Note: This clause does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the CCT elect to do so.

### 2.3.1 Respond to requests from the tenderer

**2.3.1.1** Unless otherwise stated in the Conditions of Tender, the CCT shall respond to a request for clarification received up to one week (where possible) before the tender closing time stated on the front page of the tender document.

**2.3.1.2** The CCT's duly authorised representative for the purpose of this tender is stated on the General Tender Information page above.

### 2.3.2 Issue Notices

If necessary, the CCT may issue addenda in writing that may amend or amplify the tender documents to each tenderer during the period from the date the tender documents are available until one week before the tender closing time stated in the Tender Data. The CCT reserves its rights to issue addenda less than one week before the tender closing time in exceptional circumstances. If, as a result a tenderer applies for an extension to the closing time stated on the front page of the tender document, the CCT may grant such extension and, shall then notify all tenderers who drew documents.

Notwithstanding any requests for confirmation of receipt of notices issued, the tenderer shall be deemed to have received such notices if the CCT can show proof of transmission thereof via electronic mail, facsimile or registered post.

### 2.3.3 Opening of tender submissions

**2.3.3.1** Unless the two-envelope system is to be followed, CCT shall open tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the Conditions of Tender.

Tenders will be opened immediately after the closing time for receipt of tenders as stated on the front page of the tender document, or as stated in any Notice extending the closing date and at the closing venue as stated in the General Tender Information.

**2.3.3.2** Announce at the meeting held immediately after the opening of tender submissions, at the closing venue as stated in the General Tender Information, the name of each tenderer whose tender offer is opened and, where possible, the prices indicated.

**2.3.3.3** Make available a record of the details announced at the tender opening meeting on the CCT's website (<http://www.capetown.gov.za/en/SupplyChainManagement/Pages/default.aspx>.)

**2.3.4 two-envelope system**

**2.3.4.1** Where stated in the Conditions of Tender that a two-envelope system is to be followed, the CCT shall open only the technical proposal of tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the Conditions of Tender and announce the name of each tenderer whose technical proposal is opened.

**2.3.4.2** The CCT shall evaluate the quality of the technical proposals offered by tenderers, then advise tenderers who have submitted responsive technical proposals of the time and place when the financial proposals will be opened. The CCT shall open only the financial proposals of tenderers, who have submitted responsive technical proposals in accordance with the requirements as stated in the Conditions of Tender, and announce the total price and any preference claimed. Return unopened financial proposals to tenderers whose technical proposals were non responsive.

**2.3.5 Non-disclosure**

The CCT shall not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

**2.3.6 Grounds for rejection and disqualification**

The CCT shall determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

**2.3.7 Test for responsiveness**

**2.3.7.1** Appoint a Bid Evaluation Committee and determine after opening whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

**2.3.7.2** A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the CCT's opinion, would:

- a) Detrimently affect the scope, quality, or performance of the goods, services or supply identified in the Specifications,
- b) Significantly change the CCT's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of any material deviation or qualification.

The CCT reserves the right to accept a tender offer which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender documents.

**2.3.8 Arithmetical errors, omissions and discrepancies**

**2.3.8.1** Check the responsive tenders for:

- a) The gross misplacement of the decimal point in any unit rate;
- b) Omissions made in completing the Price Schedule; or
- c) Arithmetic errors in:

**TENDER NO: 229S/2023/24 WOODSTOCK HOSPITAL FACILITIES**

- i) line item totals resulting from the product of a unit rate and a quantity in the Price Schedule; or
- ii) The summation of the prices; or
- iii) Calculation of individual rates.

**2.3.8.2** The CCT must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as tendered shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if Price Schedules apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

**2.3.8.3** In the event of tendered rates or lump sums being declared by the CCT to be unacceptable to it because they are not priced, either excessively low or high, or not in proper balance with other rates or lump sums, the tenderer may be required to produce evidence and advance arguments in support of the tendered rates or lump sums objected to. If, after submission of such evidence and any further evidence requested, the CCT is still not satisfied with the tendered rates or lump sums objected to, it may request the tenderer to amend these rates and lump sums along the lines indicated by it.

The tenderer will then have the option to alter and/or amend the rates and lump sums objected to and such other related amounts as are agreed on by the CCT, but this shall be done without altering the tender offer in accordance with this clause.

Should the tenderer fail to amend his tender in a manner acceptable to and within the time stated by the CCT, the CCT may declare the tender as non-responsive.

**2.3.9 Clarification of a tender offer**

The CCT may, after the closing date, request additional information or clarification from tenderers, in writing on any matter affecting the evaluation of the tender offer or that could give rise to ambiguity in a contract arising from the tender offer, which written request and related response shall not change or affect their competitive position or the substance of their offer. Such request may only be made in writing by the Director: Supply Chain Management using any means as appropriate.

**2.3.10 Evaluation of tender offers**

**2.3.10.1 General**

**2.3.10.1.1** The CCT may reduce each responsive tender offer to a comparative price and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the Conditions of Tender.

**2.3.10.1.2** For evaluation purposes only, the effects of the relevant contract price adjustment methods will be considered in the determination of comparative prices as follows:

- a) If the selected method is based on bidders supplying rates or percentages for outer years, comparative prices would be determined over the entire contract period based on such rates or percentages.
- b) If the selected method is based on a formula, indices, coefficients, etc. that is the same for all bidders during the contract period, comparative prices would be the prices as tendered for year one.
- c) If the selected method is based on a formula, indices, coefficients, etc. that varies between bidders, comparative prices would be determined over the entire contract period based on

**TENDER NO: 229S/2023/24 WOODSTOCK HOSPITAL FACILITIES**

published indices relevant during the 12 months prior to the closing date of tenders.

- d) If the selected method includes an imported content requiring rate of exchange variation, comparative prices would be determined based on the exchange rates tendered for the prices as tendered for year one. The rand equivalent of the applicable currency 14 days prior to the closing date of tender will be used (the CCT will check all quoted rates against those supplied by its own bank).
- e) If the selected method is based on suppliers' price lists, comparative prices would be the prices as tendered for year one.
- f) If the selected method is based on suppliers' price lists and / or rate of exchange, comparative prices would be determined as tendered for year one whilst taking into account the tendered percentage subject to rate of exchange (see sub clause (d) for details on the calculation of the rate of exchange).

**2.3.10.1.3** Where the scoring of functionality forms part of a bid process, each member of the Bid Evaluation Committee must individually score functionality. The individual scores must then be interrogated and calibrated if required where there are significant discrepancies. The individual scores must then be added together and averaged to determine the final score.

**2.3.10.2 Decimal places**

Score financial offers, preferences and functionality, as relevant, to two decimal places.

**2.3.10.3 Scoring of tenders (price and preference)**

**2.3.10.3.1** Points for price will be allocated in accordance with the formula set out in this clause based on the price per item / rates as set out in the **Price Schedule (Section 7)**:

- Based on the sum of the prices/rates in relation to the estimated quantities.

**2.3.10.3.2** Points for preference will be allocated in accordance with the provisions of **Preference Schedule** and the table in this clause.

**2.3.10.3.3** The terms and conditions of **Preference Schedule** as it relates to preference shall apply in all respects to the tender evaluation process and any subsequent contract.

**2.3.10.3.4** Applicable formula:

The 80/20 preference point system will apply to this tender

The 80/20 price/preference points system will be applied to the evaluation of responsive tenders up to and including a Rand value of R50'000'000 (all applicable taxes included), whereby the order(s) will be placed with the tenderer(s) scoring the highest total number of adjudication points.

Price shall be scored as follows:

$$Ps = 80 \times \left( 1 - \frac{(Pt - Pmin)}{Pmin} \right)$$

Where: Ps is the number of points scored for price;  
 Pt is the price of the tender under consideration;  
 Pmin is the price of the lowest responsive tender.

Preference points shall be based on the Specific Goal as per below:

**Table B1: Awards above R750 000 and up to R50 mil (VAT Inclusive)**

#	Specific goals allocated points	Preference Points (80/20) <i>Equal/ below R50 mil</i>	Evidence	Additional Guidance

**2.3.10.5 Risk Analysis**

Notwithstanding compliance with regard to any requirements of the tender, the CCT will perform a risk analysis in respect of the following:

- a) reasonableness of the financial offer
- b) reasonableness of unit rates and prices
- c) the tenderer's ability to fulfil its obligations in terms of the tender document, that is, that the tenderer can demonstrate that he/she possesses the necessary professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, capacity, experience, reputation, personnel to perform the contract, etc.; the CCT reserves the right to consider a tenderer's existing contracts with the CCT in this regard

## TENDER NO: 229S/2023/24 WOODSTOCK HOSPITAL FACILITIES

- d) any other matter relating to the submitted bid, the tendering entity, matters of compliance, verification of submitted information and documents, etc.

The conclusions drawn from this risk analysis will be used by the CCT in determining the acceptability of the tender offer.

No tenderer will be recommended for an award unless the tenderer has demonstrated to the satisfaction of the CCT that he/she has the resources and skills required.

### 2.3.11 Negotiations with preferred tenderers

The CCT may negotiate the final terms of a contract with tenderers identified through a competitive tendering process as preferred tenderers provided that such negotiation:

- a) Does not allow any preferred tenderer a second or unfair opportunity;
- b) Is not to the detriment of any other tenderer; and
- c) Does not lead to a higher price than the tender as submitted.

If negotiations fail to result in acceptable contract terms, the City Manager (or his delegated authority) may terminate the negotiations and cancel the tender, or invite the next ranked tenderer for negotiations. The original preferred tenderer should be informed of the reasons for termination of the negotiations. If the decision is to invite the next highest ranked tenderer for negotiations, the failed earlier negotiations may not be reopened by the CCT.

Minutes of any such negotiations shall be kept for record purposes.

The provisions of this clause will be equally applicable to any invitation to negotiate with any other tenderers.

In terms of the CCT's SCM Policy, tenders must be cancelled in the event that negotiations fail to achieve a market related price with any of the three highest scoring tenderers.

### 2.3.12 Acceptance of tender offer

Notwithstanding any other provisions contained in the tender document, the CCT reserves the right to:

**2.3.12.1** Accept a tender offer(s) which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender document.

**2.3.12.2** Accept the whole tender or part of a tender or any item or part of any item or items from multiple manufacturers, or to accept more than one tender (in the event of a number of items being offered), and the CCT is not obliged to accept the lowest or any tender.

**2.3.12.3** Accept the tender offer(s), if in the opinion of the CCT, it does not present any material risk and only if the tenderer(s):

- a) is not under restrictions, has any principals who are under restrictions, or is not currently a supplier to whom notice has been served for abuse of the supply chain management system, preventing participation in the CCT's procurement,
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,
- c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act, 2008, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing, complies with the legal requirements, if any, stated in the tender data, and
- e) is able, in the opinion of the CCT, to perform the contract free of conflicts of interest.

If an award cannot be made in terms of anything contained herein, the CCT reserves the right

## TENDER NO: 229S/2023/24 WOODSTOCK HOSPITAL FACILITIES

to consider the next ranked tenderer(s).

**2.3.12.4** The CCT reserves the right not to make an award, or revoke an award already made, where the implementation of the contract may result in reputational risk or harm to the CCT as a result of (inter alia):

- a) reports of poor governance or unethical behaviour, or both;
- b) association with known notorious individuals and family of notorious individuals;
- c) poor performance issues, known to the CCT;
- d) negative media reports, including negative social media reports;

## C.5 SPECIFICATION(S)

### A. BACKGROUND

#### 1. PURPOSE

The City requires a service provider (preferably a SHRA Fully accredited Social Housing Institution) for the management of Woodstock Hospital which is currently occupied. The City intends to redevelop the hospital for social housing purposes however requires a service provider who will manage the facility in its current state prior to and during the redevelopment of the property.

The City acquired Woodstock Hospital from the Western Province Government (WCG) in September 2020 for the intended social housing development. Currently the premises are not formally managed by a City appointed facilities manager. The City renders some services to the property which include security, refuse collection and emergency repairs and maintenance.

The City recognises the community leadership structures that have been established by the occupants in the facility and seeks to use this tender to augment the services being provided and engender greater community empowerment. In this light, the City seeks to bring on-board additional operational support in the creation of a safe and harmonious living environment for the occupants. Whilst a certain operational structure has been proposed, the City recognizes that other permutations may emerge which enable greater alignment with the prevailing needs at the facility. The proposed services must be seen as variables that can be re-arranged to ensure optimal management of the property.

Currently the City has appointed a management agent to respond to numerous issues related to the occupation of the property such as safety and security within the property and surrounding properties; health hazards; electrical safety; fire protection; protection of women and children within the property; administrative capacity to manage the register of occupants; ongoing maintenance requirements; and access control into the facility. The management agent functions as a dedicated resource that addresses the breadth of the operational issues in a structured and co-ordinated manner in cooperation with the Community. The current contract is due to expire on 17 August 2025, hence the City through this tender process is inviting suitably qualified service providers to render the facilities management service at the Woodstock Hospital.

#### 2. THE SITE

Woodstock Hospital is located on 15 erven, namely 13130, 13131, 13133, 13134, 13135, 13138, 13139, 13140, 13143, 13144, 13146, 14011, 14013, 14014 and 14015, Woodstock, and its physical address is at 77 Mountain Road, Woodstock, Western Cape. The property occupies an entire block and is bounded by Mountain Road, Earl Street, Nerina Street and Victoria Walk. The property is also known as the Cissie Gool House by the occupants.

Photo 1 : Woodstock Hospital Site

The property measures 18 411m<sup>2</sup> in extent and consists of a building that was historically used as the Woodstock Hospital which fell under the auspices of the WCG. The hospital was closed on the 31st December 1992, including the Nurses Home (or staff accommodation). Most of the buildings became vacant at that time except for the

**TENDER NO: 229S/2023/24 - WOODSTOCK HOSPITAL FACILITIES MANAGEMENT**

portion occupied by a primary health care facility later renamed Woodstock Community Day Centre used as a men’s clinic which stopped operating in 2018.

The property has 5 accesses from Mountain Road and Victoria Walk. Only 3 of the entrances are currently in operation which are all accessible on Mountain rd. All other entrances are locked and there are security officers posted thereto.

**3. THE BUILDING**

The Woodstock hospital site comprises of six (6) different blocks which a connected by a central corridor spine. The various blocks were used previously for the main hospital as well as staff accommodation. The staff accommodation is dormitory-style accommodation with communal bathrooms and toilet facilities. The hospital section is comprised of wards, offices, reception areas and bathroom facilities. The section along Nerina Street which has also been occupied was previously used as an incinerator by the hospital and therefore contains hazardous wastes. A total number of ninety-one (91) toilets are on the property. The said toilets are all operational, however it should be noted that the toilets in one of the blocks is not linked to the water supply and therefore can only be flushed when the cisterns are filled manually with water.

**Photo 1 : Central corridor spine linking the blocks**

In 2019, the City commissioned a feasibility study on the redevelopment potential of the property. The study included an analysis of the engineering services at the property whose findings have been summarised below.

**3.1. FIRE PROTECTION**

Fire prevention installation has been vandalised and decommissioned for a considerable time. The fire system (fire hose reels) to the building is non-operational. The system is disconnected from the water reticulation and in many instances the hose pipes are non-existent. Chemical fire extinguishers (in the event fire Class B or C) are missing or not operational. Measures are being devised to enable appropriate responses in the event of a fire to the property.

**Photo 2: Detective fire hose reels**

### 3.2. SEWER AND WATER

The Sewer and Water systems were designed to accommodate the requirements of a hospital and are not suitable to accommodate a housing complex. The occupation of the property has put strain on these services resulting in repetitive blockages to the sewer infrastructure.

**Photo 3: Blocked sewer manhole**

### 3.3. ELECTRICAL

The poor state of electrical reticulation further exacerbates the fire risks in the property. The sub-standard supply, illegal tampering of supply and lack of safety measures with the provision of electricity is posing a risk to the occupants. The extent of the poor state of electrical infrastructure, including distribution boards, is widespread in the building.

**Photo 4: Informal electrical connections**

### 3.4. STORMWATER

The stormwater infrastructure is also in a state of disrepair resulting in blockages which are causing stagnation of water resulting in unhealthy conditions.

## 4. THE OCCUPATION

The number of occupants has been gradually increasing since the property was first occupied by approximately ten (10) families in March 2017. The City undertook a survey of the occupants in January 2019 which indicated that at the time a total of 697 individuals including children were occupying the property. A court interdict was subsequently granted by the High Court of South Africa (Western Cape Division) in January 2019 preventing further occupation of the property. In spite of the court interdict, the number of occupants have continued to increase. The exact number of occupants at the facility is undetermined and is subject to an enumeration being under taken.

#### **4.1. LIVING ARRANGEMENTS**

All the blocks at the Woodstock Hospital have now been occupied by approximately 1200 people including children are occupying 335 rooms. Each room is occupying a maximum number of four family members or less. There is no uniformity in the room size allocated to each family. Certain rooms are being separated by making use of boards and different types of informal materials. The occupation also includes spaza shops and daycare facilities to service the occupants.

A mapping exercise was undertaken by the Development Action Group (DAG) to visually capture the living arrangements of the occupants. The relevant document will be made available to the winning tenderer as part of the baseline information needed to set up operational systems at the property.

Although the entire hospital has been occupied, the internal space has not been used optimally with large redundant spaces in between which offer an opportunity for redistributing households around the property once redevelopment of the property commences.

Most of the occupants represent individuals who were evicted from the different parts of the Woodstock and Salt River neighbourhood and also include individuals from other parts of the City. Generally, the residents have organised themselves in accordance with the previous areas they lived in prior to moving the Woodstock Hospital hence the naming of the sections: Gate 1, Albert Road Gate, Garden Route Gate, Lower Garden Route Gate, Long Street Gate and Azania. The Azania occupants are primarily comprised of students.

#### **4.2. LEADERSHIP STRUCTURES**

There are two main social structures present at the premises namely Reclaim the City who are occupying the main hospital and staff accommodation as well as Azania occupying the block along Nerina Street. They have established leadership structures for the different sections of the premises and have established operational systems which include establishment of house rules, night time patrolling of the premises and limited maintenance and repairs. Key to the winning tenderer's functions will be the ability to forge relationships with these structures in the rendering of services to the property.

**Photo 5: Azania Section- Former hospital incinerator**

### **5. CITY SERVICES**

#### **5.1. REFUSE COLLECTION**

The City started a refuse removal service at the property in April 2019 to mitigate the health risk due to dumping on site. There are presently 40 refuse bins on site which are being emptied three times per week. Accumulation of refuse, rubble and other debris between the blocks and in the swimming pool is still evident at the property. The City is in the process of increasing the number of refuse bins at the property.

#### **5.2. MAINTENANCE AND EMERGENCY REPAIRS**

A feasibility study undertaken on the property revealed that the sewer and electrical system on the property cannot be fixed but there is a need to install a new sewer and electrical system altogether as part of the redevelopment of the property. The City has been conducting minor repairs and maintenance on the property to avert serious immediate health and safety risks to persons.

#### **5.3. TRANSVERSAL APPROACH**

## **TENDER NO: 229S/2023/24 - WOODSTOCK HOSPITAL FACILITIES MANAGEMENT**

Different City department are responsible for monitoring and responding to issues arising at the Woodstock Hospital which include Human Settlements Planning, Health and Environmental Services, Public Participation, Fire Department, Law Enforcement, Legal, Safety and Security, Sub-Council and local Ward Councillors.

### **A. SCOPE OF SERVICES**

#### **1. OVERVIEW**

The management of the facilities and occupants requires a very hands-on approach with full time 24/7 presence at the facility. While the facility remains the property of the City, the City intends, via this tender, to enter into a management agency agreement with a suitably capacitated entity (preferably a non-profit organisation) to undertake the management and administration of the facility. The majority of the residents at the Woodstock Hospital are predominantly Afrikaans speaking. It is vital that the employees who will render services to the Woodstock Hospital are able to converse with the residents in the language.

The Management Agent must render their services in accordance with the performance standards in Performance standards to be developed post contract award and implement any corrective measures that have been agreed with the City within 14 (fourteen) days of receipt of written notification from the City. The Management Agent is required to represent and warrant to the City that it and its employees, agents and subcontractors have the necessary facilities, skills, know-how and expertise to render the services in accordance with the provisions of this tender. The Management Agent shall perform the services as expeditiously as possible, using reasonable skill and care, in a professional and diligent manner and in accordance with the stipulated performance standards.

The Management Agent must ensure that it complies with the substantive provisions of the Protection of Personal Information Act, 4 of 2013, in relation to the lawful collection, storage and processing of third party personal information.

The management agent must table all documents and systems developed for the management of the Woodstock Hospital and/or the Occupants with the City for authorization prior to their implementation. All documents, standard operating procedures, programmes, reports, manuals and/or systems developed for the Municipality, shall belong to the City and form part of the City's intellectual property.

The City and the management agent will meet on a monthly basis to discuss issues related to the implementation of this contract.

#### **1.1. SECTIONAL MANAGEMENT**

The configuration of Woodstock Hospital necessitates sectional management operational be adopted where resources are deployed to the individual blocks. In addition, there should be overarching administrative responsibilities which oversee the entire property. The most practical approach is to distribute resources that are required on a daily basis to the 6 different blocks.

#### **1.2. FUTURE REDEVELOPMENT OF THE PROPERTY**

The tenderer is hereby informed that there will be broader development of the site which may trigger a review of the existing contract with the management agent. In this respect, the City is currently in the process of exploring a phased redevelopment strategy which may require a reorganizing of household around the facility to free up sections for redevelopment. The tenderer will be given six months written notice should the planned development start before the expiry of the contract with the management agent.

#### **1.3. WORKING ARRANGEMENTS**

The contract to be entered into with the management agent requires that all staff members appointed perform their functional responsibilities at the premises, with the exception of engagements with key stakeholders relevant to the services being delivered at the facility. Under no circumstances will working from home arrangements be entertained by the City. Should appointed staff members fail to report for duty, then the management agent should make alternative arrangements to ensure continued uninterrupted service provision at the facility.

#### **1.4. GUIDELINES AND ASSESSMENTS OF THE PROPERTY**

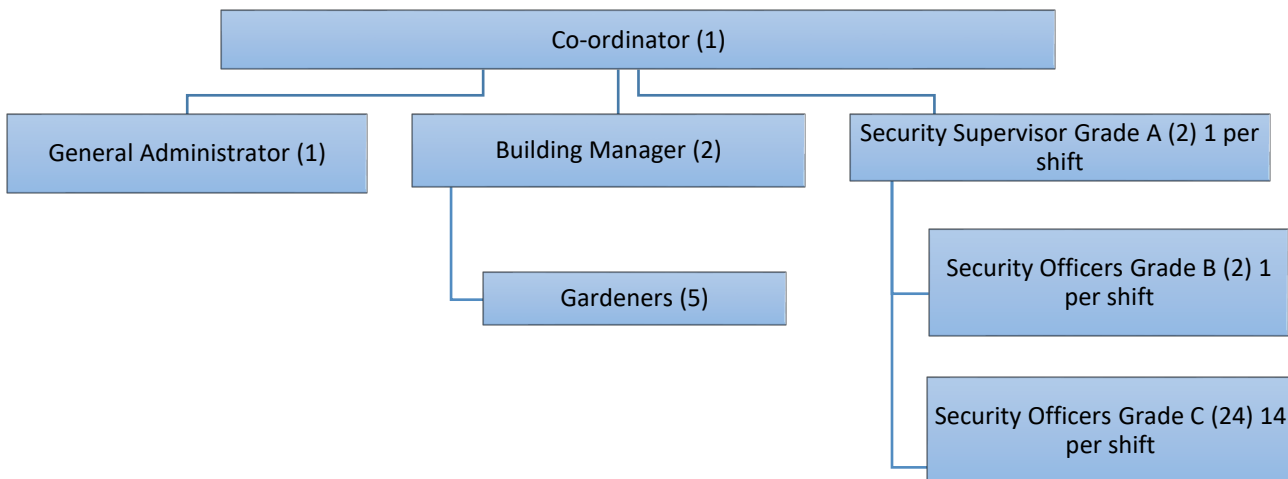

Performance standards to be developed, agreed upon and signed within 30 days of award.

**1.5. ORGANOGRAM**

The following organogram is proposed for the management of the Woodstock Hospital which will be subject to review and adjustment if necessary to respond to the operational requirements within the premises. Any adjustments will pertain to the number of staff members deployed for the different services to be delivered under the contract. This adjustment should be agreed upon by the two parties. Should the services being delivered be found to be ineffective in meeting the objectives of this contract or there be legislative changes that impact on the operational management of the Woodstock Hospital; then the necessary adjustments to the duties of the different staff members may be undertaken within the scope that an individual within that role is reasonably expected to perform. These adjustments will be reflected in the performance standards that will form part of the contract.

To this end, the City reserves the right to adjust the scope of services provided under the contract which may include the downscaling of services.

Should the employment contracts with key staff members indicated in the tender document be terminated due to poor performance or the lapsing of the contract period; then this should be communicated to the City and the employee should be replaced by an individual that meets the qualifications and criteria that have been stipulated in the tender document. A recommendation for the preferred Candidate to be sent to the City prior to appointment.

**1.6. FACILITY ESTABLISHMENT**

The City will provide office furniture and cleaning equipment.

**1.7. MANAGEMENT AGENT SERVICES**

- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organisation acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention of such is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier, who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal, the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.
- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of the GCC.

### **9. Packing**

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in the SCC, and in any subsequent instructions ordered by the purchaser.

- (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
- (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the Parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the Parties and shall not exceed the prevailing rates charged to other Parties by the supplier for similar services.

- (b) in the event of termination of production of the spare parts:
  - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
  - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

## **15. Warranty**

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications), or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for 12 (twelve) months after the goods, or any portion thereof, as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for 18 (eighteen) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in the SCC.

15.3 The purchaser shall notify the supplier promptly, in writing, of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in the SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

## **TENDER NO: 229S/2023/24 - WOODSTOCK HOSPITAL FACILITIES MANAGEMENT**

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in the SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

### **16. Payment**

16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in the SCC.

16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of any other obligations stipulated in the contract.

16.4 Payment will be made in Rand unless otherwise stipulated in the SCC.

### **17. Prices**

17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices tendered by the supplier in his bid, with the exception of any price adjustments authorized in the SCC or in the purchaser's request for bid validity extension, as the case may be.

### **18. Contract Amendments**

18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the Parties concerned.

### **19. Assignment**

19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

### **20. Subcontracts**

20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

### **21. Delays in the supplier's performance**

21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2 If at any time during the performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his or her discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the Parties by amendment of contract.

21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.

21.4 The right is reserved to procure, outside of the contract, small quantities of supplies; or to have minor essential services executed if an emergency arises, or the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

## TENDER NO: 229S/2023/24 - WOODSTOCK HOSPITAL FACILITIES MANAGEMENT

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and, without prejudice to his other rights, be entitled to claim damages from the supplier.

### 22. Penalties

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services, using the current prime interest rate, calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

### 23. Termination for default

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than 14 (fourteen) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated 14 (fourteen) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer/Authority will, at the discretion of the Accounting Officer/Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person is or was, in the opinion of the Accounting Officer/Authority, actively associated.

23.6 If a restriction is imposed, the purchaser must, within 5 (five) working days of such imposition, furnish the National Treasury with the following information:

- (i) the name and address of the supplier and/or person restricted by the purchaser;
- (ii) the date of commencement of the restriction;
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, Act 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the

## **TENDER NO: 229S/2023/24 - WOODSTOCK HOSPITAL FACILITIES MANAGEMENT**

Register, the person will be prohibited from doing business with the public sector for a period of not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction, and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

### **24. Anti-dumping and countervailing duties and rights**

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidised import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall, on demand, be paid forthwith by the contractor to the State, or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he or she delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him or her.

### **25. Force majeure**

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if, and to the extent that, his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

25.2 If a force majeure situation arises, the supplier shall notify the purchaser promptly, in writing, of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

### **26. Termination for insolvency**

26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

### **27. Settlement of Disputes**

27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the Parties shall make every effort to resolve such dispute or difference amicably, by mutual consultation.

27.2 If, after 30 (thirty) days, the Parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

- (a) the Parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
- (b) the purchaser shall pay the supplier any monies due to the supplier.

### **28. Limitation of Liability**

28.1 Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6:

## **TENDER NO: 229S/2023/24 - WOODSTOCK HOSPITAL FACILITIES MANAGEMENT**

- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
- (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

### **29. Governing language**

29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the Parties shall also be written in English.

### **30. Applicable Law**

30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified in the SCC.

### **31. Notices**

31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail, and any other notice to him shall be posted by ordinary mail, to the address furnished in his bid or to the address notified later by him in writing; and such posting shall be deemed to be proper service of such notice.

31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

### **32. Taxes and Duties**

32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, licence fees, and other such levies imposed outside the purchaser's country.

32.2 A local supplier shall be entirely responsible for all taxes, duties, licence fees, etc., incurred until delivery of the contracted goods to the purchaser.

32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.

### **33. National Industrial Participation (NIP) Programme**

33.1 The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.

### **34 Prohibition of Restrictive practices**

34.1 In terms of section 4 (1) (b) (iii) of the Competition Act, Act 89 of 1998, as amended, an agreement between or concerted practice by firms, or a decision by an association of firms, is prohibited if it is between Parties in a horizontal relationship and if a bidder(s) is/are or a contractor(s) was/were involved in collusive bidding (or bid rigging).

34.2 If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has/have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act, Act 89 of 1998.

34.3 If a bidder(s) or contractor(s) has/have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and/or terminate the contract in whole or part, and/or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding 10 (ten) years and/or claim damages from the bidder(s) or contractor(s) concerned.
