2. PROJECT BACKGROUND AND OBJECTIVES

2.1. Project background

The Department of Public Works and Infrastructure (DPWI) has identified the need to construct modular steel bridge structures across the country to provide safe access for rural communities to social infrastructure and basic services such as schools, hospitals, clinics, community centres and economic opportunities outside their immediate vicinity. This is being done under the programme called Welisizwe Rural Bridges Programme. This programme was gazetted as Strategic Integrated Project 25 (SIP 25) in July 2020. As a SIP, the Presidential Infrastructure Coordinating Commission Technical Task Team (PICC TTT) is assisting DPWI with the implementation of the programme.

The Welisizwe Rural Bridges Programme is a continuation and in the acceleration phase of Phase 1 of the installation of modular steel bridges. During Phase 1, from 2009 to mid-2022 the Welisizwe Rural Bridges Programme saw the installation of 76 bridges in the Eastern Cape, KwaZulu Natal and Gauteng. This was funded primarily through the Provincial Departments of Roads and Transport and implemented by DPWI in collaboration with SANDF SA Army Engineer Formation.

A funding application was made in June 2022 to National Treasury (Budget Facility for Infrastructure) for the acceleration and implementation of Phase 2 of the Welisizwe Rural Bridges Programme; 480 bridges over the 2022/2023 to 2026/27 five-year period, with 96 bridges per Financial Year. The target of 96 bridges per financial year is in line with the SONA2022 commitments of the President of upscaling the Welisizwe Rural Bridges Programme to deliver 96 bridges a year.

The Programme is currently being implemented in six provinces, namely: KwaZulu Natal, Eastern Cape, North-West, Free State, Mpumalanga, and Limpopo.

Note: These provinces have been grouped into three different clusters. Bidders must indicate, in the table below, with a cross (X) the Cluster the bidder is bidding for. Bidders can only participate in one Cluster. Each cluster will be evaluated independently.

CLUSTER NO.	PROVINCE NAMES	NO. OF BRIDGES	PLEASE MARK (X)
1	KwaZulu Natal (17) and Eastern Cape (17)	34	
2	Free State (14) and North West (14)	28	
3	Limpopo (17) and Mpumalanga (17)	34	

Note: Bidders must refer to Annexure 9 for details of the bridge locations for the different Provinces.

2.2. The objectives, outcomes, and targets that the proposal seeks to achieve.

The objective of this RFP is to source for a service provider who will provide technical engineering advise to the Welisizwe Bridge Programme. The service provider will conduct hydrological studies that will guide the bridge designers to provide best design scenario providing safe and cost-effective bridges for the programme.

Sub-Total Disbursements	

Note on pricing:

Disbursements (incidental expenses other than professional fees e.g., travel and accommodation, printing costs, etc.) must be clearly defined, outlining all assumptions. It is of utmost importance to submit clear and comprehensive cost proposals to allow the IDC to fairly compare bid price / cost proposals. If there is no additional fee envisaged for Disbursements, then the bidder must clearly indicate "No Charge / Free of Charge". Failure to clearly indicate this, would result in IDC penalising your bid response by taking the cost of the highest bidder and adding 50% thereto and apply this rate for purposes of price comparisons. Bidders are therefore requested to respond clearly and comprehensively on this aspect of their bid response.
