2. BACKGROUND

Ekurhuleni Water Care Company (ERWAT) is a municipal entity wholly owned by the City of Ekurhuleni Metropolitan Municipality. ERWAT is mandated to provide sustainable, reliable, and compliant wastewater treatment and water care services within the Ekurhuleni region of Gauteng, South Africa. ERWAT operates **19 wastewater treatment plants**, supported by an extensive network of pump stations and conveyance infrastructure. Collectively, these facilities treat approximately **1 000 megalitres of wastewater per day**, servicing an estimated **4.2 million residents**, as well as commercial, industrial, and strategic economic sectors within the metropolitan area. The scale and criticality of these operations classify ERWAT’s services as **essential**, with direct implications for public health, environmental protection, and economic continuity.

In addition to treatment operations, ERWAT maintains an **ISO/IEC 17025–accredited laboratory**, which performs critical water quality testing and compliance monitoring. The laboratory supports regulatory reporting, environmental compliance, and operational decision-making, and is therefore a key dependency within ERWAT’s value chain and continuity landscape.

ERWAT operates within a highly regulated environment and is required to comply with, inter alia, the **Municipal Finance Management Act (MFMA)**, the **National Water Act**, environmental legislation, occupational health and safety requirements, and applicable governance frameworks. Its operations are dependent on complex and interrelated physical infrastructure, process control systems, information and communication technology platforms, specialised skills, and third-party service providers.

The organisation faces a range of operational and strategic risks, including infrastructure failure, power and utility disruptions, cyber incidents, environmental and climate-related events, labour disruptions, and regulatory non-compliance. POINTS AWARDED FOR SPECIFIC GOALS

In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system)	Number of points claimed (80/20 system) (To be completed by the tenderer)
EME or QSE 51% owned by women	4	
EME or QSE 51% owned by youth	4	
EME or QSE 51% owned by people with disabilities	4	
EME or QSE 51% owned by military veterans	4	
EME or QSE within the boundaries of Ekurhuleni Municipality	4	

The above information will be verified in accordance with the bidders B-BBEE certificate, and or a certificate from the companies and intellectual property commission (CIPC), the department of Military Veterans and or other supporting documents. All supporting evidence must be submitted in order to claim the preferential procurement points claimed. ERWAT reserves the right to verify the information submitted.

In the case of multi-parties (Joint ventures, consortiums, partnerships, etc.), allocation of points will be calculated by adding the individual parties in the JV, etc. ownership % together; divide the total by the number of parties in the respective joint ventures, consortiums, partnerships, etc. The average % will thus be the indicating factor for the number of points to be scored limited to the maximum available points.

e.g. Joint venture:

Party 1 = 51% EME/QSE owned by women
 Party 2 = 100% EME/QSE owned by women

= 151% / 2 parties in the JV = 75% and will score = 4 points

The above principle will apply to points 1, 2, 3 & 4 indicated in Table 1 above.

For point 5: The collective JV agreement's address, or the Lead JV partners' domicile Address will be utilized for scoring of points.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
