SPECIFICATIONS

1. INTRODUCTION AND BACKGROUND

The National Housing Finance Corporation (NHFC) was established by the National Department of Human Settlements as a development finance institution (DFI) in 1996, with the principle mandate of broadening access to affordable housing finance for the low- and middle-income households.

NHFC is a national public entity, the NHFC adheres to the regulatory framework of the Public Finance Management Act (PFMA) of 1999.

The NHFC provides wholesale funding in the affordable housing market mainly to social housing institutions, non-banking retail intermediaries, privately owned property developers, construction companies and investors. It also provides loans and other form of wholesale funding (equity and quasi equity) to certain niche businesses that are in the affordable housing market.

The NHFC currently uses multiple service providers to access multiple services that are either different in nature or similar and might be providing more or less similar and or overlapping information. These services provide access to ITC credit reports for natural person(s) and juristic person(s), access to area, property and persons reports, access automated valuation/desktop report, and access to property deeds. These services providers are used mostly by the Lending, Credit, Legal and Risk divisions to support the NHFC processes of appraising both new and existing customers with regards to the Incremental housing product, the Private rental product, Social housing product, Subsidy housing product and the Bridging Affordable housing product. Retail credit also uses ITC credit reports to support the current debt management process for the retail mortgage loan product.

A new suitably qualified and licensed service provider provider(s) is therefore required to replace the current contracts with multiple services providers, whose contracts have become irregular.

Provision of these services can either be on a single platform as preferred or can be on multiple platforms if a single platform is not possible.

2. PURPOSE OF REQUEST FOR QUOTATION (RFQ)

The purpose of this Request for Quotation (RFQ) is to solicit quotations from potential service providers for the Provision for ITC Credit Reports for Natural and Juristic person(s) Area and or Property reports including Automated Desktop V. This specification document is to provide details in relation to each of the services required by Lending, Credit, Legal and Risk divisions to support the NHFC processes of appraising new funding applications, or managing existing clients, and therefore make more informed decisions. This specification deals with providing information identified as key and therefore considered as essential requirements which should be included in the services by the new service provider.

It contains the details of the property such as the full name of the owner/s; date of purchase, purchase price, the size, zoning, etc. The owner can either be a natural person(s) or can be a juristic person(s). The document gets filed at the Deeds offices in various areas according to where the property is situated. Information related to the property is then accessible in a form a deed search normally conducted on a web portal offered by an accredited service provider.

The NHFC requires access to the Deed search in order to obtain Deed reports as and when required to access such a report to support its internal processes.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

This Standard Bidding Document (SBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.

- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.

 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
