NO	QUESTIONS	ANSWERS
1	When is the closing date of the tender RT60-2022?	The initial closing date was 08 December 2021 at 11h00 but it has been extended until 15 December 2021 at 11h00am
2	Please advise on where can we obtain the detail specifications?	Bidders should open the " Annexure A " on the list of tender documents, it indicates the specification of the items.
3	When should samples be submitted?	The samples should be submitted on or before 15th of December 2021 . Bidders are encouraged to book the time slots for submission of samples at Transversal.contracting1@treasury.gov.za
4	How do we indicate the cost elements breakdown on the pricing schedule e.g D1-D6?	Manufacturers and importers will complete for D1(Imported Raw Material) and other cost elements of which Distributors or Suppliers will complete D2(Local Raw Material/Finished Product) and other cost elements. Bidders must understand the

		cost drivers of the product that their bidding for in order to put the correct cost breakdown.
5	What does labour costs, transport cost, overheads etc relate only to?	Labour costs, transport costs and overheads relate to the bidder's company not a manufacturer. Bidders should complete this section in accordance with their company cost elements
6	What should the bidder do with items they are not bidding for?	Bidders should just populate with the items they are bidding for on the provided spaces of the pricing schedule and not delete the items they are not bidding for.
7	Where can the bidder find detailed specification of item RT60-034 (PS 827 Buckle Belt)	The mentioned item: PS 827 Buckle Belt is now loaded on the e-tenders website under RT60-2022
8	Where is the item no: RT60-050 Fusing/Interlining material needed.	Fusing is the material used as an extra lining between the ordinary fabric of a garment and we used it in a collar of a shirt (mushroom) and also in the female skirt (waist).
