TENDER BULLETIN 1

ENQUIRY NO: AHT0000027050
DESCRIPTION: *Tenable Nessus Professional Software Vulnerability Management*

Find below answers to the questions raised during the Tender stage:

Q1: Please could you provide the Tenable CID/Activation Code for this opportunity? The information to locate the exact existing license, will assist us with the correct renewal pricing.

A1: *We understand that the Tenable CID/Activation Code may assist in validating the existing licence record and ensuring that the correct renewal pricing is applied. However, at this stage, PetroSA is not in a position to share the activation code, as it is licence-sensitive information and must be managed in accordance with our internal procurement and information security controls.*

The scope of work issued provides the required details for this opportunity, including the product, renewal requirement, support requirement, and intended use within the PetroSA environment. We therefore kindly request that your quotation be prepared based on the information provided in the published scope of work.

Should there be any specific information gap that prevents you from submitting a quotation, please advise what non-sensitive information is required.

+++++

Please note the above Tender has been published on the PetroSA e-Procurement website. To access the full RFQ, kindly log onto www.procurement.petrosa.com with your MAAA-number. Please note:

- All tender-related queries must be directed to the designated tender consultant directly. Their contact details are available at the top of each online tender document.
