## **SECTION 2**

### **BACKGROUND OVERVIEW AND SCOPE REQUIREMENTS**

#### **1. INTRODUCTION**

Job Evaluation (JE) is a process of determining the relative worth or value of a job to the organisation. JE is concerned with the job and its demands, not the personal characteristics or performance of incumbents.

PRASA is expected to comply with the provisions of the Employment Equity Act (EEA) and Employment Equity Regulations as these relate to equal pay for work of equal value. To ensure the provision of fair remuneration and benefits, employers are expected to ensure that all jobs are objectively assessed and remunerated. The assessment must be conducted in a manner that is free from bias on grounds of race, gender or disability, or any arbitrary ground that is prohibited in terms of the Act. In essence, employers must grade all their jobs/positions informed by the job profiles which articulate amongst others, job responsibilities, skills and competencies required in line with the organisation's goals and objectives.

Since 01 October 2014, PRASA has not had the services of a long-term JE Provider primarily because of a lack of funding. The HCM Department has through the years been appointing ad hoc service providers to respond to business requests for job evaluations. The current provider, Assessment Toolbox was appointed in October 2023 to provide job evaluation services on an adhoc basis (as and when required) for a period of eighteen (18) months. The contract was due to end in April 2025 but was extended by three months, ending on 23 July 2025. It was further extended by 12 months ending on 23 July 2026

#### **2. BACKGROUND INFORMATION**

Consistent with PRASA's Remuneration and Benefits philosophy, the job evaluation process culminates into a job grade which forms the baseline for a fair, transparent and objective mechanism to reward/compensate employees across various hierarchy levels. In 2008/2009, PRASA embarked on a major JE/grading project where 149 junior/non-management positions were profiled and graded through a service provider to ensure internal equity. The project was referred to as "the Parity Project". Some management jobs were subsequently

profiled through the same service provider. However, since 01 October 2014, PRASA has not had the services of a long-term JE Provider primarily because of a lack of funding.

The HCM Department has through the years been appointing ad hoc service providers to respond to business requests for job evaluations. The current contract is with Assessment Toolbox, and it'll come to an end on 23 July 2026 following the extension in July 2025.

As the organisation progresses with integrating JE/grading into key HCM processes, such as the recruitment process and implementation of the revised Acting and Responsibility Duties Policy, it becomes necessary to appoint and engage a long-term service provider to support this transition.

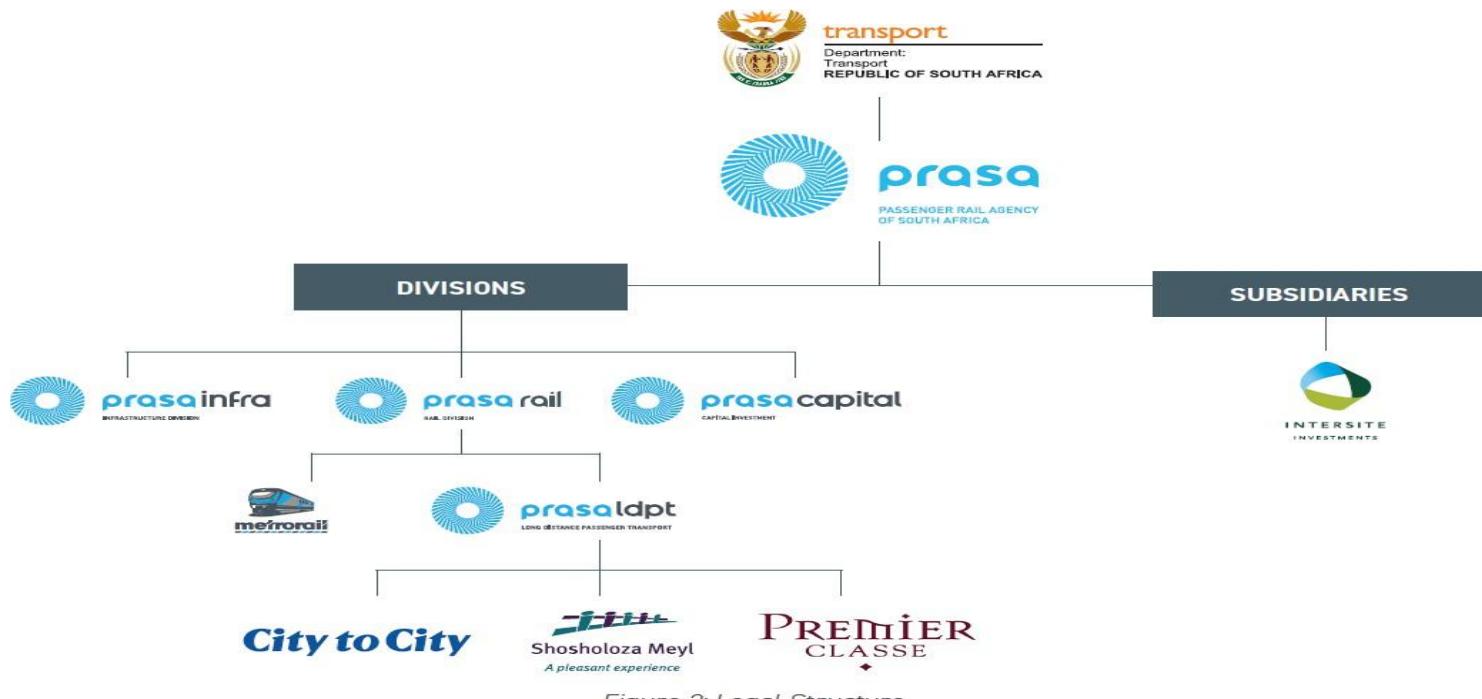

The HCM Department plans to establish five internal job evaluation committees responsible for grading jobs and positions envisaged to be on non-management grades and are unique/core to their business units.

The four committees will be constituted in line with the structure below and for the following business units:

- Rail Operations.
- Rail Infrastructure (PRIM).
- Capital Program.
- Intersite.

OF 3 YEARS**

**TENDER NUMBER: HO/PT/HCM/515/08/2025**

The fifth JE committee will be responsible for grading jobs and positions envisaged to be at non-management level within the support departments as follows:

- Human Capital Management.
- Information Communications Technology.
- Procurement.
- Finance.
- Corporate Affairs.
- Legal, Risk and Compliance.
- Business Strategy and Business Development.
- Protection Services etc.

## 2.1 STATUS QUO

Currently the organisation utilizes the services of Assessment Toolbox when there is an urgent need to have a job graded.

## 2.2 PROBLEM STATEMENT

The lack of a long-term JE service provider poses a significant risk to the organisation in that it cannot fully comply with the provisions of the EEA. Furthermore, not having majority of the organisation's jobs and positions graded adversely affects other HCM processes such as:

- determination of a fair and equitable salary structure.
- market salary benchmarking to ensure alignment with the market rates.
- attraction and retention of critical skills.
- responding to internal equity salary related queries.
- implementation of the recently approved Acting Policy.

## 3 KEY OBJECTIVE OF THE PROPOSED PROJECT

The ultimate objective of the project is to appoint a JE/Grading Service Provider to provide job evaluation services for all applicable jobs and positions across the organisation in line with the provisions above.

### 3.1 DESIRED OUTCOMES FOR CARRYING OUT THE PROPOSED PROJECT

The desired outcomes of the project include to:

- promote and ensure a common understanding of JE/Grading across the organisation.
- establish JE/Grading Committees.
- train internal Job Evaluation/Grading Committees
- capacitate the HC teams on JE process.
- grade majority of the organisation's jobs and positions.

FOR JOB EVALUATION SERVICES REQUIRED BY PRASA FOR A PERIOD  
OF 3 YEARS**

**TENDER NUMBER: HO/PT/HCM/515/08/2025**

### **3.2 PROJECT BENEFITS TO PRASA**

The appointment of a long-term service provider for PRASA will have numerous benefits including to:

- enable the organisation to adopt a structured approach to JE/grading.
- ensure consistency and standardisation in the JE/grading process thus enabling the maintenance of fairness in salary structures.
- promote implementation of good corporate practices in other HCM processes such as recruitment and salary benchmarking to ensure attraction and retention of key talent at the right positions and the right time.
- ensure adequate and timeous responses to the Commission for Conciliation Mediation and Arbitration (CCMA) settlements and salary adjustments requests.
- ensure grading of all applicable jobs and positions across the organisation.
- enable performance management, career progression and individual development processes thereby improving business efficiencies.

### **3.3 CURRENT MECHANISMS IN PLACE TO ADDRESS THE PROBLEM**

The organisation currently uses the services of Assessment Toolbox to respond to JE/grading requests on an ad hoc basis (as and when required).

  - i. inform the relevant Bidder of the necessity to release such information and/or response to RFP and request the Bidder to consent to the release thereof by PRASA; or
  - ii. obtain legal advice regarding the confidentiality of the relevant information and/or response to RFP and the legal ability of PRASA to release such information; or
