MBD 9: CERTIFICATE OF INDEPENDENT BID DETERMINATION

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

KHÂI-MA LOCAL MUNICIPALITY

PROCUREMENT OF PROFESSIONAL SERVICE PROVIDERS (PSP) TO SERVE ON PANEL OF PROFESSIONAL CONSULTING ENGINEERS FOR MULTIDISCIPLINARY PROJECTS FOR A FOR A PERIOD OF THREE (3) YEARS

PART C4: SITE INFORMATION

Khâi-Ma Local Municipality is situated in the northwestern part of South Africa, within the Northern Cape Province. As one of six municipalities in the Namakwa District, it covers approximately 15,715 square kilometres, accounting for about 12% of the district's area. The municipality shares its western border with Namibia, positioning it as a significant area for cross-border interactions.

The administrative centre of Khâi-Ma is the town of Pofadder, located roughly 220 kilometres west of Upington and 165 kilometres east of Springbok. The N14 national road traverses the municipality, connecting Pofadder to other key towns and facilitating transportation and trade. Along this route lies Aggeneys, a town established in the 1970s primarily to support mining activities in the region. Aggeneys is notable for its rich mineral deposits, particularly in zinc, lead, copper, and silver. The Black Mountain Mine, operated by Vedanta Zinc International (VZI), is a prominent underground mining operation in the area. Additionally, the nearby Gamsberg Zinc Mine contributes significantly to the local economy.

According to the 2011 Census, the Municipality had a population of 12,465. More recent data from the 2016 Community Survey indicates a population of 12,571, reflecting a modest growth of approximately 0.85% over five years. This population growth is anticipated to accelerate with the development of the Namakwa SEZ, which is expected to attract workers and their families to the area.

Overall, the Municipality is emerging as a potential taking up a vital role in the mining sector of South Africa, with its strategic location along the N14 and proximity to Namibia enhancing its economic and logistical significance. The establishment of the Namakwa SEZ is poised to transform the local and regional economy, fostering infrastructure development, skills enhancement, and increased economic activity in the Khâi-Ma municipal area and the broader Namakwa District. The municipality primarily serves the following towns:

- Onseepkans (Melkbosrand, Viljoensdraai and R K Sending)
- Pofadder
- Pella
- Witbank
- Khâi-Ma Local Municipality (areas not listed above)

Notes:

Where the entity Tendering is a joint venture a score for track record will be awarded to each party to the joint venture, which will then be combined in proportion to the percentage contribution of each party to the joint venture.

CRITERION 2(a): DESCRIPTION OF PROJECT DISCIPLINE QUALITY CRITERIA: DESIGN EXPERIENCE

Quality points to be scored for the design experience will be scored as indicated in the breakdown on the scoresheet. It is important to note that the objective of the municipality is to appoint a panel of Professional Service Providers (PSP) and reserves the right to procure the most suitable PSP per category. It is further important to note that a bidder can only obtain a maximum of 15 points per category or 15 points for all the categories. If a bidder only bids for 1 category the bidder achieves the full 15 points. If the bidder bids for more than one category or all the categories the bidder also only achieves the max 15 points provided the min design experience was scored. **During evaluation each specific categories tendered by Bidders will be reduced to a comparative offer in order to get to the preferred bidder/s for that specific category.**
