TERMS OF REFERENCE

TRAINING YOUNG SMALLHOLDER FARMERS ON CONSERVATION AND REGENERATIVE AGRICULTURE IN WEST-RAND DISTRICT MUNICIPALITY (2021-2022)

1. PURPOSE

To procure the services of a Service Provider to facilitate training in Conservation and Regenerative Agriculture for the rural farmers in the West Rand District Municipality on behalf of Gauteng Department of Agriculture and Rural Development (GDARD).

2. BACKGROUND

The LandCare Programme is a government-supported sustainable agriculture initiative which aims to restore and rehabilitate degraded agricultural areas, encourage better land use practices and to promote, educate and raise awareness and advocates for Conservation and Regenerative Agriculture among youth (18-35 age bracket) participating in Agriculture and Rural Development.

Regenerative agriculture (RA) and Permaculture methods are described as conservation and rehabilitation approach to food and farming systems. It focuses on topsoil regeneration, increasing biodiversity, improving the water cycle, enhancing ecosystem services, supporting bio sequestration, increasing resilience to climate change, and strengthening the health and vitality of farm soil. Conservation Agriculture (CA) comprises the practical application of three interlinked principles, namely: no or minimum mechanical soil disturbance, biomass mulch soil cover and crop species diversification, in conjunction with other complementary good agricultural practices of integrated crop and production management.

Emerging young commercial, small-holder and subsistence agriculture sector absorb many participants and enthusiasts than the large mechanised “commercial” agriculture. These farmers seldom use or apply conventional fertilisers and mechanical inputs to work the land, and they are thus therefore more likely to excel in conservation and regenerative agriculture.

2.1 Project Description

The Project entails out-door, hands-on, training of hundred (100) young small-holder farmers from the West Rand municipality and the surrounding. The programme will provide foundation knowledge and practical skills in small-scale intensive regenerative farming, permaculture and conservation agriculture. Exposure to markets for selling produce and other skills such and leadership will be included.

2.2 Problem Statement

West-Rand District - Carletonville, Randfontein, Westonaria, and Mogale City, remains broadly rural and with the landscape distressed and degraded by previous and current mining activities. The problem of land degradation is crucial in Agricultural production, as it affects arable land. Tons of soil are lost to erosion every year and megalitres of underground ground water gets contaminated, and crop yields can be reduced. To help combat land degradation farmers need to be trained on conservation and regenerative agriculture practices.

2.3 PARTNERSHIPS

GDARD will work with all relevant stakeholders including farmers, West Rand District Municipality, business, rural and peri urban communities.

2.4 NATIONAL AND PROVINCIAL PRIORITIES AND STRATEGIES

This project links with the following national and provincial government priorities:

- National Development Plan (NDP)
- Expanded Public Works Programme (EPWP)
- Transformation, Modernisation and Re-industrialization Programme (TMR)
- Gauteng Development Strategy (GDS)
- Growing Gauteng Together 2030 (GGT2030)
- Township Economic Revitalisation Programme (TER)
- Tshepo 1 Million
- Framework of the New Economic Growth Path

To contribute to the social upliftment of farming communities by providing poverty relief programme that comes with training opportunities. The programme in turn will contribute towards addressing sustainable development goals and rural economic revitalization.

3. SCOPE OF WORK AND SPECIFICATION

The Project entails out-door, hands-on, training of hundred (100) young small-holder farmers from the West Rand municipality and the surrounding. The programme will provide foundation knowledge and practical skills in small-scale intensive regenerative farming, permaculture and conservation agriculture. Exposure to markets for selling produce and other skills such as leadership will be included.

3.1 SCOPE OF WORK

The following are the main objectives of the project:

- To conduct an accredited 5-day sustainable agriculture training for 100 emerging small holder farmers and enthusiasts in the West Rand District municipality.
- The training will be conducted in local municipalities namely Mogale City, Randfontein, Merafong, and Rand-West Local municipalities.
- The training to be based on the SAQA Unit Standard 116222: Incorporate basic concepts of sustainable farming systems into practical farm activities.
- To provide catering for the 100 trainees for five days of training.
- To provide transport for the trainees to the central training centre within the West Rand District
- To conduct Edu-tours to 3 successful Climate-Smart Sustainable Agriculture projects at Emfuleni and Ekurhuleni.

3.2 Staffing requirements

- The Service Provider to train only South African citizens over the age of eighteen (18) years. The demographics for each project site must at least employ as follows: 65% of women, 100 % youth and 2% people living with disability (as per EPWP guidelines and Code of good practice and the Ministerial Determination on EPWP projects).
- The Service Provider must provide a total of two (2) competent and qualified personnel with a proven qualification in Agriculture and experience in the Regenerative/Conservation/ Sustainable Agriculture training who will be delegated to focus on the project permanently for the entire duration of the project and their responsibilities include, but not limited to:

- Conduct on-site practical training.
- Assessment of candidates.
- Monitor and evaluate the project implementation progress
- Guide and provide technical advice to project beneficiaries.

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
