE PERIOD

All work undertaken by the Service provider shall be subject to a guarantee for a period of one year against faulty and/or inferior workmanship and material.

The guarantee period shall commence the day the installation is formally handed over to and accepted by the War Room staff.

The Service provider shall undertake to repair all faults or defects due to bad workmanship and/or faulty materials during the guarantee period.

Any defects that may become apparent during the guarantees period shall be rectified to the satisfaction of and free of cost to the Client.

The Service provider shall undertake work on the rectification of any defects that may arise during the guarantee period within 7 days of his being notified by the Client.

Should the Service provider fail to comply with the requirements stipulated above, the Client shall be entitled to undertake the necessary repair work or effect replacement of defective apparatus or material, and the Service provider shall reimburse the Client the total cost of such repair or replacement, including the labor costs incurred in replacing defective material.

HANDING OVER

The handover when all the works are complete and commissioned to the satisfaction of the Project Planner, in accordance with the details as set out in the handing over documentation of PRASA.
