BID RESPONSE DOCUMENTS SUBMISSION INSTRUCTIONS							
Transnet has implemented a new electronic tender submission system, the e-Tender Submission Portal, in line with the overall Transnet digitalization strategy where suppliers can view advertised tenders, register their information, log their intent to respond to bids and upload their bid proposals/responses on to the system. The Transnet e-Tender Submission Portal can be accessed as follows: a) Log on to the Transnet eTenders management platform website/Portal using Google Chrome: transnetetenders.azurewebsites.net; b) Click on "ADVERTISED TENDERS" to view advertised tenders; c) Click on "SIGN IN/REGISTER to register new bidder information and ensure that all mandatory information is completed OR to sign in if already registered; d) Toggle (click to switch) the "Log an Intent" button to submit a bid; e) Respondents are to submit bid documents by uploading them onto the Transnet system against each tender selected. A Bidder can upload 30mb per upload and multiple uploads are permitted. f) Bidders should ensure that electronic bid submissions are submitted at least a day before the closing date and bidders should not wait for the last hour before the deadline to submit. This is to enable them to timeously address issues which they may encounter due to internet speed, bandwidth or the size of the number of uploads being submitted. Transnet will not be held liable for any challenges experienced by bidders as a result of their own technical challenges. g) No late submissions will be accepted. h) Each company must register its own profile using its company details and use the corresponding registered profile to log an intent to bid as well as submitting any bid. Transnet will not accept a bid or will disqualify a bidder who submits a bid in the Transnet e-tender submission through another bidders'/Company's profile. In other words, each bidder must register the intent to bid and submit its bid through its own profile under the same company name that will eventually bid for the tender. No company shall submit a bid on behalf of another company regardless of the company being a subsidiary or holding company. i) In case of a Joint Venture, any of the parties/companies to the Joint Venture may use its registered profile to submit a bid on behalf of the Joint Venture. j) A detailed bidder guide can be found on the Transnet Portal transnetetenders.azurewebsites.net
