APPOINTMENT OF A PANEL OF SERVICE PROVIDERS TO PROVIDE CAMP MANAGEMENT SERVICES AS PART OF HUMANITARIAN RELIEF AS AND WHEN REQUIRED DURING MAJOR INCIDENTS AND DISASTERS IN THE PROVINCE

1. PURPOSE

- 1.1. To appoint a panel of Service Providers to provide camp management services for the Gauteng Provincial Disaster Management Centre (PDMC), as and when required during disaster and major incidents for a period of three year.

2. BACKGROUND

- 2.1 Disaster management is a collaborative process that involves all spheres of government, as well as NGOs, the private sector, a wide range of capacity-building partners and communities. It requires capabilities to manage risks on an ongoing basis, and to effectively anticipate, prepare for, respond to and monitor a range of natural and other hazards. Integrated provincial disaster management depends on access to reliable hazard and disaster risk information within the province as well as effective provincial information management and communication systems to enable the receipt, dissemination and exchange of information.
- 2.2 Provincial Disaster Management Centers (PDMCs) are primarily responsible for the coordination and management of disasters in the province. They serve as the primary functional unit for disaster management in each province and provide support to the National Disaster Management Centre, Metropolitan and District Disaster Management Centre's.
- 2.3 When a disastrous event occurs or threatens to occur in a province, the Disaster Management Centre of the province concerned must amongst other roles, alert the disaster management role players in the province that may be of assistance in the circumstances and initiate the implementation of any contingency plans and emergency procedures that may be applicable in the circumstances.
- 2.4 Contingency measures to respond include the provision of food parcels to those affected by disasters. The recent flood disaster in KZN, resulted in devastating effects including the displacement of several people and total disruption to livelihood and community life. It is important for the Provincial Disaster Management Centre to prepare and ensure a state of readiness to respond to disasters with great impacts. Humanitarian support during disasters and major incidents is focused on ensuring that those affected by the incidents are provided with basic needs, such as food and shelter while permanent and sustainable solutions are underway. The provision of food parcels during COVID 19 assisted several families to recuperate and normalize their circumstances.
- 2.5. The National Disaster Management Policy Framework, outline key requirements for disaster response, rehabilitation and reconstruction planning as follows;
 - Implement immediate integrated and appropriate response and relief measures when significant events or disasters occur;
 - Implement all rehabilitation and reconstruction strategies following a disaster in an integrated and development manner

APPOINTMENT OF A PANEL OF SERVICE PROVIDERS TO PROVIDE CAMP MANAGEMENT SERVICES AS PART OF HUMANITARIAN RELIEF AS AND WHEN REQUIRED DURING MAJOR INCIDENTS AND DISASTERS IN THE PROVINCE

It is therefore important for the PDMC to have appropriate and sufficient humanitarian relief that will ensure the provisions of basic needs following a disastrous event.

2.6. The effectiveness of the PDMC in responding to disaster event is to a large extent depended on the manner it coordinates and manage resources during disasters. Having adequate and appropriate humanitarian relief support is crucial, therefore the PDMC is required to establish disaster response mechanisms that will allow for rapid and timeous response to disasters. The appointment of service providers to establish and manage camps during major incidents and disasters in the province will ensure that those affected;

- are protected from the various harsh weather conditions.
- their privacy and dignity are restored.
- their personal safety and security are ensured.
- their basic needs are provided.

The PDMC is therefore seeking the services of a contractor to provide humanitarian relief in form of camp management services during disasters or any other related emergencies for the purposes of restoring dignity to the affected families.
