

ANNEXURE B – TECHNICAL CRITERIA

Compulsory Returnable

Technical Pre-Qualification:
Bidders must provide proof of registration as dangerous goods carriers in line with the National Road Traffic Act and ensure that each vehicle used to transport dangerous goods displays a valid “D” category operator card issued with the licence disc.
Valid proof of Driver in possession of a valid PrDP Category “D of Dangerous Goods (D).

Annexure B1: Proof of Experience in the Waste Management

Note to tenderers:

Proof of experience in the handling which includes removal, transportation and disposal or recycling of hazardous waste (excluding wastewater and sludge) in the past 10 years. Evidence of a detailed and traceable reference list of clients serviced.

Name of the project	Waste stream/ type handled	Name of client serviced	Site name	Client serviced contact details, including contact number and work email address	Duration of work/contract that was undertaken (start date and end date of the contract/ work)

The scoring of the Company's Previous Experience in Waste Management will be as follows:

Points (30)	
0	The tenderer has submitted irrelevant information to determine a score.
20	The tenderer has demonstrated 1 project in the handling of hazardous waste (excluding wastewater and sludge) conducted in the past 10 years.
40	The tenderer has demonstrated 2 projects (projects must be at different sites) in the handling of hazardous waste (excluding wastewater and sludge) conducted in the past 10 years.
60	The tenderer has demonstrated 3 projects (projects must be at different sites) in the handling of hazardous waste (excluding contaminated water and sludge) conducted in the past 10 years.
80	The tenderer has demonstrated 4 projects (projects must be at different sites) in the handling of hazardous waste (excluding wastewater and sludge) conducted in the past 10 years.
100	The tenderer has demonstrated more than 4 projects (projects must be at different sites) in the handling of hazardous waste (excluding wastewater and sludge) conducted in the past 10 years.

Annexure B2: Number of high-pressure cleaning projects

Note to tenderers:

List the number of high-pressure cleaning projects conducted in the past 10 years. The tenderer shall supply the list of high-pressure cleaning projects with detailed and traceable reference list of clients serviced.

Name/ description of high-pressure cleaning project	Name of client serviced	Site name	Client serviced contact details, including contact number and work email address	Duration of work/contract that was undertaken (start date and end date of the contract/ work)

The scoring of the Number of Projects will be as follows:

Points (30)	
0	The tenderer has submitted irrelevant information to determine a score.
20	The tenderer has 1 high-pressure cleaning project conducted in the past 10 years.
40	The tenderer has 2 high-pressure cleaning projects (projects must be at different sites) conducted in the past 10 years.
60	The tenderer has 3 high-pressure cleaning projects (projects must be at different sites) conducted in the past 10 years.
80	The tenderer has 4 high-pressure cleaning projects (projects must be at different sites) conducted in the past 10 years.
100	The tenderer has more than 4 high-pressure cleaning projects (projects must be at different sites) conducted in the past 10 years.

Annexure B3: Plans and Procedures

Note to tenderers:

Tenderer to provide the plans and procedures that cover the following list:

1. Operational procedures on the handling (loading and securing of a load)
2. Transportation (compliance with SABS Codes 0231 and 0232)
3. Disposal of industrial waste (i.e. unloading procedures)
4. Emergence response plan during transportation
5. Spill response and incident investigation.

The scoring of the Plans and Procedures will be as follows:

Points (10)	
0	The tenderer has submitted irrelevant information to determine a score.
20	The tenderer has complied with 1 item in terms of the requirements.
40	The tenderer has complied with 2 items in terms of the requirements.
60	The tenderer has complied with 3 items in terms of the requirements.
80	The tenderer has complied with 4 items in terms of the requirements.
100	The tenderer has complied with 5 items in terms of the requirements.

Annexure B4: Certificates of employees trained on hazardous chemicals substances or waste handling or waste management.

Note to tenderers:

Tenderer to provide copies of certificates of employees training on the handling of hazardous chemicals substances or waste handling or waste management.

The scoring of employees trained on hazardous chemicals substances or waste handling, or waste management will be as follows:

Points (30)	
0	The tenderer has submitted irrelevant information to determine a score.
20	The tenderer has 1 employee trained on hazardous chemicals substances or waste handling or waste management.
40	The tenderer has 2 employees trained on hazardous chemicals substances or waste handling or waste management.
60	The tenderer has 3 employees trained on hazardous chemicals substances or waste handling or waste management.
80	The tenderer has 4 employees trained on hazardous chemicals substances or waste handling or waste management.
100	The tenderer has 5 or more employees trained on hazardous chemicals substances or waste handling or waste management.
