Proposals must be signed by an authorized agent to bind the service provider to its provisions.

B. Background:

The project area covers the town of Carolina, the neighboring township of Silobela and Caropark. Carolina, Silobela and Caropark receive water from the Carolina Water Treatment Works (WTW) which has a capacity of 1.5Ml/day. Carolina and Caropark are serviced by a waterborne sewerage network which discharges under initially pumped conditions and then gravity into the Carolina WWTW. Silobela has varying levels of service with some areas in Extension Ext.4, still operating utilising septic tanks and ventilated improved pits, with some sections in Ext.4 with still no access to bulk sewer infrastructure.

The Carolina WWTW does not have sufficient capacity to properly treat the current and future volumes of effluent that it is receiving and urgently needs to be upgraded. In addition, the existing wastewater plant requires immediate refurbishment. It is also a requirement that the three existing pump stations also be upgraded accordingly to accommodate development horizon flows. This appointment therefore deals specifically with the refurbishment of the Carolina WWTW and pump stations through WSIG, and the upgrading/construction of a new WWTW to accommodate current and future sewage loadings produced by

the abovementioned areas over the project design horizon.

These projects will be implemented in phases over the six years as the funding/budgeting allows and need arises for the demand. The phasing of the projects should be done per financial year per water scheme. The all-inclusive cost estimate to implement the scheme is R 200,000,000.00.

The Employer will make whatever they have available to the PSP at no cost. The project is limited to bulk water supply and does not allow for any internal distribution networks. The project will be funded by the Department of Water and Sanitation (DWS) under the Regional Bulk Infrastructure Grant (RBIG) and WSIG programme.

2. Project Objectives

The employer's objectives are to obtain a professional service provider to carry out the Technical Report reporting and approval process for the Carolina Wastewater Treatment Works and all pump stations within the Carolina, Silobela and Caropark areas as outlined in the Terms of Reference below.

Although not bound in or issued with this document, the Department of Water and Sanitation DWS's WSIG and RBIG Framework will be the guiding principle and Consultants are expected to be familiar with all the requirements.

Scope of Works\Deliverables

The employer's objectives are to obtain a professional service provider to carry out the Project for Appointment of a Professional Service Provider for the Chief Albert Luthuli Municipality W S I G & RBIG Feasibility/Implementation Readiness Study (IRS) in Chief Albert Luthuli Municipality Local Municipality. The employer's objectives are to obtain a professional service provider to carry out the Technical Report reporting and approval process for the Carolina Wastewater Treatment Works and all pump stations within the Carolina, Silobela and Caropark in accordance with DWS guidelines. The Employer desires that the work required be of a high standard and be completed in the shortest practicable time.

The full extent of the information available shall be established by the Tenderer and the Employer will not accept liability for any assessment made by the Tenderer in this regard. Tenderers are to make full allowance in their rates for the collection of whatever information may be required to properly carry out their function in terms of this contract.

Price formula

The formula to be used to calculate the points for price is as follows:

$$Ps = 80 \text{ or } 90 \left\{ 1 - \frac{(Pt - Pmin)}{Pmin} \right\}$$

where

Ps = Points score for price

Pt = Comparative price of bid under consideration

Pmin = Comparative price of the lowest acceptable bid

D. Direct Preferencing

20

- Points will be awarded to a Tenderer for attaining their B-BBEE status level contributor in accordance with the table below:

B-BBEE Status Level of Contributor	Number of Points
1	20
2	18
3	16
4	10
5	8
6	6
7	4
8	2
Non-Compliant Contributor	0

Total points for Price and B-BBEE status level must not exceed 100.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

Chief Albert Luthuli Municipality
(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
