2.1.3. Market related prices will be determined as follows:

- 2.1.3.1. Historic prices paid for similar goods, service or works; or
2.1.3.2. Desktop research (where an item has an established market price); or

These ranges will assist with eliminating bid prices that are deemed to be excessively high or low to complete the works. The higher limit ensures AEMFC does not pay more than it believes the value of goods, services and works is worth, and the lower limit ensures that AEMFC is not exposed to risk of work not being completed or prices increasing subsequent to the award because the award price was too low to complete said scope. The financial tolerance range for this bid is -20% to 20%.
