1. INTRODUCTION

The municipality intends to appoint a suitably qualified panel of Conveyancers for a period of 3 years to assist the Municipality in disposing off of the properties held under the Ownership of the Municipality.

2. BACKGROUND.

2.1. The municipality had conducted a land audit in 2014 with the purpose of obtaining up to date information on all properties within the Winnie Madikizela Mandela Local Municipality to enable an efficient billing system which benefits the municipality and residents as well as initiate land use management system that will ensure that the municipality effectively perform its land use function.

Part of the findings that were reflected on the Land Audit report identified vacant sites that are privately owned, owned by government and the municipality to be unregistered with these properties having the potential to generate revenue for the municipality, but cannot due to land that is underutilized and therefore not contributing to the revenue base of the municipality but instead pose a threat of land invasion.

Further to that, the municipality had prepared a layout which consisted of 3 digit erf numbers beginning with 331 to 471. These numbers were used as bases to dispose of these properties to private individuals.

The Municipality subsequently prepared and lodged another layout which was subsequently approved by the survey general's office in 2000 consisting of 4 digit numbers which began from Erf 1811- 1951. The transaction from the three to four digit numbers posed to be a challenge as they resulted into misallocation and misalignment of Erf numbers and ownership. This is evident in the records of the Municipality ie Deed of Sale information and billing information.

The Planning Department subsequently did an internal audit of every information available on its disposal such as the valuation rolls, records of deed of transfer and a site inspection to look at how people live on the ground verses the municipal records

3. PROBLEM STATEMENT

The municipality currently owns properties across the 31 wards under its jurisdiction. Most of these properties were built on state land which is under the custodian of the traditional authority. In an attempt to fast track development and to fulfill political commitments to the communities where there was evidence of social institutions backlogs, the municipality developed these properties without doing proper Conveyancing.

The misallocation of site numbers has resulted to people having registered title deeds in their possession of properties they do not occupy and paying rates of properties they do not occupy

4. SCOPE OF WORK.

The scope of the work consists of the following:

- Consultation purposes on matters relating to Conveyancing
- Upon request by the Municipality prepare transfer Documents to give effect to the Transfer of Properties;
- Lodge applications at the Deeds office for Title Deeds;
- Source information upon request by the Municipality at the Deeds Office,
- Do public and or stakeholder engagements for conveyancing purposes
- Prepare and Monitor transfer of properties between the Organs of State institutions and the Municipality,
- Assist the Municipality in any matters not mentioned above which relates to Conveyancing and or preparation of Documents or representation of the Municipality,

6. OUTCOMES AND DELIVERABLES.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
