REQUEST FOR INFORMATION

Name: South African laboratories are requested to submit an Expression of Interest (RFI) regarding their capacity and SANAS accreditation to undertake the following tests for finfish and shellfish.

Description: South African laboratories are requested to submit an Expression of Interest (RFI) regarding their capacity and South African National Accreditation System (SANAS) accreditation to undertake the following tests for finfish and shellfish matrices including abalone, mussels, oysters, urchins and lobster

- **Stilbenes** (Diethylstilbestrol and Dienestrol),
- **Steroids** (alpha Boldenone, beta Boldenone, 17alpha Ethynylloestradiol, 17beta Oestradiol, 17alpha Methyltestosterone, 19 Nortestosterone, Zeranol, Taleranol, Androstadienedione, Androstenedione, Epitestosterone, Esetrol, Medroxyprogesterone, Medroxyprogesterone acetate, Melengestrol acetate, Norandrostenedione, Progesterone, Stanozolol, Trenbolone, Trenbolone acetate, Testosterone, Equilin),
- **Chloramphenicol** (Chloramphenicol),
- **Furazolidone metabolite** (3-amino-2-oxazolidinone (AOZ)),
- **Furaltadone metabolite** (3-amino-5-morpholinomethyl-2-oxazolidinone (AMOZ)),
- **Nitrofurantoin metabolite** (1-aminohydantoin (AHD)),
- **Nitrofurazone metabolite** (semicarbazide (SEM)),
- **Nitroimidazoles** (Dimetridazole, Ronidazole and Metronidazole),
- **Antibacterial substances** (Sulfabenzamide, Sulfaquinoxaline, Sulfachloropyridazine, Sulfadiazine, Sulfadimethoxine, Sulfadoxine, Sulfaguanidine, Sulfamerazine, Sulfamethazine, Sulfamethizole, Sulfamoxole, Sulfamethoxypyridazine, Sulfamonomethoxine, Sulfathiazole, Sulfamethoxazole, Sulfapyridine, Sulfisoxazole, Tetracycline (+ epi), Oxytetracycline (+ epi), Chlortetracycline (+epi), Doxycycline, Thiamphenicol, Florfenicol, Ampicillin, Amoxycillin, Cloxacillin, Benzylpenicillin, Dicloxacillin, Ivermectin, Abamectin, Doramectin, Emamectin, Eprinomectin, Sarafloxacin, Difloxacin, Norfloxacin, Ciprofloxacin, Enrofloxacin, Flumequin, Nalidixic acid, Oxolinic acid, flavophospholipol),
- **Anthelmintics** (Albendazole oxide, Oxfendazole, Thiabendazole, Oxibendazole, Mebendazole, Flubendazole, Albendazole, Fenbendazole, Febantel, Triclabendazole),
- **Carbadox** and
- **Olaquinox.**

Please submit your company name, email address and telephone number to Mr John Foord/ Ms Pinky Moloi as well as the above test validation results for the respective matrices and SANAS accreditation certificate for the respective tests by **02 July 2021**. Mr Foord can be contacted on by email: JFoord@environment.gov.za and Cell: 082 343 [8327/Pmoloi@environment.gov.za](tel:8327Pmoloi) 0214023397.
