

	Request to Extend Enquiry Closing Date	Document Identifier	240-64721802	Rev	1
		Effective Date	01 February 2018		
		Review Date	March 2027		

Dear Sir / Madam

Description / Project Title	Procure, transport, delivery, and installation of 3 x mobile office units (including ablution facilities for electricity, water, and sanitation) to Upington, Aurora and Gourikwa substations
Request for RFP/RFI/Enquiry No	WCTX1132FM
Enquiry issue date	24 August 2023
Enquiry original closing date	21 September 2023
Proposed new enquiry closing date	28 September 2023
Motivation for extension	In the non- compulsory clarification meeting we had on the 07 September 2023; several technical questions were raised by the suppliers and the team could not immediately respond without verifying information first. The technical team requires a physical site inspection at all 3 substations to confirm measurements. The information will only be available between the 12 – 13 September 2023, which was a concern to the tenderers as it does not provide them enough time to prepare and submit at the required information by the closing date and time. It was therefore decided that the tender closing date be extended to give tenderers sufficient time to work on submission after clarity is furnished by the team.

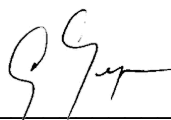

Your co-operation is appreciated

Yours faithfully,

Fiona Manziya

Officer, Procurement

Reginald George

Middle Manager, Secondary Plant
