Refer to Special Conditions for tender.

4. DEPARTMENT OF EDUCATION STANDARDS

4.1 OFFICE ACCOMMODATION STANDARDS

The provision of offices and support spaces should align to the Department of Public Works, Norms & Standards for Office Accommodation, Notice 1665 of 2005.

Furthermore, the Division of space should align to the Approved Staff Organogram for the Head Office as herein attached (Annexure B).

The bidder will ensure that open-plan offices which will be made available, will accommodate a maximum number of 24 (144m² - 192m²) officials at a time.

Refer to the Accommodation Schedule (Annexure A).

4.2 HEATING, VENTILATION AND AIR CONDITIONING

The ventilation of the building must be in accordance with the requirements of the Occupational Health and Safety Act, 1993 (Act 85 of 1993). The ambient temperature of all centralised air-conditioning units required will be 22°C. (Minimum variance 2°C up or down).

Split units or separately regulated air conditioning units to be installed in cellular offices, meeting rooms and common areas.

Where a building has a central system installed, and such a system is affected by the space planning exercise conducted, the bidder will ensure that the air-conditioning system is adjusted accordingly for regulation to be split per office space.

An air-quality test is to be conducted by a competent person, provided by the bidder prior to the building being occupied by the Gauteng Department of Education, and regular tests/ reports will be required every 6 months.

The air conditioning installation / units must at least have a remaining life expectancy of the lease term with a planned maintenance plan for air-conditioning available. A Mechanical Engineer's assessment report in this regard must be submitted with the RFP (request for approval). Provisioning must be made for the Air-conditioning to be on a timer mechanism. Air conditioning in the server room should not be centralised but have a separate controller. See also items under maintenance.

4.3 TOILET FACILITIES

The bidder shall provide fully functional and/or refurbished ablution including Hygiene equipment as per the Gauteng Department of Education requirements or as otherwise agreed before beneficial occupation of the premises.

The following norms shall be applied:

4.3.1 Sanitary Fittings for Buildings (SANS 10400-1990)

The landlord shall provide fully functional and/or refurbished ablution *(to the satisfaction of the Department)* as per SANS 10400 Part P -DRAINAGE using Tables 5 to 8 for a population of the particular sex for which the minimum provision is to be determined, and Hygiene equipment as per the Gauteng Department of Education requirements or as otherwise agreed before beneficial occupation of the premises by the Gauteng Department of Education. The bidder shall provide ablution facilities for a population above 120 as required by the Gauteng Department of Education.

The following standards shall be applied:

for a population of up to -	Male			Female	
	WC Pans	Urinal	Washbasins	WC Pans	Washbasins
120	3	6	5	9	5
<i>In excess of 120 add:</i>	<i>1 WC, 1 urinal & 1 Basin for every 100</i>			<i>1 WC for every 50</i>	<i>1 Basin for every 100</i>

4.3.2 Sanitary Fixtures for Buildings (SANS 10400-1990)

A waterproof vanity slab (or similar and approved vanity top) around all basins and a mirror to comply with SANS standards. Hot and cold water as per SANS 10252 (SABS 0252-2) to be provided on each basin.

4.3.3 People with Disabilities

People with disabilities have a right of access to the facilities and services that the building offers in any location. Access must be provided to the site and building as well as to every facility in the building. (South Africa, SANS10400 Part S)

Toilet facilities for people with disability (Clients and Staff) must be provided for, according to National Building Regulations, SANS 10400 Part S – Facilities for persons with disabilities, (Annex1). - Maximum allowable travel distance to Disabled WC from any point in the building shall not exceed 100m
- All dimensions & set-out to comply with SANS 10400, part S
- Provide shower facilities for Auxiliary staff in terms of the OHS Act. Facilities must meet the minimum requirements that allows for equal access for users with disabilities.

Image 3: Layout of Disabled Ablution Facility. South Africa, SANS10400 Part S, n.d. SANS 10400. Cape Town: Government Printer.

4.4 WATER SUPPLY

The municipal water supply to the premises shall be metered separately from other tenants. The facility to allow for a backup of water to be used in the facility for at least 8 hours of normal use at the required pressure.

Where there is backup water (reservoir) that will be used for drinking purposes, the bidder will ensure that such water storage systems are adequately maintained and that a water quality test is conducted every 6 months for the duration of the Lease.

The bidder prior to the Gauteng Department of Education occupying the building, will issue an initial water quality test conducted by a competent person.

4.5 ELECTRICAL SUPPLY

The entire electrical installation must comply with the relevant and latest editions of the South African National Standard (SANS) namely SANS 10142. Furthermore, all Occupational Health and Safety (OHS) Regulations must be adhered to. The electrical supply to the premises shall be metered separately from other tenants.

As part of the tender documentation, all prospective Bidders must provide the Department with a certified copy of the Initial Electrical Certificate of Compliance (COC) and all Supplementary Electrical Certificates of Compliance where applicable.

Before the Department occupies the Building, the successful Bidder must provide the Department with an Electrical Certificate of Compliance not older than 6 months. If the building is not compliant then the successful Bidder must ensure that all necessary repairs are carried out at the successful Bidder's expense before the Department occupies the building and an updated Electrical COC handed over to the Department prior to occupation.

The updated Electrical COC must be in accordance with SANS 10142 and must cover the entire leased facility, that is all the floors, basements, parking areas, foyers, rooftops, outdoor areas, electric fencing, electric gates, electric booms, all Standby Power Supply installations, Un-Interruptible Power Supplies and outdoor structures.

The Electrical COC must also cover the electrical supply to the HVAC installation, the electrical supply to all emergency systems such as the fire detection system and the electrical supply to all lifts, escalators, service lifts and fireman's lifts as well as the electrical supply to all security installations, CCTV and alarms.

The power supply, where applicable shall be metered separately and power factor correction equipment shall be installed.

The relevant municipal authority shall also confirm the power supply stability. The installation is to comply with all relevant regulations and by-laws. Sufficient power supply must be provided to increase demand at peak times up to 20% of normal use.

Regarding the electricity account, the prospective Bidder must submit confirmation by the local authority that all fees and owed monies due by the prospective Bidder are paid up to date and that the electricity account is not in arrears.

4.5.1 Standby Power Supply

The Department requires that a Standby Power Supply be available to provide power during a power outage.

If not currently installed, provision must be made, and therefore any program to install and the specification of Standby/ Emergency Power Supply (Generator, Solar Panels etc.) must be submitted as part of the required returnable documentation. The generator should be able to power up the whole building (all electrical equipment including but not limited to, lifts, lighting, plug points etc.) and must be fully functional before the Department of Education takes Beneficial occupation of the building. (Should the building be readily available for occupation, the bidder will ensure that the generator/backup power is installed and functional before conclusion of the Lease Agreement. The bidder shall have a maximum period of one month to ensure the supply and installation of the generator).

The Standby/Emergency Power Supply must engage within 60 seconds or in accordance with the prescribed legislative requirements regarding Fire Safety Regulations and OHS Regulations.

The Standby/Emergency Power Supply, as a minimum is required, to provide power to the following equipment in the event of a power outage for 8 hours or as agreed with the Department of education:

- All lifts including fireman's lift (if applicable) and service lifts.
- Lights including emergency lighting,
- Fire prevention systems (water tank pumps, fire detection systems, fire water pumps, fire alarms, smoke detectors, automated fire windows, fire emergency systems)
- Security systems (alarms, CCTV installations, server rooms, automated doors, access control areas)
- All other emergency related services

4.5.1.1 Generators

Installed generators for the provision of the Standby Power Supply must as a minimum meet the specifications stated in the NRS 098:2008 Guidelines for the Safe Use of Standby/Portable Generators on Utilities' Networks.

The Generator must as minimum be able to meet the Standby Power Supply requirements listed above.

The Generator must have an automatic changeover switch with an appropriate switchover time to allow for minimal disruptions.

An appropriate maintenance plan and maintenance schedule for the generator must be submitted. Training for the operation and maintenance of the generator must be provided by the successful Bidder to the Department before the building is occupied.

The Generator must be started, tested, and run for at least an hour once a month.

A full load test and switching test must be conducted at least yearly.

Suitable storage space must be provided by the successful Bidder for the Generator fuel. This storage space must include fire safety equipment and appropriate signage.

The successful Bidder must ensure that the generator is installed, functional and has an Electrical COC before the Department occupies the building.

4.5.1.2 Solar System

For Solar System Installations, whereby Photovoltaic Cells, Inverters, Batteries etc. are used for the Standby Power Supply, the installation must as minimum be able to meet the Standby Power Supply requirements listed above.

The Solar System must have sufficient storage capacity to meet the minimum Standby Power Supply requirements. If the Solar System Installation only partially meets the Standby Power Supply requirements, then a generator must be available to meet the shortfall.

The Solar System must have an automatic change over switch with an appropriate switchover time to allow for minimal disruptions.

An appropriate maintenance plan and schedule for the Solar System must be submitted. Training for the operation and of the Solar System must be provided by the successful Bidder to the Department before the building is occupied.

The Solar System batteries may not release any corrosive or combustible gases.

The successful Bidder must ensure that the Solar System is installed, functional and has an Electrical COC before the Department occupies the building.

4.5.2 Un-interruptible Power Supply (UPS) Requirements for non-emergency equipment

The building's un-interruptible power supply network must be supplied by the successful Bidder, all the un-interruptible power supply equipment will be provided by the Gauteng Department of Education, but all electrical connections and reticulation must be provided by the successful Bidder. The areas to be supplied with UPS to be determined during the tenant installation process.

The UPS must have sufficient capacity to provide backup power for an agreed upon time duration in the event of a power outage.

The UPS batteries may not release any corrosive or combustible gases.

The backup batteries and UPS for emergency lighting must be installed in a vandal proof, lockable and ventilated enclosure.

The time duration that the UPS must provide backup power is governed by the appropriate legislative requirements regarding Fire Safety Regulations and OHS Regulations.

4.5.3 Power Points

The successful Bidder must ensure the following –

4.5.3.1 Offices:

- For office space, each person shall be provided with one single normal power point
- For each third person, an additional white and additional red power point shall be installed. A maximum of five (5) users allocated to a 25A (Amp) circuit breaker.
- The total amount of power point to be provided in the office space shall be able to accommodate the number of officials as per staff organogram numbers.

4.5.3.2 Boardrooms:

Due to the digital age, the following minimum plug requirements are to be provided:

Single-phase Double 15 Amp socket outlets near projection point / presentation point for Meeting Chair.
Preferable to have a Data point / one Telephone point

Secondly for attendees, provide an additional 15 Amp socket per 4 people sharing per boardroom. (For a four-person boardroom it will entail a plug for presenter and an additional plug for sharing people). Consider include USB plugs as part of socket combinations, as a modernization option.

For large boardrooms (more than 10 people) provide an additional plug for Urns / coffee station in an appropriate position / proximity to entrance and to the main presentation area as not to cause disruptions during presentations while tea is served.

Various light configurations and the ability to dim the lights to allow for different uses of the board room (presentations/meetings) are strongly encouraged and would be preferable.

4.5.3.3 Passages:

Single-phase 15 Amp socket outlets in passages and operational areas shall be provided for cleaning and maintenance tasks and shall be wired separately from the power supply to the main operational areas. Each

passage area to have a plug and the minimum distance for the repetition of these points should be at less than 20m apart.

Stores: Single-phase 15 Amp socket outlet shall be provided in each store, with additional 2 plugs for white plugs for IT Equipment stores.

4.5.4 Lightning Protection

The building must have lightning protection and surge protection, in compliance with the latest SANS namely SANS 10313: 2018 – Protection against lightning – Physical damage to structure and life hazard.

The buildings shall be protected against lightning in accordance all legal and statutory requirements.

4.5.5 Lighting

All interior lighting shall be designed and installed to conform to SABS 0114-1:1996 and SANS 10400 Part O – Lighting and Ventilation, for Buildings Classification G1. The building should have Energy saving light (LED recommended) bulbs, and where applicable, motion detection lighting to be installed. A professional lighting design engineer shall certify the design and installation and the cost consultants deemed to be included in the tendered rates.

The bidder should ensure that:

- Lighting for common areas have a separate switch from office spaces.
- Office space (cellular office and open-plan offices) are to have light switches in each space as required by the Gauteng Department of Education.
- Support spaces (meeting rooms, boardrooms, and stores) to have their own light switches in each space as required by the Gauteng Department of Education.

The lighting infrastructure of the proposed building should be designed in such a way that lights are on a time switch (An allowance for lighting to be switched on and off at a specific time determined by the Gauteng Department of Education). The bidder will ensure that these requirements are met prior to occupation.

Light positions should be co-ordinated with the office layouts, with a degree of flexibility. Lux levels to comply with OHS Environmental Regulations.

- Lighting to comply to SANS 10114-1: 2005 Edition 3 for interior
- SANS 10114-1:2005 Edition 3 Interior lighting Part 1: Artificial lighting of interiors
- SANS 10114-2:2009 edition 1.2 Part 2: Emergency lighting.

Lighting levels on stairways and in corridors/routes, both internally and externally, are an important part of safe vertical circulation, along with nosing on stairs and handrails.

All means of escape routes, which are routes that are normally unfamiliar to building users, require adequate lighting to find and locate the exit.

4.5.6 Data Points / Telephone points

Power points to be provided as per the Gauteng Department of Education requirements with the following guidelines:

For office space, each person shall be allocated with one data point and additional data points for individuals with printers.

In addition, provide data points for centrally located office printers.

Provide data points in board rooms, as per boardroom descriptions

Provide data points at Reception areas, Security areas and other as per client's request.

4.5.7 WiFi

Any upgrade to existing Fire protection systems that may be needed due to the layout changes as required by the Gauteng Department of Education will be done by the landlord/bidder during Tenant Installation.

4.7 VERTICAL MOVEMENTS FOR OFFICE SPACE

4.7.1 Stairs

Stairs should allow free and easy flow of staff and clients. The minimum width for the stairway will be 1200 mm. If a stairways forms part of an escape route, such a stairway shall comply with SANS 10400 Part T 4.23

Image 4 &5: Stair with Evacuation Chair. Muller, P., 2013. Architecture: Building Construction Standards for South Africa. In: Architecture: Building Construction Standards for South Africa. Paarl: Architecture Publications (Pty) Ltd, pp. 72-101.

4.7.2 Lifts, Hoists and Escalators

Taking into account rules TT45 to TT48, as set out in the SA Standard Code of Practice for the Application of the National Building Regulations, as issued by the SABS, it is required that the premise offered, if consisting of more than two storeys, shall be provided with at least one (1) lift to be utilised as a passenger lift to transport persons or goods with a minimum payload of 1000kg at any given time. The minimum clear entrance to the lift car shall be of such dimension that it will be accessible for a wheelchair. The minimum recommended car width and depth should respectively be 1000mm and 1500mm. If the building has a basement, the lift shall also serve that area.

4.7.2.1 Lift accessible to Disabled Persons

In any passenger lift installation (where ramps are insufficient or impractical), where passenger lifts are provided for disabled users, as per SANS10400:

- Lifts to have a minimum internal dimension of 1100mm width x 1400mm depth
- Have a doorway with an unobstructed width of not less than 800mm
- Have handrails on two sides at a height of 850mm and 1000mm above floor level of lift.
- Lifts must have braille signage as well as clear visual contrast letters to all indicator buttons
- Where possible a voice over / voice command could be installed as an additional measure for visually impaired users.

4.7.2.2 Lift/ Escalator Maintenance Contract

The offer shall at full occupation provide for the Rand value of an anticipated or actual maintenance contract, per lift or hoist, and shall be certified by an independent Lift Consulting Engineer as a fair maintenance cost. The maintenance costs will be the responsibility of the landlord. Maximum turnaround time to attend occupied stop or break down to be 30 minutes and 1hour for unoccupied stops.

All Lifts, Escalators and Passenger conveyer compliance certificates to be provided (Prior to occupation).

4.8 CARRYING CAPACITY OF FLOORS

The bidder shall issue a certificate, signed by an independent professional engineer (registered with ECSA) confirming the carrying capacity of such areas. The certificate will only be required once a bid is elected to be approved or as additional information upon request from the Gauteng Department of Education.

The Bidder will be responsible for the Structural Integrity of the building and must provide a Structural report annually, as outlined in the Occupational Health & Safety Act 85 of 1993, Construction Regulations 2005.

4.9 ASBESTOS & HARMFUL MATERIALS

The Bidder must provide a certificate that indicates the building is free of asbestos and other harmful materials (at bid submission) as outlined in the Occupational Health & safety Act 85 of 1993, Asbestos Regulations.

4.10 ACOUSTIC AND NOISE FOR OFFICE SPACE

All outside noise shall be reduced to an agreed acceptable level that allows people to perform their functions in compliance with relevant OHS Acts, Regulations and Municipal by-laws.

4.11 GREEN BUILDING TECHNOLOGY

The GDE is moving towards a sustainability conscience model for office accommodation. The bidders are encouraged to incorporate green technology in their buildings, such as:

- Water Saving Technology
- Energy Efficient Light Fittings
- Use of Grey Water / Recycling of Water
- Heat pumps / Solar (where applicable)
- Facilities for Recycling of Waste.

4.12 SECURITY & ACCESS

The offer should include the bidder's plan for the provision of security to the premises. The supply of additional specialist security installations will be the sole responsibility of the Gauteng Department of Education.

At the entrances to buildings only, proximity card readers, turnstiles and paraplegic gates will be provided under a separate contract, but such must be reflected for planning purposes on the layout drawings and such drawings must be approved and signed-off by Risk Management.

Security layout and access needs to be friendly and efficient and ensure the safety of occupants / users.

Visitors must be able to enter the building and wait inside to be checked and screened before entering/ access offices and internal lobbies of the buildings. Therefore, the security check point must be set back from the entrance door, to allow visitors to wait undercover before they go through security or people existing the buildings to repack their laptops after screening.

General Conditions of Contract

1. Definitions

1. The following terms shall be interpreted as indicated:
 - 1.1 "Closing time" means the date and hour specified in the bidding documents for the receipt of bids.
 - 1.2 "Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
 - 1.3 "Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
 - 1.4 "Corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.
 - 1.5 "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.
 - 1.6 "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
 - 1.7 "Day" means calendar day.
 - 1.8 "Delivery" means delivery in compliance of the conditions of the contract or order.
 - 1.9 "Delivery ex stock" means immediate delivery directly from stock actually on hand.
 - 1.10 "Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
 - 1.11 "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
 - 1.12 "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable.

Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

- 1.13 "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.14 "GCC" means the General Conditions of Contract.
- 1.15 "Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.16 "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.17 "Local content" means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.
- 1.18 "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
- 1.19 "Order" means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.20 "Project site," where applicable, means the place indicated in bidding documents.
- 1.21 "Purchaser" means the organization purchasing the goods.
- 1.22 "Republic" means the Republic of South Africa.
- 1.23 "SCC" means the Special Conditions of Contract.
- 1.24 "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.
- 1.25 "Written" or "in writing" means handwritten in ink or any form of electronic or mechanical writing.

- 2. Application**
- 2.1 These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
- 2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.
- 2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.
- 3. General**
- 3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.
- 3.2 With certain exceptions, invitations to bid are only published in the Government Tender Bulletin. The Government Tender Bulletin may be obtained directly from the Government Printer, Private Bag X85, Pretoria 0001, or accessed electronically from www.treasury.gov.za
- 4. Standards**
- 4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.
- 5. Use of contract documents and information; inspection.**
- 5.1 The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.
- 5.2 The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
- 5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.
- 5.4 The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.
- 6. Patent rights**
- 6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
- 7. Performance security**
- 7.1 Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.

- 7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3 The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:
- (a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
 - (b) a cashier's or certified cheque
- 7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified in SCC.

**8. Inspections,
tests and
analyses**

- 8.1 All pre-bidding testing will be for the account of the bidder.
- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organization acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with

supplies which do comply with the requirements of the contract. Failing such removal the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.

- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

9. Packing

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

- 10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.

- 10.2 Documents to be submitted by the supplier are specified in SCC.

11. Insurance

- 11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

12. Transportation

- 12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

13. Incidental services

- 13.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:

- (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
- (b) furnishing of tools required for assembly and/or maintenance of the supplied goods;
- (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
- (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
 - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
 - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

- 16. Payment**
- 16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.
- 16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.
- 16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.
- 16.4 Payment will be made in Rand unless otherwise stipulated in SCC.
- 17. Prices**
- 17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.
- 18. Contract amendments**
- 18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.
- 19. Assignment**
- 19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.
- 20. Subcontracts**
- 20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.
- 21. Delays in the supplier's performance**
- 21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
- 21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
- 21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.
- 21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without canceling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the Supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard

the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.

23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:

- (i) the name and address of the supplier and / or person restricted by the purchaser;
- (ii) the date of commencement of the restriction
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

**24. Anti-dumping
and countervailing
duties and rights**

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him

**25. Force
Majeure**

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security,

damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

- 25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

**26. Termination
for insolvency**

- 26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

**27. Settlement of
Disputes**

- 27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.
- 27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.
- 27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.
- 27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.
- 27.5 Notwithstanding any reference to mediation and/or court proceedings herein,
- (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
 - (b) the purchaser shall pay the supplier any monies due the supplier.

**28. Limitation of
liability**

- 28.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;
- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

		(b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.
29. Governing language	29.1	The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.
30. Applicable law	30.1	The contract shall be interpreted in accordance with South African laws, unless otherwise specified in SCC.
31. Notices	31.1	Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice
	31.2	The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.
32. Taxes and duties	32.1	A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.
	32.2	A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.
	32.3	No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.
