SECTION 2: EVALUATION CRITERIA

2.1 Evaluation Criteria

2.1.1 ACSA will use a pre-determined evaluation criteria when considering received bids. The evaluation criteria will consider **mandatory administrative, functionality, Price and Preference**. During the evaluation of received bids ACSA will make an assessment whether all the bids comply with set minimum requirements and whether all returnable documents/information have been submitted. Bidders which fail to meet minimum requirements, thresholds or have not submitted required mandatory documents will be disqualified from the bid process.

2.1.2 The requirements of any given stage must be complied with prior to progression to the next stage. ACSA reserves the right to give bidders reasonable time to submit information that will be required in Stage 1 below.

2.2 A staged approach will be used to evaluate bids and the approach will be as follows:

Stage 1	Stage 2	Stage 3	Stage 4
Mandatory Requirements	Evaluate on functionality or the technical aspect of the bid	Evaluate price and Preference	Post tender negotiations (where applicable)

2.2.1. Stage 1: Mandatory Requirements

- Full completed and signed form of offer.

2.2.2 Stage 2 Functionality

In determining the bidders capacity and capability to execute the contract/project, bidders will be evaluated on functionality. Functionality is the terminology used to define the technical ability of the Tenderer, based on experience to deliver the required product in accordance with the specialised quality, reliability and functionality.

Points allocated for Functionality shall be evaluated in accordance with the criteria as listed below. An overall minimum threshold **of 75 points out of 100** must be achieved for the tender to be eligible for further evaluation on Price and Preference **(80/20 split)**.

Description of Quality criteria	Score
1. Contractors Previous Experience	10
2. Qualifications and Experience for Key Resources	45
3. Technical Capacity (Workshop, Tools, Systems, Spares)	45
Total	100

Evaluation and verification process

Stage 1 – Documentary functionality evaluation: All functionality marks, including Section 3 marks, will initially be allocated from verifiable evidence submitted by the bidder before the tender closing date. Unsupported statements or evidence that cannot be verified will receive zero points.

Progression to price and preference: Only bidders that achieve both functionality thresholds will proceed to price and preference evaluation.

Stage 2 – Preferred-bidder facility verification: Before award, ACSA will inspect the facilities of the bidder ranked first after price and preference evaluation to verify the workshop, equipment, systems, spares arrangements and supporting evidence relied upon during functionality evaluation.

Verification outcome: The inspection is a verification exercise and is not an opportunity to introduce new facilities, equipment, arrangements or documents that did not exist or were not submitted by the tender closing date. If material discrepancies are identified, ACSA may revise the affected functionality score or declare the tender non-responsive in accordance with the tender conditions, and may then verify the next highest-ranked bidder. No award will be made before successful verification.

Note: Subcontractors' experience will not be considered for evaluation (This evaluation is for a principal contractor).

Failure includes but is not limited to the invoice having a VAT number that is not registered to the Joint Venture/partnership/consortium i.e. if the VAT number supplied relates to one party of the Body of Persons.

The below definitions are in relation to the above requirement.

1. Definitions

1.1 **Person**, as defined in section1(1) of the Value Added Tax Act No 89 of 1991("the VAT Act") – includes a public authority, any municipality, any company, any body of persons (corporate or unincorporated), the estate of any deceased estate or any insolvent person and any trust fund.

The below terms are not defined in the VAT Act and as such, the ordinary meaning has been taken into account:

1.2 **Consortium or Joint Venture** - an arrangement between two or more persons based on an agreement to generally operate a single, limited or defined project. The parties to such an agreement will generally share control of the arrangement and share the product or output of the venture

1.3 **Partnership** - an arrangement between two or more persons based on an agreement. The parties to that arrangement should have the intention to be partners and the essential elements for a

partnership being the partners' contributions, a profit objective and joint benefit for the partners must be evident from the agreement.

2. The Law

Section 51 of the VAT Act states that:

- (1) *Subject to the provisions of section 46, where any body of persons, whether corporate or unincorporate (other than a company), carries on or is to carry on any enterprise-*
- a. such body shall be deemed to carry on such enterprise as a person separate from the members of such body;*
 - b. registration of that body as a vendor shall be effected separately from any registration of any of its members in respect of any other enterprise;*
 - c. liability for tax in respect of supplies by that body shall be determined and calculated in respect of the enterprise carried on by it as an enterprise carried on independently of any enterprise carried on by any of its members, and any refund relating to that body's enterprise which is payable in terms of section 44 shall be made to that body; and*
 - d. the duties and obligations imposed by this Act on any vendor or other person shall, as respects the enterprise carried on by that body, be performed by it separately from the duties and obligations imposed on any of its members.*

3. Application of the Law

When a body of persons forms a joint venture, partnership or consortium, such a body is treated as a separate legal person for VAT purposes and, is in terms of section 51(1) of the VAT Act, required to register for VAT with the South African Revenue Services ("SARS") where the body's taxable supplies exceed the registration threshold.

Should the joint venture or partnership or consortium not be registered for VAT, **VAT cannot be levied on any invoice** that will be issued out to Airports Company South Africa for services rendered.
