		TRAINING - Laying and maintaining pipes			30 people			
		ACCREDITED TRAINING PROVIDERS WHO MEET THE MENTIONED CRITERIA MAY RESPOND WITH QUOTATIONS						
		Accredited service providers who are interested in offering the <u>Laying and maintaining pipes</u> training are kindly requested to respond to this advertisement with a quotation. The tenderer is required to submit their valid accreditation as an skills development provider with the quotation.						
		NB. The methodology that this training must follow is similar to that of unit standard - 254070 taking note of: The specific outcomes, The assessment criteria, The critical cross fields etc. Ref. to the unit standard on SAQA for guidance.						
		Below are the specific outcomes that must be covered in the training.						
		<u>Specific Outcomes</u> 1. Set out a pipe route using control points. 2. Check and form trench sub-grade and base in preparation for pipe installation. 3. Lay pipeline in accordance with code of practice and engineering drawing. 4. Inspect and test the system in accordance with code of practice. 5. Complete final backfill and construction work as per code of practice and specification. 6. Shut down and charge system in accordance with code of practice and work procedures. 7. Complete reports and records in accordance with work procedures.						
		The following documents must be submitted with each quotation: 1) Relevant accreditation documentation that is current and valid. NB. Failure to clearly highlight the accreditation on the documents that is submitted will result in disqualification 2) Provide a detailed scope						
		3) Provide 1 reference from reputable organisations indicating where your organisation has successfully completed this training before. References from Jwater will not be considered.						
		4) The tenderer must include the duration of the training in their quotation. (The training should not be more than 5 days)						
		5) Training must be done at one of the JWater sites, the service provider must provide the necessary training resources as per their accreditation when offering the training at our JWater site. The service provider must indicate that they will be able to offer the training at one of JWater sites. It is the service providers responsibility to liaise with the relevant JWater officials at the respective depot to coordinate the training.						
		a) The training provider must submit attendance registers on the first day of the training and on the last day of the training when the course has been completed. b) The training provider must provide all statement of results and certification to JWater after the course has been completed. c) The price in the quotation must be in South African currency
