- Where confidentiality is maintained by the Respondent and PRASA is of the opinion that the information or response to RFP if made publicly available would affect the commercial interests of the Respondent or is commercially sensitive information, PRASA shall not release such information to other Respondents if providing such information or response to the RFP would prejudice the competitiveness and transparency of the RFP Process;
- Where PRASA is of the opinion that information provided is not commercially sensitive or would have no impact on the commercial interests of the relevant Respondent if released and fairness and transparency requires that such information be released to all Respondents, PRASA may:
 - i. inform the relevant Respondent of the necessity to release such information and/or response to RFP and request the Respondent to consent to the release thereof by PRASA; or
