1 Introduction

Eskom Holdings Ltd and its subsidiaries (hereinafter referred to as “Eskom”) utilises contractors for procurement of labour and services (hereinafter referred to as “Contractors”). This procedure document stipulates the tax treatment of payments made to these Contractors as of 1st March 2009.

2 Policy Statement: Tax Treatment of Payments to Contractors

2.1.1 Companies / Close Corporation/ Trusts

PAYE must be withheld from all payments to a Company, CC or Trust that is a Personal Service Provider as defined in the Fourth Schedule to the Income Tax Act.

The evaluation questionnaire in **Annex A** should be used to determine if the Company, CC or Trust is a Personal Service Provider as defined in the Income Tax Act.

The tax rate to be used to determine the amount of PAYE to be withheld will be communicated by the Corporate Tax Department.

2.1.2 Labour Brokers (Natural Persons)

PAYE must be withheld from all payments to a natural person who is a Labour Broker as defined in the Fourth Schedule to the Income Tax Act, other than a Labour Broker who has provided Eskom with a valid IRP30 certificate.

The evaluation questionnaire in **Annex B** should be used to determine whether a natural person is a Labour Broker as defined in the Income Tax Act.

The tax rate to be used to determine the amount of PAYE to be withheld will be communicated by the Corporate Tax Department.

2.1.3 Dependent Contractors (Natural Persons)

PAYE should be withheld from all payments to a natural person who is not carrying on an independent trade in terms of the definition of Remuneration in the Fourth Schedule to the Income Tax Act.

The evaluation questionnaire in **Annex C** should be used to determine whether a natural person is carrying on an independent trade in terms of the definition of Remuneration in the Income Tax Act.

The EMP10 tables should be used to determine the amount of PAYE to be withheld.

2.1.4 Contractor Classification Decision Tree

The Contractor classification decision tree on page 10 can be used as a guide to assist with the determination of whether PAYE should be withheld from payments to a Contractor.

2.1.5 The Common Law Dominant Impression Test

The common law dominant impression test grid on page 11 can be used as a guide to assist with the determination of whether a Contractor could be regarded as an Independent Contractor (i.e. carries on an independent trade) or person who renders services to Eskom on behalf of a Company, CC or Trust could be regarded as an Employee in relation to Eskom.

2.3 Tax Certificates

2.3.1 IRP 5 Tax Certificate

IRP 5 tax certificates should be issued to the Contractors in respect of each tax year where PAYE has been withheld. A tax year for the purposes of PAYE commences on 1st March and ends on 28th/29th February.

Copies, hard or electronic, of the IRP 5 tax certificates should be submitted to SARS and retained by Eskom for a period of 5 years.

2.3.2 IT 3(a) Tax Certificate

IT 3(a) tax certificates should be issued to the Contractors in respect of each tax year where PAYE has not been withheld. A tax year for the purposes of PAYE commences on 1st March and ends on 28th/29th February.

Copies, hard or electronic, of the IT 3(a) certificates should be submitted to SARS and retained by Eskom for a period of 5 years.

2.4. Calculation of PAYE

PAYE is calculated based on the gross amount payable to the contractor. Where a contractor is registered for VAT, PAYE is calculated on the amount excluding VAT as is illustrated by means of the following example:

Example

Eskom receives a tax invoice from a contractor for a consideration (i.e. VAT inclusive amount) of R114 000. The VAT on the tax invoice is therefore R14 000. PAYE will be calculated on the VAT exclusive amount, i.e. R100 000. Thus, assuming that the applicable PAYE tax rate is 33%, the PAYE amount to be withheld will be R33 000.

The amount to be paid to the contractor will be calculated as follows:

VAT exclusive amount less PAYE	(R100 000 – R33 000)	R67 000
VAT		<u>R14 000</u>
Total Payable		<u>R81 000</u>
