1. Introduction

The document supports with the evaluation of B-BBEE Sworn affidavits when conducting P&SCM bid evaluations across Eskom. This document is applicable to EME and QSE affidavits and should not be used to evaluate SANAS accredited B-BBEE rating certificates. All concerns on B-BBEE certificates must be referred to the Divisional SDL&I functions and/or subsequently to SDL&I Corporate. This guideline is intended to ensure a fair assessment of B-BBEE Sworn Affidavits and to also assist in improving the efficiency of the P&SCM bid evaluation process.

2. Supporting Clauses

2.1 Scope

According to the B-BBEE Codes of Good Practice, 11 October 2013, entities that are EME are only required to obtain a Sworn Affidavit on an annual basis confirming the following:

- Annual total turnover of R10 million or less.
- Level of Black Ownership (Level 1 = 100% Black Owned; Level 2 = 51% Black Owned).

QSE entities that are 100% Black Owned qualify for a Level One B-BBEE recognition whilst QSE entities that are at least 51% Black Owned qualify for a Level Two B-BBEE recognition. Such QSE entities are only required to obtain a Sworn Affidavit on an annual basis confirming the following:

- Annual Turnover of R50 million or less;
- B-BBEE Level of Black Shareholding

This document is meant to embed the fundamental principle for measuring B-BBEE compliance that substance takes precedence over legal form. This is in accordance to the B-BBEE Act as per the South African Constitution.

2.1.1 Purpose

The purpose of this Guideline is to avoid disqualifying bidders on other trivial requirements that are not substantive when completing the B-BBEE Affidavit which end up stalling and delaying P&SCM processes. It accords responsibility to SDL&I managers the impetus to correct some of the inefficiencies or ambiguities that are encountered in the B-BBEE affidavit evaluation process. The fundamental principle for measuring B-BBEE compliance is that **substance takes precedence over legal form.**
