

TENDER NUMBER		TE/2026/04/1338/4420/RFP			
PROJECT		FOR THE PROVISION OF GENERAL AND HAZARDOUS WASTE MANAGEMENT SERVICES FOR TRANSNET ENGINEERING, UITENHAGE PLANT AND CAPE CORRIDOR DEPOTS FOR A PERIOD OF 3 YEARS ON AN “AS AND WHEN REQUIRED” BASIS.			
No.	Reference	Date Received	Clarification Required	Transnet Engineering Response	
PRE-TENDER CLARIFICATION QUERIES					
1	Administrative	9/9/2026	1. Missing Pricing Schedule: We note that a formal pricing model or schedule was not included in the published tender documents. Could you please confirm if Transnet will be issuing an official pricing template via an addendum prior to or during the briefing session?	The pricing schedule is completed on the Transnet eSupplier system, also refer to the Section 4, page 17 of the RFP.	
2	Technical	9/9/2026	2 Alternative Waste Management Proposals: Based on our successful implementation of cost-reduction waste models within the Transnet Cape Corridor, we have identified a significant value-engineering opportunity for this project. Specifically, we have proposed replacing the requested 11 x 11m³ skip bins with a color-coded wheelie bin system, serviced by a Light Delivery Vehicle (LDV) and a 7m³ trailer. This system optimizes depot collection, maximizes sorting at the reclamation yard, and significantly reduces bin rental and operational costs. Could you please confirm if Transnet will accept and evaluate an "Alternative Proposal" offering these cost savings or we provide our own pricing schedule, provided that we also submit a fully compliant base bid matching the original specifications?	The bidder is required to compile the tender pack in accordance with the bid requirements. The proposal may be included and submitted as part of the tender pack, and it will be reviewed during the evaluation of all submitted documents. Please note that the tender submission must comply fully with the specification requirements of this tender.	
3	Commercial	17/9/2026	My Subcontractor needs to know the following: 1. Third-Party Landfill & Treatment Costs: 2. Exact tip-fees/gate-rates charged by the disposal facilities for hazardous and general waste.	It is the responsibility of respondents to source or obtain the current rates for private or public landfill for disposal or treatment.	
				CLOSING DATE FOR CLARIFICATIONS IS 22-09-2026 AT 12:00
