AP4618: TENDER NUMBER: 02/2025: PROFESSIONAL SERVICES: SUURBRAAK COMMONAGE LAND UTILISATION PLAN AND POLICY FOR SUURBRAAK COMMUNITY PROPERTY ASSOCIATION

GENERAL REQUIREMENTS:

The works, as described,

The Suurbraak Community Property Association (CPA) is not yet a legal entity. However, there are farmers utilising land for farming purposes whose lease agreements have lapsed. Some of the land has been allocated to non-community members in the process of not having a legal entity responsible for the administration of the community land. In order for the farmers to obtain funding for e.g. planting grain, the farmers need a valid lease agreement. Without this access to planting loans, the farmers cannot plant as it is an expensive undertaking beyond the current affordability of the farmers.

On the other hand, there is a community who see an opportunity to make money through farming. They advocate for an opportunity. So, on the one side is proven, experienced farmers who has got the equipment to farm while on the other side there is community members with no equipment or experience who sees an opportunity. This cause productive land to lie vacant and underutilised or not utilised at all.

The Western Cape Department of Agriculture (PDaA) requires the services of a suitably qualified service provider to facilitate an agricultural utilisation plan/policy for the Suurbraak commonage.

The service provider should submit a detailed proposal which includes:

- Part A : Project Proposal
- Part B : Budget and Cost Breakdown per timeframe
- Part C : Project Team CV's
