Addendum to TEC SI GOU-TEC-003 Rev 1:

The purpose of this addendum is to provide additional information on the functional scoring criteria and the allocation of points for each criterion and sub-criterion. The table numbers used in this document correspond to those in TEC SI GOU-TEC-003 Rev 1.

Please complete, sign, and date the tables in TEC SI GOU-TEC-003 Rev 1. Do not complete, sign, or date the tables in this addendum.

Scoring criteria for tools ownership and hiring:

- Full points will be awarded where the tool(s) are owned.
- Half a point will be awarded where the tool(s) are hired, provided that a supporting letter is submitted.
- Zero points will be awarded where no proof of ownership or hiring is provided.

Table 1: Tools/Equipment requirements

TOOLS/EQUIPMENT	QTY	OWNED/RENTED	RENTED FROM (IF APPLICABLE)	Points
LIFTING EQUIPMENT				
SLINGS (Steel, chain and canvas) min. 1.5T				1
TIRFOR (WINCH) 1600kg				2
CONDUCTOR GRIP (steel) 8-15mm				2
CONDUCTOR GRIP (al) 13-27mm				2
PULLING EYE (Red Devil) 45kN				3
LEVER HOISTS (Kitos) 1.5T & 3T				1
D-SHACKLES (containing SWL) Various				1
Snatch blocks				1

Guide / pilot rope				2
Stringing wheels / Conductor pulleys min. 600mm				3
GENERAL TOOLS				
General Builder Tools				1
Toolbox with general tools				1
Hammers min.1800g				1
Bolt cutter medium				1
Suitable drills (power)				1
Strapping tool				1
Gas Welding Set complete				2
Hole alignment wedge				1
Torque Wrench 30-150Nm				2
Jacks & Props				1
Crowbar 1 per team				1
Chainsaws				1
Handheld radios				3
Hand lines or skip rope				1
Straight Level min. 1.2m				1
Generator >5kW				1
CONDUCTOR WORK TOOLS				
Hydraulic conductor cutter				4
Cable/Conductor drum trestle (Braked)				2

Thermometer				3
Dynamometer 10kN				5
Tension stringing gear (bull wheel min. 1.2m dia) Tensioner				10
Tension stringing gear (bull wheel min. 1.2m dia) Puller with dynometer				10
Hydraulic power pack with crimper head 30T & 100T				7
Full set of hexagon Dies (Chicadee-Tern)				4
Conductor Wire brush (Al)				1
CIVIL WORK TOOLS				
Theodolite / automatic level & accessories				3
Dynamic Cone penetrometer				5
Wheelbarrow				1
Shovel				1
Pick				1
Hand Compactors 8kg				2
Mechanical Compactors (Trenches (Wacker) & Surface (roller))				3
Dumper				1
Concrete Mixer				2
Vibrators for concrete				2
Boxing for foundations				4
Compressor (with jackhammers)				2

SAFETY & WORKING AT HEIGHTS				
PPE full set per person				1
Fall Arrest System				4
FAS rescue				4
Ladders (Extension & Hook) 8-9m				1
First Aid Kits				1
Fire Extinguishers min. 2.5kg per vehicle				1
EARTHING & TESTING				
Portable earths (Working -Lines) 16mm^2				2
Portable earths (Working -Lines) Lattice 16mm^2				2
Safety Tester up to 132kV				3
Earthing Stick / Telescopic Linkstick				3
Earth resistance tester with suitable wires				5
Running earths				2
			Total	140
			Score for section 2.3 = $Total \times \frac{8}{140}$	

Scoring criteria for vehicle ownership and hiring:

• Full points will be awarded where the vehicle(s) are owned.

• Half a point will be awarded where the vehicle(s) are hired, provided that a supporting letter is submitted.

• Zero points will be awarded where no proof of ownership or hiring is provided.

Table 2: Vehicle requirements

VEHICLE TYPE		DESCRIPTION	REGISTRATION NUMBER	OWNED/RENTED	RENTED FROM (IF APPLICABLE)	POINTS
Trucks with suitable crane	1					1
	2					
Trucks with elevated work platform (bucket/cherry picker)	1					1
	2					
Suitable workers transports	1					1
	2					
	3					
LDV's	1					1
	2					
	3					
TLBs (Tractor Loader Backhoe)	1					1
	2					
					Total	5
