Please put a check next to the applicable reason for deviating from three quotation system:	
Emergency cases: An emergency procurement may occur when there is a serious and unexpected situation that poses an immediate risk to health, life, property or environment which call an institution to action and there is insufficient time to invite suppliers to submit three quotations.(Treasury Regulation 16A6.4)	
Sole Supplier: Sole source procurement may occur when there is evidence that only one supplier possesses the unique and singularly available capacity to meet the requirements of the institution. (Treasury Regulation 16A6.4).	
Please include a short narrative on the reason for the motivation for single sourcing:	
The purpose of this deviation memo is to request approval for the Supply Chain Management department and the three bid committees to attend the PFMA bid committees training as provided by the National School of Government (NSG). Participation in this training represents a strategic investment in the organization's procurement function. The knowledge and skills acquired will drive operational excellence and support broader business objectives.
