PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and

1.2 **To be completed by the organ of state**

(delete whichever is not applicable for this tender).

- a) The applicable preference point system for this tender is the **80/20** preference point system.
- b) The **80/20 preference point system** will be applicable in this tender. The lowest/highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 **To be completed by the organ of state:**

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20

$$Ps = 80 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20

$$P_s = 80 \left(1 + \frac{P_t - P_{max}}{P_{max}} \right)$$

Where

- P_s = Points scored for price of tender under consideration
 P_t = Price of tender under consideration
 P_{max} = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
 - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,
- then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.)

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system) (To be completed by the organ of state)	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (90/10 system) (To be completed by the tenderer)	Number of points claimed (80/20 system) (To be completed by the tenderer)

TERMS OF REFERENCE FOR ALTERATIONS AND RENOVATIONS OF THE INTEGRATED BULL TESTING AND FEEDLOT FACILITIES AND TO SUPPLY AND INSTALL MACHINERY AND EQUIPMENT

1. INTRODUCTION

The Agricultural Research Council (ARC) is a Research Science and Technology institution of excellence in South Africa, which operates within the National System of Innovation. The ARC has a mandate for innovative and creative agricultural research, technology development and transfer aimed at the advancement of South African agriculture. Its operations are overseen by the ARC Council which is appointed by and accountable to the Minister for Agriculture, Forestry and Fisheries.

2. OBJECTIVE

The objective of this bid is to appoint a suitable service provider with competent, skilled personnel and capabilities that can assist with the alterations and renovations service of the integrated Bull Testing and Feedlot facilities, as well as to supply and install machinery and equipment.

3. BACKGROUND

The current facility of the ARC, located in Irene, Centurion, still makes use of the old fashioned manual Calan gate feeding systems to measure individual feed intake of bulls. The Calan Gate system was introduced more than 40 years ago and has become completely outdated. In addition to the outdated testing facility, the ARC is also competing with sprouting privately owned test centres that are using modern technology. Renovations and upgrade are therefore needed to ensure the ARC once again is a leader in the testing

of animals for growth and feeding efficiency and also competitive in the market, including service delivery and the generation of research information relating to the efficiency of beef cattle.

The feedlot facility is as old as the bull test centre and outdated. These compounding issues at the feedlot facility make it not suitable for use in experimental studies. Furthermore, the feedlot is not adhering to current SANS 10386 guidelines, limiting the research work that can be conducted at the site. These issues are further compounded with the assessment that the feedlot facility is not secure to host cattle and current project plans cannot be executed.

The ARC requires the services of an experienced service provider to provide renovations or upgrade services of the bull testing and feedlot facilities to proper the ARC as a leader in animal testing in South Africa. The Irene bull testing centre will be re-modelled into an integrated beef testing and finishing facility using the latest climate-smart technologies. The bull test centre, once re-modelled, should also be able to accommodate emerging farmers and commercial farmers that wish to round-off their stock for their respective markets.

It is envisaged that the integration of the bull testing and feedlot facility will stimulate demand for feed efficiency services. In view of the benefits attached to the integration, the ARC can focus stronger on the development of collaborations with the emerging farmer sector in South Africa.

4. SCOPE AND EXTENT OF WORK

Due to the nature of the work involved, this type of project lends itself to be feasible as a labour-intensive project i.e. the construction activities will indeed require skilled/unskilled labour to perform the following: earth works, concrete works masonry, floor tiling, plaster and paint works, electrical works installation, site works, fencing, supply of new machinery and equipment

The scope of work for alterations and renovations service of the integrated Bull Testing and Feedlot facilities, as well as to supply and install machinery and equipment will consist of the:

Description of item or service required for feedlot facility

- a) **Erecting cattle fence around facility for security purposes and entry control/quarantine of cattle material only, no concrete footing:** Client feeds, roofing IBR plates, electrical wiring, security camera's, air compressors, electrical motors and more have been stolen at the unit. This must be done before other work starts. Included here must be a security system with sensors and cameras, as well flood lighting.
- b) **Feed store 1 - Repair to sliding doors, needs locks, rollers and sliding track:** Current storeroom doors are dilapidated, the tracks and rollers are missing and IBR door panels are missing. Door panels need to be replaced with a new frame with IBR sheets.
- c) **Feed store 2 - burned out, needs replacement:** Due to veld-fire, the store and its content was destroyed. The side walls must be 3 m high, constructed with IBR sheeting, lockable sliding doors at 4m high.
- d) **Feed mill and processing unit - Electrical wires needs replacement:** The sliding door to the feed mixers (2) need to be replaced by more secure doors.
- e) **Installation of a new Processing unit - 150 L air compressor:** To operate the cattle processing unit it requires a 150L (2.2 kW) compressor unit to provide pressured air to

open and close gates and for catching animals, in order to weigh and provide health treatments. As theft is an issue, the compressor must be mobile.

- f) **Installation of a new Processing unit** – regulator and air tubes for pneumatic operation have deteriorated and can no longer function
- g) **Installation of new hammer mill unit:** The current unit (electric motor (37KW), and hammer mill) is old (>35 years), its footings are broken, its alignment is off.
- h) **Revamping of the change room, toilets, showers, basins flooring, kitchen cupboards and sink (OHS required):** Current change room facility and rest room (kitchen and lunch area) is dilapidated and has also suffered break-ins. This does not provide a space where people can change or have lunch. Water resistant materials must be used.
- i) **Rebuilding of the single pens/stanchions (NSPCA/as per SANS requirement):**
Current single pen trial facilities (feedlot and at nutrition) are not compliant with SANS 10368/21. They need to be 10m², where they are now 2m². Therefore, no research will be approved in this facility until this is rebuilt to adhere to the SANS.

New posts need to be planted, and horizontal dividers need to be welded in place with new water drinkers installed and a lockable gate. Replace broken poles (75 × 1.8mL*100mmW*3mmThick which must be concreted into the ground with a 700mm depth and 30 × 2.4m*45mm*3mm pipes) and gates (28 × 2.4m cattle gates) which have either rusted through or broken off by cattle.
- j) **Putting shade structure in feedlot (per NSPCA notice):** Cattle standing in the open have no protection against adverse weather (high UV or hail), this is an animal welfare (NSPCA) complaint. Animal performance, especially in summer, can be improved by providing shade structures. 70% shade cloth, 4m wide and at 3.5m above cattle pens, over length of all cattle pens.
- k) **Installing of new feed bunk cables (Pen 1 to 24):** Cattle are walking out of pen trough feed bunks; cattle need to be contained in their feeding pen for accurate measurements. Cattle need to be prevented to defecate or urinate on their feed, by

installing these cables this will be prevented. 12mm thick bottom cable, 30cm out from edge of feed through, at 45 cm high of feed trough edge a steel pipe (to be confirmed at site meeting), welded primed and painted, 3mm thick walls

- l) Painting of silos:** Silos are rusted and need maintenance or replacement. They are used by farm section to store maize. The silos are in a poor condition and needs serious attention, silo's need rust removal, primer and final coats with durable paints.
- m) Installing of water pipes and drinkers:** Potable water provision to livestock is a high priority requirement. Cattle pens at nutrition, farm/dairy unit and the feedlot need to have drinker with a minimum capacity of 100L, drinkers can be shared between two pens. Above ground water pipes of galvanised pipes with stop valves at each drinker and install new water troughs in all pens these troughs should have ball valves (4 × 1.7mL*1mW*0.7mH & 3 × 1.2mH*0.55mW*0.4mH), water troughs need to be placed on a level cement slab.
- n) Painting of other structures:** steel structure, silo's needs rust removal and paint (primer and cover coat). Wooden structures need protective painting.
- o) Rebuilding of feed troughs.** Feed troughs in old meat science feeding pens partly collapsed and need to be rebuild.
- p) Repair generator room and office.** In generator room roof plates are missing, side air inlets need to be bricked up (double wall). Office door and security door needs replacement
- q) Installing of 500kVA substation and connecting to electrical feed and distribution bords in the facility.**

Description of item or service required for the bull testing facility

- a) Office:** The office needs to be repainted inside and outside as well as the roof, the tiles inside/outside the office are cracked and coming loose thus retiling is needed, the aircons (2) are not functioning anymore and need replacement. 3 new office chairs

are needed as well as a data projector for functions held and 8 x Steel fold-up tables 1860 X 77.

- b) **Car port:** A tree fell on the car port and a part had to be removed, it needs to be repaired and repainted and sealed where water leaks are present. (2.5m H * 5m * 5m)
- c) **Stable 1:** The roof covering the feed store as well as the pens where animals are kept needs to be repainted, there is also water leaks present which either need to be repaired or damaged plates replaced.
- Replace piping supplying water to pens (± 130 meters galvanized), with stop valves and install new water troughs in 13 pens these troughs should have ball valves ($4 \times 1.7\text{mL} \times 1\text{mW} \times 0.7\text{mH}$ & $3 \times 1.2\text{mH} \times 0.55\text{mW} \times 0.4\text{mH}$), water troughs need to be placed on a level cement slab.
 - Repaint pens with primer and new layer of paint.
 - Replace broken poles ($75 \times 1.8\text{mL} \times 100\text{mmW} \times 3\text{mmThick}$ which must be concreted into the ground with a 600mm depth and $30 \times 2.4\text{m} \times 45\text{mm} \times 3\text{mm}$ pipes) and gates ($28 \times 2.4\text{m}$ cattle gates) which have either rusted through or broken off by cattle.
 - Replace doors ($2 \times 2\text{m} \times 1.6\text{m}$ double doors) to feeding store since they are not functioning anymore, replace broken windows ($60 \times 24\text{cm} \times 36\text{cm}$).
 - Repair cables feeding electricity (wiring for 60 gates, 24Volt from transformer loops to PC board on gates, 2.5mm, 2 cord plus earth (surflex), 4x4 surface mount box + cover plate (60 boxes), 120 glands + 60 3-way connector blocks, 2 screws per 4x4 to wood. 300m coverage of cable to be covered from 4x4 to gate – 2-core cab wire 60meter).
 - Repair/replace pillars (approximately 13) supporting the roof since many have rusted through at ground level.

k) **Fencing:** one side of the outer fence (**170m *1.8mH**) need to be replaced which should include 2 double gates (total 5m wide). One inner cattle fence needs to be replaced and should include one gate (**150m with 6 strands**). The main gate should also be replaced since a tree fell on it (**7m*1.8m on a rail**).

Description of Work for the Supply and installation of tools, machinery and Equipment

a) Procurement and installation of a Heavy-duty work bench (**1500WX2000LX865H**), bench vice, brush cutter

b) **Skid-steer, tractor and trailer:** Since a lot more cattle will be tested at the facility and cleaning of the pens must be done daily (removal of manure) to ensure we stick to

animal welfare regulations, the labour will be a lot more, the animal attendants will not be able to do all the cleaning. Thus, the purchase of a skid-steer (Bobcat or similar) is required as well as a small tractor (**50kw New Holland or similar with a width of less than 1.8m**) and a trailer that can tip (**width less than 1.8m**). This will ensure that pens are always kept clean well as other work such as filling pens with gravel can be done.

- c) Water **tanks and pressure pump**: it is essential that water is always present to the animals, thus it requested that **2 water tanks of 10 000L** is installed with a pressure pump as a backup.

A compulsory briefing session will be conducted for bidders to provide further clarity on the extent of works.

- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with

supplies which do comply with the requirements of the contract. Failing such removal the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.

- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

9. Packing

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

- 10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.
- 10.2 Documents to be submitted by the supplier are specified in SCC.

11. Insurance

- 11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

12. Transportation

- 12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

13. Incidental services

- 13.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:
- (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
 - (b) furnishing of tools required for assembly and/or maintenance of the supplied goods;
 - (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
 - (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
 - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
 - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment	16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC. 16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract. 16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier. 16.4 Payment will be made in Rand unless otherwise stipulated in SCC.
17. Prices	17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.
18. Contract amendments	18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.
19. Assignment	19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.
20. Subcontracts	20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.
21. Delays in the supplier's performance	21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract. 21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract. 21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority. 21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without canceling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the Supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard

the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.

23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:

- (i) the name and address of the supplier and / or person restricted by the purchaser;
- (ii) the date of commencement of the restriction
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him

25. Force Majeure

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security,

damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

- 25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

**26. Termination
for insolvency**

- 26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

**27. Settlement of
Disputes**

- 27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.
- 27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.
- 27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.
- 27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.
- 27.5 Notwithstanding any reference to mediation and/or court proceedings herein,
- (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
 - (b) the purchaser shall pay the supplier any monies due the supplier.

**28. Limitation of
liability**

- 28.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;
- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

		(b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.
29. Governing language	29.1	The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.
30. Applicable law	30.1	The contract shall be interpreted in accordance with South African laws, unless otherwise specified in SCC.
31. Notices	31.1	Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice
	31.2	The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.
32. Taxes and duties	32.1	A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.
	32.2	A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.
	32.3	No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.
33. National Industrial Participation Programme (NIP)	33.1	The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.
