General Notes:

The design of the drawing is copyright protected & remains the property of Timocraft Consulting. The project notes are to be read in conjunction with all relevant technical specifications.

All work to be carried out shall be in accordance with the National Building Regulations, Building Standards Act 103 of 1977, "Special Building Provisions" and the relevant Municipal Regulations.

Quality of all materials & workmanship to comply with the relevant S.A.S.S. and S.S.S. specification standards. The work completed shall comply with the standards set out in the relevant technical specifications.

This drawing is not to be used for any other purpose than that for which it was prepared.

Contractor responsible for the correct setting out of the building, all external & all internal walls with particular reference to foundations, building lines, etc. No part of the structure, including roof & sewerage pipes, is to encroach upon the boundary line or adjacent boundary.

Contractors are to locate and identify, if any, existing services on site, and to protect these from damage throughout the duration of the works.

Refer to the relevant construction drawings for coordination of work. The work of all disciplines shall be carefully coordinated with the construction supervisor of the building.

All relevant details, levels & dimensions to be included on site prior to commencement of work. Any queries are to be forwarded immediately to the architect.

Discrepancies between drawings & details shall be brought to the immediate attention of the project manager and the architect.

Architect's drawings & details shall show design intent and are meant to be indicative of the profile and detailing required for the work.

Architect's decision on the construction interpretation shall be final and binding.

Notes: only portions of the building or parts of the building are shown in this drawing. Not indicated walls of work have been or proposed level & to all windows, doors, gates or other openings to external walls. Shaded drawings due to all external walls with walls with openings or no walls. Not shown drawings. See the site plan (1000) above (1:1).

Any queries arising from this drawing must be reported to the architect for clarification before any work is put in place. It is the responsibility of the contractor to ensure that the drawing is correct and that the work is done in accordance with the drawing.
