3. BACKGROUND

The Fire and Emergency Services Unit provides for a range of specialist firefighting equipment for the purposes of rendering an emergency service to the EMA region. The industry within the country lends itself to serving as agents of overseas based manufacturers, or at the most South African companies that manufacture fire industry related products are largely dependent on key components imported from overseas suppliers based in Europe or the USA. Consequently, the after sales support required by way of spares and replacement parts suffers and may only be obtained from such agents or the overseas component manufacturers themselves. This fact is also relevant in the context of engaging the services of companies to effect repairs to specialist fire firefighting equipment.

Amongst various unit functions, saving lives and properties from fire and all hazards is primary. The achievements of critical objectives such as forcible entry, extrication, search & rescue requires the use of extrication hydraulic equipment (Jaws of life set) and lifting air bags. The absence of these critical equipment will find an elevation to public life loss including property loss. The users of the above-mentioned resources within eThekweni Fire & Emergency Services unit relies greatly on the availability and functionality of the equipment both for their lives and the publics lives at large.

Previously the servicing, maintenance & purchasing of resources were procured through contracts secured by eThekweni Fire & Emergency Services Unit **IC-34880**. These were for a three-year period which commenced from 2018 to 2020. Since expiry of the contract, none have been secured to date.

4. MOTIVATION FOR APPLICABILITY OF REGULATION 36:

The majority of firefighting equipment is highly specialized and require adherence to detailed maintenance and repair procedures due to complexity of design and manufacture. Further to this, many of the items of equipment are life dependent pieces of equipment that the fire fighter is reliant on to sustain life during use e.g., Vehicle collisions extrications and forcible entry into enclosed buildings.

The absence of these critical devices will find firefighters not being able to extricate trapped victims in motor vehicle collisions (MVC's) which have a high risk of bursting into flame. The use of these resources also accelerate the removal of entangled victims involved in motor vehicle collisions in order to have them transported to the nearest medical facility for advance life support and treatment. The users of the above-mentioned equipment within eThekweni Fire & Emergency Services unit relies greatly on the availability and functionality of the equipment both for their lives and the publics lives at large.

Hamilton Hydraulic Services is the Sole Supplier for all Lukas and Vetter branded products and services (including all intellectual property, trademarks, patents, designs, and copyright). Hamilton Hydraulic Services is listed on the eThekweni Official Sole Supplier List page 22.

A contract in place will ensure continuous maintenance, servicing, and operation of equipment, hence meeting the objective of eThekweni Emergency Services unit of saving lives and property from fire and all other hazards.

- Components of specialist Emergency Rescue equipment are largely imported through the local agent. Service repairs and maintenance of such items require the provision of OEM certified spares/components and/or the repair work to be carried out by the certified agent of the applicable specialist firefighting equipment.

- Specialist Emergency Rescue equipment, purchased by disestablished entities are required to be serviced, repaired, and maintained in accordance with the suppliers' recommendations of service providers and suppliers are acknowledged sole agents of specialist Lukas Jaws of Life.

5. FINANCIAL PROVISION HAS BEEN MADE FOR THE PROJECT AS FOLLOWS:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

EtheKwini

(Bid Number and Description)

in response to the invitation for the bid made by:

EtheKwini

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: Hamilton Hydraulic Services cc that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

- (a) has been requested to submit a bid in response to this bid invitation;
- (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
- (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

MBD 9

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

CSD REGISTRATION REPORT

Tips and Frequently Asked Questions (FAQ)

Identifier

CSD cannot electronically verify the identity of a supplier other than a South African Individual / Sole Proprietor (through Home Affairs) or a company registered at the Companies and Intellectual Property Commission (CIPC). For this reason, a disclaimer is displayed for supply chain practitioners to obtain supporting documentation to verify the identity and legitimacy of a supplier in these cases.

Bank

For help on how to resolve bank failures click here: [I received an email stating the bank information I captured on the CSD was sent for bank account validation and could not be validated. The response received from the bank contains an error message.](#)
The various possible error messages received from the bank are highSemiBolded in red. Search for the applicable message and follow the detailed steps associated with that error message.

Tax

Tax Compliance Status

For help on how to deal with tax status differences between CSD and the tax clearance certificate click here: [What should a supplier do if the tax status on CSD difference from the tax clearance certificate?](#)

Tax Compliance Expiry Date

For help on how to deal with tax status differences between CSD and the tax clearance certificate click here: [How does CSD determine the tax compliance expiry date?](#)

CIPC

Should the director/member information reflected on the CIPC registration report differs to that reflected on CSD for help click here: [The active Directors/Members are not being populated on the CSD Directors/Members screen as they appear at CIPC, how can I rectify this?](#)

State Employee

For more information pertaining to government employment status click here: [Will there be verification done to identify if a supplier is a government employee?](#)

BBBEE

CSD does not automatically verify all certificate information with the various accreditation bodies. Organs of State are required, where not automatically verified by CSD, to manually verify this information with the applicable accreditation body as per current policies and procedures. Expired certificate information do not reflect on the report.

RESTRICTION

Restricted Supplier - A supplier is restricted by using the identification number of the entity e.g. CIPC registration -, trust -, Social Development non-profit -, South African ID -, Foreign company registration number or ID number. If there is more than one CSD Supplier profile registered on CSD with the same entity identification number, all those related supplier profiles will be restricted.

Restricted Director - A director/owner is an individual person and is restricted by using the South African ID or Foreign ID number. If a director belongs to different companies and has been restricted, the director will reflect as restricted in all companies where identification number is detected.

Restricted Suppliers & Directors are listed on CSD under Help - [Am I restricted?](#)

The CSD does not automatically verify foreign company registration number, international securities Identification number, foreign identification numbers, foreign passport numbers, work permit numbers, foreign bank accounts, B-BBEE, demographic and accreditation information. Organs of State are required to manually verify this information with the applicable verification Institutions as per their current policies and procedures.
