1.2. Transformation – BBBEE Retention or Improvement Plan

Transformation remains an area of focus, where ERI continuously strives to align itself with national transformation imperatives to unlock growth, drive industrialisation, create employment and contribute to skills development.

ERI encourages its suppliers to constantly strive to improve their B-BBEE rating. Whereas Respondents will be allocated points in terms of a preference point system based on its B-BBEE scorecard, ERI also requests that Respondents submit B-BBEE improvement plan.

Respondents are therefore requested to indicate the extent to which they will maintain (only if the Respondent is a Level 1) or improve their B-BBEE status over the contract period. Respondents are requested to submit their B-BBEE Improvement Plan as an essential document with their bid.

Respondents with a B-BBEE recognition status of Level 5 to Level 8 or non-compliant, shall migrate and achieve as a non-negotiable a milestone of Level 4 by the end of the first year of the contract and thereafter improve by at least one B-BBEE Level higher of each year from the second year of the contract onwards.

Considering the overall budget, duration of the contract, opportunities for growth in this industry and the industries annual contribution to skills development levies, the successful supplier is obliged to develop skills through a twelve months bursary valued at R80 000.00 per ERI assigned beneficiary at a registered and accredited South African university, for every R4.8 million invoiced of the cumulative contract amount.

The skills development commitment shall be carried out within one month of reaching or exceeding the R4.8 million threshold.
