SALGA also serves as the representative voice of all 257 municipalities in the country. For the past 22 years, since its establishment, SALGA has endeavoured to bring focus to its mandate of supporting local government transformation in a complex environment, characterised by a highly diverse and diffuse membership-base of municipalities. In terms of its amended Constitution, SALGA is a unitary body that consists of a national association and nine provincial offices. Its mandate rests on six primary pillars:

- a) **Representation, Advocacy and Lobbying** refers to representing the interests of members in legislatures and other policy making and oversight structures. It also refers to engaging with various stakeholders, public debates etc. in the interest of Local Government.

#### 4. PURPOSE

The purpose of this document is to call for proposals from reputable and competent service providers to submit quotations for facilitating a Line Manager Development Programme within SALGA National and Provincial Offices.

The intention is to appoint a single service provider to ensure consistency in the delivery of this key programme that will enable Senior Managers, Managers and Supervisors to effectively manage people practices and contribute to the achievement of SALGA's strategic mandate. It is essential to appoint a provider that is experienced in the design and delivery of niche developmental programmes for management development.

#### 5. BACKGROUND AND PROJECT IMPLEMENTATION CONTEXT

A key strategic objective is for SALGA to become an agile force of influence through self-actualized leadership and teams that drive an innovative decision-making culture to ensure a viable funding model for SALGA. For the Executive team to be effective, it is critical that they have a support base

from the **management team**. This will be achieved through enabling **line managers** through a **targeted development programme**. We consistently aim to positively contribute to and influence the local government sector for greater relevance and impact. Leaders at a management level are increasingly required to deal with higher levels of complexity, volatility and take a more strategic organisational and world view. This shift can be made possible through exposing our line managers to an **integrated, niche programme** that will be tailor made for SALGA.

The programme will be mandatory for all **Senior Managers, Managers and Supervisors** of SALGA who have employees reporting into them – the programme should be designed to enable them to manage people **“The SALGA Way”**. This process is intended to be systematic and rigorous and will help close development gaps at an organizational level in terms of **how Line Managers show up and lead their people**. A prescribed leadership style with a clear leadership ethos will ensure that we enable a consistent employee experience and promote a healthy organizational culture.

Given the complex and dynamic external environment within which SALGA operates, management development activities are considered vital to enhancing organisational culture:

Investing in developing our line managers is a means to grow our organisation by improving performance and thereby ensuring a return on investment.

**It is essential to focus on developing our leadership qualities** ensuring that all line managers are equipped to lead high performing teams

It is against the above background that SALGA seeks to appoint a service provider who will **design and facilitate a Line Manager Development Programme built on five key aspects; People Management, Coaching & developing others, managing change, Leading culture transformation and Empathy** which will be rolled out to all existing line managers at **Senior Manager, Manager & Supervisor level, both existing and new hires.**

- The committee will individually evaluate each of the bid proposals received against the appointed criteria as provided for in Preferential Procurement Regulations, 2017
- A shortlist of no more than five proposals will be determined and the Service Providers will be invited to make a presentation to the evaluation committee.

All proposals submitted will be evaluated on three categories:

- Functionality (technical content)
- Price
- B-BBEE status level of contribution

Bids will be evaluated in accordance with the Preferential Procurement Regulations, 2017, using the 80/20 split. The 80/20 preference points system applies for acquisition of goods or services for Rand value equal or above R30 000 and up to R50 million.

Firstly, the assessment of functionality will be done in terms of the evaluation criteria and the minimum threshold value of 70 points. A bid will be disqualified if it fails to meet the minimum threshold value for functionality as per the bid invitation.

A Bid Evaluation Committee will review and evaluate the proposals. Only bidders who will make it through “Functionality Criteria” will be invited to present their proposal for the purpose of providing clarification and answers to questions by the committee. Presentations will be made on the date, time, and location to be confirmed. **The final decision on the technical content will be based on an evaluation of the presentations made to the evaluation committee.**

Only bidders who will make it through “Functionality Criteria” may be invited to present their proposal for the purpose of providing clarification and answers to questions by the committee. If presentations are necessary, they will be made on the date, time, and location to be confirmed.

Thereafter, only the qualifying bids after the presentation will be evaluated in terms of the 80/20 preference points systems, 80 points will be used for price only and the 20 points will be used for B-BBEE Status Level of Contribution. The price points will be calculated in accordance with the formula prescribed in Regulation 6. (1) of the Preferential Procurement Regulations, 2017.
