No.	QUESTIONS ASKED BY THE TENDERERS	ESKOM’S RESPONSE
1.	Tenderer requested clarification as follows : “We currently have a contract with Eskom for the exact same items for the whole of Western Cape. Could you guys not latch onto that contract? Please clarify with us on that so that we can know the way forward.”	This contract is for Peaking Generation and will not only be for the Western Cape. It will cover all sites within Peaking Generation which are also located in other provinces as well. We cannot latch onto other Business Unit contracts unless it is a National Contract for which provision has been made for a particular business unit to be included.
