1. INTRODUCTION

The South African Local Government Association (SALGA) is a public entity established by the Organised Local Government Act (Act 52 of 1997) to assist in the comprehensive transformation of local government in South Africa. SALGA is managed within the framework of the Public Finance Management Act (Act 1 of 1999) and is listed as a schedule 3A public entity. Its main objectives are to:

- Represent, promote and protect the interests of local government;
- Transform local government to enable it to fulfil its developmental role;
- Enhance the role and status of its members as provincial representatives and consultative bodies of local government;
- Enhance the role and status of municipalities;
- Be recognised by national and provincial governments to be the representative and consultative body in respect of all matters concerning local government and to make representations to both provincial and national governments in respect of any matter concerning local government;
- Ensure the full participation of women in organised local government;
- Be the National Employers' Association representing all municipal members and, by agreement, associate members.

2. SALGA MANDATE

Developmental Local Government is an essential component of the machinery of government. In accordance with our constitutional mandate, SALGA is obliged to transform the local government sector to one that has the required capacity to make a meaningful contribution to poverty alleviation, economic development and all socio-economic opportunities that the state has geared itself to provide for its people. SALGA also serves as the representative voice of all 257 municipalities in the country.

For the past 20 years, since its establishment, SALGA has endeavoured to bring focus to its mandate of supporting local government transformation in a complex environment, characterised by a highly diverse and diffuse membership-base of municipalities. In terms of its amended Constitution, SALGA is a unitary body that consists of a national association and nine provincial offices. Its mandate rests on six primary pillars:

- (1) **Representation, Advocacy and Lobbying** refers to representing the interests of members in legislatures and other policy making and oversight structures. It also refers to engaging with various stakeholders, public debates etc. in the interest of Local Government.
- (2) **Employer Body** refers to being an effective employer representative for members. Employer representation is carried out through collective bargaining (in terms of the Labour Relations Act) in various structures including but not limited to those established in the South African Local Government Bargaining Council.
- (3) **Capacity Building** refers to facilitating capacity building initiatives through among others; representing member interests in the Local Government Sector Education Authority (LGSETA). SALGA strives to facilitate a coherent, well-co-ordinated capacity building programme for municipal councillors and officials.
- (4) **Support and Advice** refers to the provision of tools and services that enable municipalities to understand and interpret trends, policies and legislation affecting Local Government and to implement the said policies and plans
- (5) **Strategic Profiling** of Local Government refers to enhancing the profile and image of local government as an important and credible agent for the delivery of services. Profiling focuses within South Africa, the African continent and the rest of the world.

- (6) **Knowledge and Information Sharing** refers to building and sharing a comprehensive hub of Local Government knowledge and intelligence that will enable informed delivery of other SALGA mandates. The knowledge hub is also a useful reference point for all who seek Local Government information.

3. PURPOSE OF THIS REQUEST

The purpose of this document is to call for proposals from suitable service providers to assist the South African Local Government Association (SALGA) with the development of the **Security Master Plan for Matjhabeng Local Municipality**.

4. BACKGROUND

In terms of section 152(c) of the Constitution of South Africa, local government is tasked with the responsibility of ensuring the provision of services to communities in a sustainable manner. Matjhabeng Local Municipality committed in its Integrated Development Plan (IDP) and Vision 2030 to emphasize and broaden the developmental nature of local government. The protection of Councils assets, staff and infrastructure is central to the Municipality in achieving its strategic objectives as per vision 2030.

Matjhabeng Local Municipality faces challenges in meeting the statutory and democratic responsibilities, from service delivery protests to audit reports and is struggling to fulfil its asset management obligations. Currently the municipality is experiencing high incidents of theft and vandalism on municipal infrastructure, which has negative consequences on its ability to provide sustainable and continuous services to the communities. Furthermore, this results to the community being deprived of basic services for prolonged periods as a result of theft and damage of these components. Subsequently, the environment gets adversely affected as sewer spillages result in environment disaster by contaminating rivers and dams which serves as water sources for communities. This also hampers the municipality's ability to expand basic services to communities which are in desperate need of these services.

The criminal threat against municipal assets also impacts on sustainable service delivery and has far reaching and crippling effects to the municipalities ability to collect revenue due to disruptions in delivering services.

One of the serious negative implications identified against effective protection of assets, is the fragmented approach in addressing losses and the lack of a holistic business approach (a proper risk asset protection policy and security master plan).

An environment thus needs to be created whereby the municipality is required to base their assets protection approach on its cost -effective introduction, management and early identification of associated risks.

It is anticipated that the development of the Security Master Plan will strengthen the capability and capacity of Matjhabeng Local Municipality to create a conducive environment for accelerated local economic growth and development to attract, facilitate and retain investments.

Protection of the Municipal Infrastructure is important for the following reasons:

Legislative Compliance - the Public Finance Management Act and the Municipal Finance Management Act stipulates that the accounting officer is responsible for managing the assets and liabilities of the municipality including the safeguarding and maintenance of its assets.

Improved service delivery – assist the municipality in achieving its service delivery objectives in a cost-effective manner.

Prevention of financial losses – through an integrated and holistic approach to asset management and minimise fruitless expenditure. For example, the systematic management of the estimated remaining assets lifespan can delay reconstruction costs, curb losses and prevent costly accidents due to asset failure.

Socio-Economic development – Well serviced infrastructure provides the basis for good public health and is a necessary condition for local economic development.

Maintaining the community trust – The municipality's ability to continue providing services in a sustainable manner will minimise possibility of unrests.

4 Key objectives of the Security Master Plan

The following are the objectives of Matjhabeng Local Municipality's Security Master Adequate and serviceable assets

- To provide adequate and serviceable assets
- To ensure safety of Matjhabeng LM personnel to perform their duties.
- To protect infrastructure against criminal threats including vandalism to key service delivery infrastructure.

5. SCOPE OF WORK

5.1 Sample size

The Security Master Plan will focus solely on **Matjhabeng Local Municipality** critical infrastructure in Welkom, Virginina, Odendaalsrus and Allanridge

The successful bidder is expected to undertake the following tasks:

PER SITE ASSESSMENT APPROACH

- a) To understand the regular and periodic operational processes of the site
- b) Identify & prioritize the assets essentials

Once the sites total risks are established:

- To provide recommendations for physical, technological, staffing, policy and procedural corrective measures that will improve the site's security preparedness in the face of the relevant threats.
- To identify corrective measures that will provide the greatest Return on Investment (ROI) for individual site.
- To establish Security systems monitoring protocols
- To provide coverage of sites based on their relative criticality to municipal operation and reputation. This would allow for a more cost-effective allocation of security resources.
- To establish trends in overall security preparedness requirements per individual site
- Once the site's total risk is established provide recommendations to the municipality.

6. DELIVERABLES

The successful bidder should ensure completion of the following tasks within the stipulated timeframe.

- a) An in-depth review of municipality's security vision in terms of the IDP.
- b) Conduct asset verification and develop asset register for all buildings and critical assets (critical utility infrastructure, municipal parks, community centres, sports infrastructure).
- c) An assessment of the current data network layout and infrastructure within the municipality and sub-sectors as potential drivers of growth.
- d) In depth security risk assessment followed by proven and cost-effective solutions.
- e) Address the following vulnerabilities by:
 - i) Physical security features (fencing/window safety features)
 - ii) Technological security features (access control mechanisms and closed-circuit television cameras)
 - iii) Human asset security features e.g to increase security personnel presence and better-defined protocols.
- f) Review existing Asset Protection Policy
- g) Develop a framework for implementation of Integrated Security Systems.
- h) Develop a high-level general policy principle/framework which guides the establishment of subordinate implementation strategies, directives, instructions, procedures, plans and specifications.
- i) Outline the roles and responsibilities of the various role players within the Security Master Management system.
- j) Develop a policy framework and the strategic direction to security/protection reform within the municipality.

6.2 Skills required and service provider competencies

To successfully complete the task at hand, a combination of techniques, research approaches and skills will be required. The project may require literature review and desktop research skills. In summary the team would need a combination of skills related to:

- Knowledge of Local Government sector

- Research
- Security and Risk Management
- Proven knowledge of Municipal Infrastructure Protection concept.
- Understanding of Local Government planning processes.
- Knowledge of ICT security systems.

7. CONTENT OF PROPOSAL

The proposal should, at a minimum, include:

- 7.1 All relevant perceived strengths and weaknesses of the firm bidding for the service, e.g. similar previous experience, in-house skills, etc; providing information which will assist SALGA to assess its capabilities, competitive advantages, etc.
- 7.2 Summary of the bidder's mission statement, the vision statement, values and long-term strategies and objectives as comprehensively as possible.
- 7.3 List of references of previous and current appointments relevant to the required services; examples of such services capabilities and experience and more specifically the number and size of organisations where service rendered in specific sectors in government and areas of expertise.
- 7.4 An organogram or list of partners, managers, specialists, together with the *curriculum vitae* of the staff who will be available for the duration of the work; any staff changes regarding staff allocated to SALGA must be done in consultation with the Project Manager representing the organisation. The successful bidder should provide experienced specialists relevant to the required services.
- 7.5 A breakdown of the tariff, VAT inclusive, per category as required for services rendered. Expenditure incurred without the prior approval of SALGA will not be reimbursed. An analysis of costs must be given to cover the full amount, and where possible, costs should be linked with specific tasks to be undertaken. All other incidental costs should be included in the budget breakdown.
- 7.6 In so far as is possible, a comprehensive budget, showing the service of activities proposed, with charge-out rates and budgeted hours per activity, detailing all assumptions made in arriving at a proposed budget, including all cost factors such as traveling.
- 7.7 The remuneration framework of consultants shall take the following into consideration:
 - a) The "Guidelines on Fees for Audits done on behalf of the Auditor-General of South Africa (AGSA)" as issued by the South African Institute of Chartered Accountants (SAICA);
 - b) The "Guide on Hourly Fee Rates for Consultants" as issued by the department of Public Service and Administration (DPSA); and/or
 - c) Remuneration guidelines issued by professional service organisation or regulatory bodies, as may be relevant.
- 7.8 In so far as is possible, provide an overview of the methodology to be applied.

8. DESCRIPTION AND EXTENT OF WORK (PROJECT MANAGEMENT)

8.1 Performing of assignments

Assignments are to be performed in accordance with the industry/profession standards as well as the terms of reference. All reports will be reviewed by the relevant Project Manager representing the organisation.

All working papers and reports and documents will become the property of SALGA.

The successful bidder shall work with the Directorate of SALGA on the planning of various phases of the service activities and must be prepared to regularly report the progress to the relevant Project Manager.

8.2 Timing of assignments

The performance of this assignment shall be in accordance with the approved plan by the Project Committee. The final responsibility of approving the scope and extent of the work resides with the relevant Project Manager.

8.3 Quality assurance reviews of the work

The service provider shall ensure that all work conforms to all standards set out by SALGA.

8.4 Monitoring progress of assignments

On a mutually agreed basis, the service provider shall meet with the Project Manager to report progress of the work, and at the Project Committee meetings.

8.5 Payments

SALGA undertakes to pay out within a reasonable time period all valid claims for work done to its satisfaction upon presentation of a substantiated claim. No payment will be made on outstanding information not submitted by the service provider.

The parties shall, upon appointment of the service provider, sign a service level agreement to govern their business relationship.

Acceptance of any bid does not mean that work on an uninterrupted basis is guaranteed for the duration of the contract.

8.6 Expenditure incurred by the bidder

The SALGA will not be held responsible for any costs incurred by the bidder in the preparation and submission of the bid.

9. INSTRUCTION TO BIDDERS

9.1 General Instructions

This document constitutes a Request for Proposal (RFP), which specifies SALGA's requirements for a service provider to render services on behalf of SALGA for **the development and design a Security Master Plan for Matjhabeng Local Municipality**. The information contained herein provides a format to facilitate bidder's responses to this RFP. It is important that the format be followed closely to help maintain the decision-making timetable. Responses must be presented in the same order as the requirements appear, section by section, and numbered accordingly, with acknowledgement of all clauses. 11. EVALUATION

The following evaluation method will be used:

After the closing date of the bid invitation, an appointed evaluation committee of SALGA officials and possibly other external parties will evaluate the proposals of the bidders. The committee will individually evaluate each of the bid proposals received against the appointed criteria as provided for in Preferential Procurement Regulations, 2022

All proposals submitted will be evaluated on three categories:

- Functionality (technical content)
- Price
- Specific goals

Bids will be evaluated in accordance with the Preferential Procurement Regulations, 2022, using the 80/20 split. The 80/20 preference points system applies for acquisition of goods or services for Rand value equal or above R2 000 and up to R50 million.

Firstly, the assessment of functionality will be done in terms of the evaluation criteria and the minimum threshold value of 70 points. A bid will be disqualified if it fails to meet the minimum threshold value for functionality as per the bid invitation.

A Bid Evaluation Committee will review and evaluate the proposals. Bidders may be invited to present their proposal for the purpose of providing clarification and answers to questions by the committee. If presentations are necessary, they will be made on the date, time and location to be confirmed.

Thereafter, only the qualifying bids after the presentation will be evaluated in terms of the 80/20 preference points systems, 80 points will be used for price only and the 20 points will be used for B-BBEE Status Level of Contribution and Specific Goals. The price points will be calculated in accordance with the formula prescribed in Regulation 6. (1) of the Preferential Procurement Regulations, 2022.

A recommendation for the awarding of the contract will be made at the meeting of the Bid Adjudication Committee to be confirmed, where applicable.

For functionality, the following criteria will be applicable and the maximum value of points breakdown for each criterion using these scale level descriptors:

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 **To be completed by the organ of state**

(delete whichever is not applicable for this tender).

- a) The applicable preference point system for this tender is the **90/10** preference point system.
- b) The applicable preference point system for this tender is the **80/20** preference point system.
- c) Either the **90/10 or 80/20 preference point system** will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 **To be completed by the organ of state:**

The maximum points for this tender are allocated as follows:

B-BBEE Status Level of Contributor	Number of points (80/20 system)
1	10
2	9
3	7

4	6
5	4
6	3
7	2
8	1
Specific Goals	
SMME's	4
100% Black Women owned	3
100 % Youth	3
Total Points	20

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20

or

90/10

$$Ps = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right) \text{ or } Ps = 90 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20

or

90/10

$$Ps = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right) \text{ or } Ps = 90 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or

- (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)
