Failure to meet the deadlines will result in a cumulative knock –on effect with regard to the submission of the certified roll and subsequent rendering of Municipal rates and taxes accounts.

Failure to meet the deadlines regarding the submission of draft certified valuation rolls will result in delays in the finalization of the annual rates policy, which will ultimately affect the determination of the rates structure of the Municipality.

Although stages may overlap each other it is critical that each stage be completed within the prescribed deadlines. Deadlines may only be changed with the written approval of the Municipality.

Payments will be affected on a pro-rata basis payable either at the end of a stage or in progressive performance related payments during a stage.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

This Municipal Bidding Document (MBD) must form part of all bids¹ (¹ *Includes price quotations, advertised competitive bids, limited bids and proposals*) invited.

1. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds (² *Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete*).
2. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
