Jackie Kwinika

Maybe if you can have a background to the project and maybe background to the BANKSETA.

0:3:23.810 --> 0:3:24.120

Jackie Kwinika

Thank you.

0:3:25.780 --> 0:3:27.490

Sfiso Dimba

Madeleine, I do want to come first.

0:3:30.290 --> 0:3:32.720

Madeleine Pelzer

Uh, I think you can take it from here.

0:3:32.730 --> 0:3:33.150

Madeleine Pelzer

Thank you.

0:3:34.130 --> 0:3:35.20

Sfiso Dimba

Thank you so much.

0:3:35.150 --> 0:3:38.620

Sfiso Dimba

And once again, a very welcome everyone.

0:3:39.230 --> 0:3:41.910

Sfiso Dimba

I'll I'll try to be as brief as I can.

0:3:42.980 --> 0:4:18.910

Sfiso Dimba

Uh, just to give a little bit of a background, this tender is basically looking for service providers I for the administration in contract management, all of our discretionary grant window, umm basically BANKSETA I wish and every financial year we have a funding window which will advertise and our employers mostly our levy paying employers they apply and then we fund them if they meet all our requirements.

0:4:19.300 --> 0:4:35.140

Sfiso Dimba

So the numbers of of of we basically the BANKSETA, we've got a ticket as per our annual performance plan and the man the numbers varies per each financial year as our strategic objection.

0:4:35.930 --> 0:4:52.940

Sfiso Dimba

So for this tender, we basically looking again for first service providers to manage at least pay provider 2000 learners per year and those 2000 2010 as is inclusive of enrolled that means entered and also the completion.

0:4:54.150 --> 0:4:57.290

Sfiso Dimba

So basically it's gonna be 2000.

0:4:59.210 --> 0:5:4.210

Sfiso Dimba

For for service provider pay, yeah, we should looking roughly at about 8000.

0:5:6.800 --> 0:5:9.630

Sfiso Dimba

The scope is.

0:5:11.410 --> 0:5:18.40

Sfiso Dimba

Just to let you know that we're gonna take the questions at the end of of of, of, of, of, of the presentation.

0:5:18.150 --> 0:5:42.260

Sfiso Dimba

So you've got any, any, any questions, please draft them so that we'll be able to attend to them after we presented and clear any any any queries umm as I've said earlier on the service provider is

expected to both administer and contract manage the contracts that are funded through the discretionary grant and PIVOTAL Grant funding Windows.

0:5:43.840 --> 0:6:6.860

Sfiso Dimba

This application providers will be required uh to be familiar with such a legislations such as the Skills Development Act of 1998 as Skills Development Act, amended 2008 leadership regulations, Ben Sitter to discretionary grant policy.

0:6:7.820 --> 0:6:41.570

Sfiso Dimba

Uh people talk grant funding, window cut lines and they report report reporting requirements such as the DHET National Skills Development Development Plan reporting template and also the HT Validation framework and this service provider will contract manage as well as provide the administration's administration services for this PIVOTAL grant funding window application and also the contract.

0:6:44.560 --> 0:6:44.980

Sfiso Dimba

At this?

0:6:46.560 --> 0:6:46.740

Sfiso Dimba

Yeah.

0:6:47.650 --> 0:6:54.770

Sfiso Dimba

Include, but not limited to administration of applications of the approved application of master list.

0:6:55.870 --> 0:7:0.10

Sfiso Dimba

I assistant drafting the contract using the BANKSETA template.

0:7:1.710 --> 0:7:5.20

Sfiso Dimba

Follow up with the employers to ensure that the contracts are signed.

0:7:7.210 --> 0:7:7.620

Sfiso Dimba

Uh.

0:7:7.630 --> 0:7:10.320

Sfiso Dimba

Request learner evidence for quality assurance.

0:7:10.330 --> 0:7:11.810

Sfiso Dimba

Term, term, terminology.

0:7:11.820 --> 0:7:18.860

Sfiso Dimba

Sly request tranche invoices from employers after they've completed quality, assuring the learner evidence.

0:7:20.300 --> 0:7:41.610

Sfiso Dimba

I trust project change control if there are any changes such as right, right back, all all funds that were not you talize and also conduct regular project reviews and project and project on progress and highlight issues and risk on a monthly basis to BANKSETA team.

0:7:41.900 --> 0:7:44.910

Sfiso Dimba

So basically, we're gonna have a monthly meeting.

0:7:45.80 --> 0:7:47.760

Sfiso Dimba

We should call a monthly progress meeting with BANKSETA.

0:7:49.110 --> 0:8:1.260

Sfiso Dimba

Also, the provider will be required to assist in terms of with the internal audit and with the internal audit and the AG request with the RFI.

0:8:1.370 --> 0:8:1.820

Sfiso Dimba

Tell me.

0:8:1.830 --> 0:8:2.130

Sfiso Dimba

Sleep.

0:8:2.770 --> 0:8:8.760

Sfiso Dimba

Uh, the service provider should also have a good knowledge of applicable legislation governing citas.

0:8:8.920 --> 0:8:26.400

Sfiso Dimba

As I've mentioned above and the good knowledge of contract management and also administration and handling of large volume of contracts have a recognizable qualification experience in project management and also have a good stakeholder management.

0:8:29.600 --> 0:8:29.870

Sfiso Dimba

Uh.

0:8:30.280 --> 0:8:35.650

Sfiso Dimba

The size of this ohm be if you can move to 4.4.

0:8:35.660 --> 0:8:35.930

Sfiso Dimba

Yes.

0:8:35.940 --> 0:8:36.330

Sfiso Dimba

Thanks.

0:8:37.120 --> 0:8:45.810

Sfiso Dimba

Besides is, is, is, is as per projected on the table as as mentioned earlier on we are looking at at least 5 to 200.

0:8:46.280 --> 0:8:47.650

Sfiso Dimba

That's what you're gonna be managing.

0:8:47.660 --> 0:8:52.330

Sfiso Dimba

Five, 500 to 2000 learners per group of employers pay per annum.

0:8:52.500 --> 0:8:59.250

Sfiso Dimba

Hence, we said we are looking for full providers, which is roughly about 8000 pay annual.

0:8:59.980 --> 0:9:3.660

Sfiso Dimba

The 2000 learners are inclusive of enrolled and completed.

0:9:3.670 --> 0:9:13.80

Sfiso Dimba

As I've mentioned earlier on and also this above table will upon those four service providers, however made that in mind.

0:9:13.90 --> 0:9:22.360

Sfiso Dimba

However, if less than four providers are appointed, the work will be divided equitable among the appointed service providers.

0:9:22.670 --> 0:9:24.260

Sfiso Dimba

Basically what it means by then.

0:9:24.440 --> 0:9:26.550

Sfiso Dimba

Let's assume that we are looking for for.

0:9:26.560 --> 0:9:29.980

Sfiso Dimba

However, only two meet all the requirements.

0:9:30.190 --> 0:9:35.900

Sfiso Dimba

That means they work for folk, will be equitable and distributed to this form.

0:9:36.590 --> 0:9:39.100

Sfiso Dimba

Let's just to to make it easy.

0:9:39.310 --> 0:9:45.170

Sfiso Dimba

For example, we set for each provider is 2002 thousand 2000 thousand, so if we.

0:9:46.580 --> 0:9:53.840

Sfiso Dimba

We we we appoint 2 that means it's provider will looking at 4000 and 4000 pay Anna.

0:9:57.100 --> 0:10:4.690

Sfiso Dimba

Umm, the project involves an involves an estimated alpha, roughly 15,000 learners that are spread across.

0:10:4.750 --> 0:10:9.330

Sfiso Dimba

Since our our stakeholders are also spread across nationally.

0:10:11.510 --> 0:10:30.800

Sfiso Dimba

Currently the live got a quite a number of existing, Umm contract for 2022 and 2023 three and also there will be an additional one which would have been currently approved for 2023 and also 2024.

0:10:31.850 --> 0:10:33.220

Sfiso Dimba

Uh, nobody.

0:10:33.230 --> 0:10:43.130

Sfiso Dimba

This contract the lenders normally between 12 months and 18 months it it varies and depends on the employed on the implementation.

0:10:44.640 --> 0:10:51.200

Sfiso Dimba

This the service provider will also perform the administration of the application for the discretionary grant funding Windows.

0:10:51.210 --> 0:11:13.710

Sfiso Dimba

That means these are the appointed, are provided will also assist in terms of the application when we go at the market and then when we do the evaluation and approve and assist in terms of trusting the MOA and due diligence and also a briefing sessions.

0:11:14.60 --> 0:11:20.570

Sfiso Dimba

So this will be the part of the the of the contract as a service provider.

0:11:20.810 --> 0:11:21.660

Sfiso Dimba

They are current.

0:11:21.670 --> 0:11:23.870

Sfiso Dimba

Do you have to play a current role such as?

0:11:25.510 --> 0:11:29.980

Sfiso Dimba

You have to assume the responsibility and accountability for contract management.

0:11:30.650 --> 0:11:33.700

Sfiso Dimba

Implement the work using suitably skilled staff.

0:11:35.350 --> 0:11:39.940

Sfiso Dimba

Assign a project executive or manager in charge of the project.

0:11:41.250 --> 0:11:43.260

Sfiso Dimba

Ensure overall stakeholder engagement.

0:11:44.510 --> 0:11:58.770

Sfiso Dimba

Sign a confidentiality agreement with Frank with BANKSETA prior to commencement and provide proof that learner information will be kept in a safe and said sure filing facility or environment.

0:12:0.940 --> 0:12:5.230

Sfiso Dimba

This provider should also ensure that they have an established office.

0:12:6.420 --> 0:12:23.150

Sfiso Dimba

Uh, wait and infrastructure that will be suitable for data filing, data management and also should they, should there be a requirement where the stakeholders need to have a meetings in your offices?

0:12:24.830 --> 0:12:34.240

Sfiso Dimba

I the seven provider will assign the take the following activities such as you must familiarize yourself with the BANKSETA to grant policy.

0:12:34.430 --> 0:12:42.160

Sfiso Dimba

If you have, you don't have it, it will be provided same as the BANKSETA PIVOTAL grant funding window guidelines.

0:12:43.710 --> 0:12:49.680

Sfiso Dimba

On support and and and and adhere to the objective and expectation of of BANKSETA.

0:12:52.470 --> 0:13:3.520

Sfiso Dimba

Assist the pencil Topper drawing up all the contract with the stakeholder with the stakeholders using that approved master and and spreadsheet, which we will be.

0:13:3.570 --> 0:13:29.150

Sfiso Dimba

We will provide as soon as the evaluation has been completed and then the application has gone through all the internal processes such as your property, internal audit firm, rancor and the approval

of the board or the CEO and also the provider must also be familiar with the the head reporting template.

0:13:30.320 --> 0:13:41.350

Sfiso Dimba

Uh, if you don't have, we will also provide, but as a provider we are expected that you are very much aware of the dehead validation framework.

0:13:43.940 --> 0:13:45.390

Sfiso Dimba

Assist with project management.

0:13:46.400 --> 0:13:46.890

Sfiso Dimba

Uh.

0:13:48.800 --> 0:13:48.950

Ramona Govender

Yeah.

0:13:46.900 --> 0:13:52.470

Sfiso Dimba

Create a central repository with a systematic filing system.

0:13:52.540 --> 0:14:13.930

Sfiso Dimba

I think we've mentioned that utilize a project tracking and reporting instrument condette regular contract reviews update BANKSETA on the contract project progress on a monthly basis and be able to identify and review and eliminate any contract and project risk.

0:14:14.0 --> 0:14:34.410

Sfiso Dimba

That means you'll also be expected on our monthly meeting to have a A, a risk to provide some kind of of of of risk uh document ohtsu we could accept up a regular steering committee which is normally monthly or at work.

0:14:33.660 --> 0:14:36.320

Ramona Govender

So stable that people.

0:14:40.520 --> 0:14:40.870

Ramona Govender

No.

0:14:36.540 --> 0:14:42.950

Sfiso Dimba

And also as a provider, you must be the secretariat of the Steering committee.

0:14:44.60 --> 0:14:47.280

Sfiso Dimba

Uh, do you mind to mute, please?

0:14:40.880 --> 0:14:49.910

Ramona Govender

Yes, the Statler that you took upstairs, the small one that you were using, putting it downstairs that we can use it.

0:14:49.350 --> 0:14:50.500

Sfiso Dimba

Do you mind to mute please?

0:14:52.560 --> 0:15:30.710

Sfiso Dimba

Is and if there are any issues they PROVIDERS is free to escalate and all those issues to BANKSETA whenever necessarily and just to ensure that their follow up on the on off, on, off, any bottlenecks and any project inefficiencies, inefficiencies and escalated chipping sitter and for example if if they they they provide they they they they they do out of the employers are not compliant in terms of the project timeline implementation or not closing in term not responding to emails.

0:15:32.20 --> 0:15:32.330

Sfiso Dimba

No.

0:15:32.340 --> 0:15:36.170

Sfiso Dimba

Providing completions or or or or entry documents.

0:15:36.440 --> 0:15:50.330

Sfiso Dimba

You have to ensure that you manage that and you report to BANKSETA for intervention as soon as possible to, to to, to try and eliminate and any risk such as audit findings and wasteful expenditures.

0:15:52.0 --> 0:16:5.10

Sfiso Dimba

Also this provide provider I had to adhere to Princeton, our counting processes and financial controls advise the employer of acceptable inverse requirements, which we're going to discuss with you.

0:16:5.850 --> 0:16:21.900

Sfiso Dimba

Uh, with the with the appointed provider as soon as we have our kick off meetings and also follow up with employers to ensure that the submission of of of correct performance information and inverses are adhered well.

0:16:23.640 --> 0:16:36.680

Sfiso Dimba

And as I've mentioned earlier on, the provider must ensure that they meet all the auditor requirements and put controls to ensure that we don't expose BANKSETA to any audit findings.

0:16:38.480 --> 0:16:43.600

Sfiso Dimba

Ensure that monitoring and evaluations are done on behalf of the BANKSETA.

0:16:44.610 --> 0:16:51.690

Sfiso Dimba

I suspend, set up ever taps teams with any audit request that may arise from internal auditor or aging.

0:16:53.980 --> 0:17:15.520

Sfiso Dimba

In terms of data management and tracking, this provide is expected to capture and save the funding performance information per employer quality, assure all performance information and ensure that the accurate and and in compliance with the audit requirements to provide BANKSETA with softcopies of all learners supporting documents.

0:17:16.850 --> 0:17:34.160

Sfiso Dimba

I keep that on records of learner employment include including an unemployed learners update, the BANKSETA type database in terms of termination, completion and in other requirements, and also ensure that.

0:17:36.490 --> 0:17:51.910

Sfiso Dimba

Within that monitoring and evaluation component that the service provider is available to travel to BANKSETA stakeholders, it's available for meeting my monthly basis and on ad hoc whenever necessarily.

0:17:54.300 --> 0:18:2.240

Sfiso Dimba

At at at some time it it might be a a physical meeting or it can be an MS Teams, it will depend.

0:18:4.950 --> 0:18:16.350

Sfiso Dimba

Uh, and then in terms of activities relating to closing out contract, the contract close out must be done before the end of the contract that is very important in terms of contract management.

0:18:17.320 --> 0:18:20.650

Sfiso Dimba

I looking at the project implementation progress.

0:18:20.660 --> 0:18:21.430

Sfiso Dimba

I've come in.

0:18:21.440 --> 0:18:37.220

Sfiso Dimba

Lessons learnt and also the provider must ensure that they prepare the final report to provide feedback on the project progress leading up to closure and looking at such factors or or elements.

0:18:37.520 --> 0:18:48.90

Sfiso Dimba

Elements such as issues and risk management, deviation from project aims and objectives change request lessons, lens challenges, achievement and success.

0:18:54.380 --> 0:19:3.250

Sfiso Dimba

In terms of COMPETENCY and EXPERTISE requirements, we require that the President's team should at least have about 5 resources.

0:19:3.260 --> 0:19:3.580

Sfiso Dimba

Resources.

0:19:4.780 --> 0:19:11.930

Sfiso Dimba

This is inclusive of project executive, such as Executive project team or at least one project administrator.

0:19:13.20 --> 0:19:16.190

Sfiso Dimba

There must also provide the service qualifications.

0:19:17.630 --> 0:19:52.370

Sfiso Dimba

I think Jackie will take you through the other part of the the the technical where this it's it's basically a A explained in a more uh is a way so that to be able to ensure that you you you provide this information as needed the provider should provide a list of project from all project that had they've done previously I will wait of work with ten or more contracts with various with various edge stakeholders.

0:19:54.430 --> 0:20:0.730

Sfiso Dimba

That they they should also make provision for the M&E monitoring and evaluation of contracts in their budget.

0:20:1.960 --> 0:20:2.640

Sfiso Dimba

Uh.

0:20:2.640 --> 0:20:6.960

Sfiso Dimba

Track record of the beta refrigerator should be provided the bidder.

0:20:7.20 --> 0:20:12.630

Sfiso Dimba

The bidder should provide signed conductible references on the clients letterhead to establish track record.

0:20:12.700 --> 0:20:20.400

Sfiso Dimba

But the beta should have working facilities and resources of for administrative duties and data filling.

0:20:20.870 --> 0:20:25.720

Sfiso Dimba

Also, the beta should have data management, tracking and reporting tools.

0:20:28.580 --> 0:21:6.520

Sfiso Dimba

I'm this is just a general information in terms of our employers who are employers who are training

providers, the appointed service providers and also Banksy type and learners just to explain that in terms of duration, this contract will be for a two year period this the state of the initial first year will be on the contract signature and the end date will be the end of the final second year being in July 2020 sixth, the contract to end in July 2026 to cover the finalization of the audit.

0:21:6.970 --> 0:21:14.640

Sfiso Dimba

That's why we've extended what you like because our audit is normally start in April and and goes to till July.

0:21:14.750 --> 0:21:22.310

Sfiso Dimba

So we have to ensure that we we have a provider, should there be any requirements so that they'll be able to provide.

0:21:22.790 --> 0:21:25.420

Sfiso Dimba

I think there's all from my side.

0:21:25.430 --> 0:21:27.120

Sfiso Dimba

Jackie, did I miss anything?

0:21:28.560 --> 0:21:34.630

Jackie Kwinika

And that that things as fiscal, then it, Madeleine who like to add something from your side.

0:21:37.890 --> 0:21:38.600

Madeleine Pelzer

No, thank you.

0:21:38.610 --> 0:21:42.720

Madeleine Pelzer

I think we should dimba have covered it significantly.

0:21:42.730 --> 0:21:43.490

Madeleine Pelzer

Thank you very much.

0:21:43.740 --> 0:21:44.140

Jackie Kwinika

OK.

0:21:44.420 --> 0:21:46.70

Jackie Kwinika

Thanks, Madeleine.

0:21:46.280 --> 0:21:57.120

Jackie Kwinika

And also please ask you so as indicated, please make those notes and then we will do them once we are done with the presentation and then.

0:21:59.100 --> 0:22:0.670

Jackie Kwinika

On a blood .9 with what?

0:22:0.680 --> 0:22:20.170

Jackie Kwinika

The pricing structure and then which is very important, the pricing and B, the pricing schedule must be completed as per the attached and extra a bias who fail to comply with this requirement will be disqualified because it will be impractical to compare pricing across all submissions.

0:22:21.180 --> 0:22:23.760

Jackie Kwinika

Now quickly project the pricing.

0:22:28.560 --> 0:22:45.280

Jackie Kwinika

OK, at this is the pricing structure and project in on this screen it has got two years you will need to complete the year one and year two and then it will add up year one and year 2 onto the total bidding price.

0:22:45.290 --> 0:23:5.330

Jackie Kwinika

And then the total bidding price will be based on 2000 learners is who will be using 2000 Linux for the purpose of evaluation and also as reference from the two are that we planning to uh uh appointment.

0:23:6.390 --> 0:23:22.50

Jackie Kwinika

Or service providers with 2000 learners each, but it will depend on how many service providers we will be getting and then what's also important for you here to note is please only temper with the yellow sections.

0:23:22.560 --> 0:23:25.860

Jackie Kwinika

Despite that, we're going to look only at the 2019.

0:23:25.870 --> 0:23:34.690

Jackie Kwinika

Please give us the pricing from a 500 a 1000 Thou 5 and also more than 2000.

0:23:34.900 --> 0:23:45.400

Jackie Kwinika

So it will help us during constructing phases in case maybe we only have 500, let us we will be covered if there is only 1000 learners.

0:23:45.650 --> 0:23:54.960

Jackie Kwinika

We are also covered and also if there's anything more than 2000 in case we appoint one or two or three service providers where also covered.

0:23:54.970 --> 0:23:59.950

Jackie Kwinika

But for the purpose of evaluation, we will be focusing much on 2000 learners.

0:24:2.30 --> 0:24:5.440

Jackie Kwinika

And also please do not tamper with anything here.

0:24:5.450 --> 0:24:8.950

Jackie Kwinika

If you tamper with anything else, the statement where you have.

0:24:9.50 --> 0:24:14.120

Jackie Kwinika

I have read there that it will be impractical for us to compare across it.

0:24:14.870 --> 0:24:18.300

Jackie Kwinika

You might be disqualified for tempering with this pricing.

0:24:18.470 --> 0:24:25.310

Jackie Kwinika

Let's say here we said give us 11 quantity and then you decide your team is 100 people and put 100.

0:24:25.320 --> 0:24:29.100

Jackie Kwinika

Here you are tempering with the wrong side of the pricing.

0:24:29.110 --> 0:24:31.150

Jackie Kwinika

Please do not tamper on that section.

0:24:33.380 --> 0:24:43.510

Jackie Kwinika

I'm audible and then on the yellow section here you can say if it's 800,000, you'll say your project manager and your your project team.

0:24:43.700 --> 0:24:45.270

Jackie Kwinika

Maybe it's 800,000.

0:24:45.280 --> 0:24:58.510

Jackie Kwinika

You'll put 800,000 here and then it will automatically calculate your pricing if it's ten round you capture on the illustration, which will say show your tender under and then if you're strange, run 300 for 2000.

0:24:58.520 --> 0:25:5.70

Jackie Kwinika

Whatever you capture only on the yellow section and then your pricing will be automatically be calculated.

0:25:5.640 --> 0:25:17.310

Jackie Kwinika

However, if you feel like there's something that we did not include on our pricing, which is important for you to achieve this project, you come here.

0:25:17.570 --> 0:25:23.990

Jackie Kwinika

Yeah, I think it's on row 14 from row 14 to room 19.

0:25:24.680 --> 0:25:29.690

Jackie Kwinika

That's where you can add your logistics sticks closed.

0:25:29.970 --> 0:25:37.50

Jackie Kwinika

Whatever cause your accommodation caused your meeting cost your fuel cost, whatever you call it, you must appear.

0:25:38.490 --> 0:25:44.310

Jackie Kwinika

But when we evaluate, we're not going to look at what we have added here was important to us is the total price.

0:25:45.540 --> 0:25:52.890

Jackie Kwinika

If you say you gonna be adding your your water, water or refreshment or whatever.

0:25:52.900 --> 0:25:54.890

Jackie Kwinika

Yeah, it's your business.

0:25:55.210 --> 0:25:55.890

Jackie Kwinika

It's your business.

0:25:55.900 --> 0:26:5.420

Jackie Kwinika

Whatever you are adding here, but what we're going to look at is the total that you are giving us and you will be evaluated on the total with someone does not include anything here.

0:26:5.430 --> 0:26:7.780

Jackie Kwinika

Someone will say no, everything is covered.

0:26:7.790 --> 0:26:27.400

Jackie Kwinika

I'm not including anything here and then we will evaluate on the total and if you decide you are adding six items here also we're going to ignore the items, but there will be added onto your total, yeah, if there's an item for refreshment when you you, you will be climbing the attainment whatever you call it.

0:26:27.410 --> 0:26:36.50

Jackie Kwinika

The edit here to show you are able to deliver on the project, but there is no advantage on or disadvantage on those items.

0:26:36.60 --> 0:26:37.170

Jackie Kwinika

We don't look at them.

0:26:37.320 --> 0:26:45.560

Jackie Kwinika

We will be looking at the total, I believe I am clear and then the pricing must cover all items as the two the 2R.

0:26:45.930 --> 0:26:57.920

Jackie Kwinika

If maybe you feel like item X on the 2R is not included and you will need costing for that, please this there is a space for you to add those item you believe they're not here.

0:26:57.930 --> 0:27:1.500

Jackie Kwinika

Your accommodation in Cape Town, you are whatever you call.

0:27:1.510 --> 0:27:4.800

Jackie Kwinika

Please include everything here because once this is submitted.

0:27:12.340 --> 0:27:13.570

Jackie Kwinika

Apologies for that.

0:27:14.280 --> 0:27:20.290

Jackie Kwinika

Once you're pressing is submitted to one have a chance to be saying no.

0:27:20.300 --> 0:27:25.450

Jackie Kwinika

I did not include the cost for my driver who will be doing XYZ.

0:27:25.460 --> 0:27:32.960

Jackie Kwinika

Please ensure your driver and whatever is part of the project team are included here and then pricing must be femme.

0:27:33.190 --> 0:27:36.860

Jackie Kwinika

There's no changes to the pricing, you ask escalations and everything.

0:27:37.110 --> 0:27:44.0

Jackie Kwinika

Please include them on your submission of the tender if they are in escalation, calculate them in advance.

0:27:44.290 --> 0:27:50.520

Jackie Kwinika

We don't want you to be saying as to us that there is a percentage increase in the second year or whatever.

0:27:50.530 --> 0:27:55.230

Jackie Kwinika

Please include all your pricing on this form if they are in escalation, let them be included.

0:27:56.870 --> 0:28:5.530

Jackie Kwinika

Then if you you are a vendor, also capture your your vet accordingly and then if you're not a vendor, please do not include vet.

0:28:7.880 --> 0:28:24.260

Jackie Kwinika

Then total will be automatically calculated and then also the BANKSETA reserves the right to negotiate market related prices and then the ear the banks that we would conduct our own analysis of the OR in benchmark.

0:28:25.370 --> 0:28:26.580

Jackie Kwinika

Uh, I'll cross.

0:28:26.590 --> 0:29:3.340

Jackie Kwinika

Maybe sitters across other government entities, whatever way to establish the market price and then when when we receive your your, your your pricing we will be knowing plus how much it will be paying maybe pay the pass through the per learner and then and then if we believe after what we we've done our benchmarking and analysis or research your price is a little bit above the market price we will try negotiate the price with you and then if there is no agreement we will also take it from there.

0:29:3.510 --> 0:29:13.840

Jackie Kwinika

Please also include your representative name, company name, Rep name, the date, and the signature to avoid this back and forth.

0:29:13.850 --> 0:29:16.340

Jackie Kwinika

Admin, please sign off date.

0:29:16.490 --> 0:29:25.350

Jackie Kwinika

Put your names and the company name on on your pricing and then the total bidding price will be automatically be calculated.

0:29:25.360 --> 0:29:31.370

Jackie Kwinika

Please do not tamper, this one will do not touch on total bidding price.

0:29:31.380 --> 0:29:39.260

Jackie Kwinika

It will automatically calculate itself OK and then the temps remain the same sign all the three sheets.

0:29:39.270 --> 0:29:43.750

Jackie Kwinika

Sheet one for for for year one, year two and year three.

0:29:43.760 --> 0:29:49.760

Jackie Kwinika

You need to sign all the seat project team planning your implementation, data management, monitoring, close out report.

0:29:51.210 --> 0:30:0.400

Jackie Kwinika

If you believe close out, maybe data management and tracking and reporting, let's say this to you is gonna be happening monthly or whatever.

0:30:0.410 --> 0:30:4.660

Jackie Kwinika

Do not come here and say 18 months or 24 months or whatever.

0:30:4.930 --> 0:30:22.20

Jackie Kwinika

Help calculate to 24 months on on on you rough sheet or wherever you calculate it and put it in the four month price here to say he's 100 run per month then over 24 months is 2.4 do not tamper with this section only temper with the yellow section.

0:30:22.870 --> 0:30:23.500

Jackie Kwinika

Thanks.

0:30:25.500 --> 0:30:36.940

Jackie Kwinika

Present the two or are again hope we still on the same page and then to our on bullet 9.1 the Courier price will remain fixed.

0:30:37.890 --> 0:30:46.860

Jackie Kwinika

President should be completed in full that the if maybe you believe something on that pricing, it's free of charge.

0:30:46.990 --> 0:30:56.700

Jackie Kwinika

Just put a 0, just put a 0 now because there are some items there you will feel like I I won't charge my client for close out report.

0:30:56.790 --> 0:31:3.870

Jackie Kwinika

Just say it's zero and then so we we know don't don't miss out any item put a 0 where maybe there is no charge.

0:31:4.700 --> 0:31:4.930

Jackie Kwinika

Yeah.

0:31:4.940 --> 0:31:5.430

Jackie Kwinika

Thank you.

0:31:5.780 --> 0:31:23.670

Jackie Kwinika

Then, if that we've already at clarified on the vet things that will not entertain pricing adjustment also have clarified on that sufficient detail should be included to enable things that to fully understand the make up of all over overall pricing.

0:31:23.960 --> 0:31:30.150

Jackie Kwinika

Yeah, just capture all your pricing there in the ensure that they are here for us to understand.

0:31:31.170 --> 0:31:31.480

Jackie Kwinika

OK.

0:31:31.490 --> 0:31:35.500

Jackie Kwinika

All pricing assumptions excluded costs estimated costs should be clearly documented.

0:31:36.600 --> 0:31:52.860

Jackie Kwinika

BANKSETA assumes that pricing document as supplied is complete and covers all costs associated with this project, as clarified earlier on, you cannot come back in here too and say XYZ is not included in the pricing, that one be entertained.

0:31:53.430 --> 0:31:57.790

Jackie Kwinika

Price evaluation will contact on the range for 2000 learners.

0:31:57.800 --> 0:31:59.260

Jackie Kwinika

That's 1.5 to 2000.

0:31:59.270 --> 0:32:3.720

Jackie Kwinika

Learners will be focusing much on that for the purpose of evaluation.

0:32:4.10 --> 0:32:6.40

Jackie Kwinika

Only purpose of evaluation.

0:32:6.670 --> 0:32:7.120

Jackie Kwinika

OK.

0:32:7.510 --> 0:32:10.600

Jackie Kwinika

Then we reserve the right to negotiate the pricing.

0:32:10.710 --> 0:32:14.120

Jackie Kwinika

OK, then let point turn the submission requirements.

0:32:14.130 --> 0:32:18.320

Jackie Kwinika

All submissions should be delivered in individual envelopes as per clause.

0:32:18.430 --> 0:32:24.160

Jackie Kwinika

10.5 respondents should take particular care to ensure that they are not discrepancies between the submissions.

0:32:24.910 --> 0:32:39.310

Jackie Kwinika

Please ensure what is in envelope one and two is the same thing and then also the banks that have the right to reject any submissions if there are discrepancies identified in the submission documents should be submitted as follows.

0:32:39.780 --> 0:32:51.190

Jackie Kwinika

One original with a soft copy and also one copy of the original and then the soft copy will prefer the memory stick.

0:32:51.700 --> 0:32:58.590

Jackie Kwinika

Please put your soft copy on the memory stick and also the memory sticks assist when we want to print something.

0:32:59.900 --> 0:33:5.770

Jackie Kwinika

You don't need to be tempering with your file, because sometimes you find a bind your file nicely.

0:33:5.780 --> 0:33:13.210

Jackie Kwinika

Now we want to make copies of something, and it's difficult to put it your your file on the machine and it means we will be tempering this.

0:33:13.220 --> 0:33:20.350

Jackie Kwinika

Assist us if you put a your your documents on the memory stick is very easy for us to make copies of whatever we want to make.

0:33:20.840 --> 0:33:38.680

Jackie Kwinika

And then on the as as per clause 10.1 then we will need the original envelope hard copy with soft copy and then on envelope three you can put your pricing and SPD one together with the BANKSETA preference points claim document.

0:33:40.700 --> 0:33:48.890

Jackie Kwinika

And then you must mark your envelope with the tender name, the bid number and also your company name.

0:33:49.20 --> 0:33:53.400

Jackie Kwinika

Some just submit, maybe they just indicate the tender number.

0:33:53.410 --> 0:33:55.240

Jackie Kwinika

They don't indicate the bidder name.

0:33:55.250 --> 0:34:0.750

Jackie Kwinika

Please assist us with in the process by indicating the name on your envelope.

0:34:0.760 --> 0:34:21.480

Jackie Kwinika

This this is for company XYZ can write it by your marking pen whatever you use then so it's clear for us to see which company is submitted the proposal then submissions that are faxed, sent via telex or electronic mail will not be accepted.

0:34:21.530 --> 0:34:25.640

Jackie Kwinika

And then we still a little bit old school, we please bear with us.

0:34:27.10 --> 0:34:38.590

Jackie Kwinika

They all submissions received by BANKSETA will become the property of the BANKSETA and will not be respond returned to the respondent, and submission must be inserted into the SUBMISSION box available at the reception.

0:34:39.530 --> 0:34:41.980

Jackie Kwinika

That is the address, then the gate.

0:34:41.990 --> 0:34:43.370

Jackie Kwinika

Please use gate one.

0:34:43.480 --> 0:34:47.520

Jackie Kwinika

We've got that, I think 3 gates or so, if not more than three.

0:34:47.890 --> 0:34:50.740

Jackie Kwinika

But our gate is gate one for some of the gate.

0:34:50.750 --> 0:34:53.150

Jackie Kwinika

They don't even have the security guard there.

0:34:53.210 --> 0:34:59.130

Jackie Kwinika

Some people go and stay there at the gate for 30 minutes and it end up become it.

0:34:59.450 --> 0:35:4.160

Jackie Kwinika

You end up, we end up closing while they're waiting at the gate with no security.

0:35:4.170 --> 0:35:7.440

Jackie Kwinika

Please bear ensure that you submit your documents.

0:35:7.630 --> 0:35:10.390

Jackie Kwinika

Yeah, you use gate one when you come in to submit the document.

0:35:10.600 --> 0:35:12.760

Jackie Kwinika

Tell you, Korea, tell your driver.

0:35:12.770 --> 0:35:16.350

Jackie Kwinika

Tell you whoever who is submitted the document on your behalf.

0:35:18.540 --> 0:35:19.650

Jackie Kwinika

That's how address.

0:35:20.100 --> 0:35:20.480

Jackie Kwinika

OK.

0:35:20.490 --> 0:35:25.890

Jackie Kwinika

Again, the BANKSETA is situated in a very large office park with security office at the main gate.

0:35:26.200 --> 0:35:31.430

Jackie Kwinika

Please allow at least 30 minutes to clear security and navigate through the office park.

0:35:31.960 --> 0:35:38.880

Jackie Kwinika

Don't come last minute and you won't be able to make it, and then nothing will be entertained after closing.

0:35:39.870 --> 0:35:42.300

Jackie Kwinika

So this provider is required to sign the register.

0:35:42.450 --> 0:35:48.760

Jackie Kwinika

Also, those who are using the Korea Courier people, sometimes they come here, throw your things and go.

0:35:48.850 --> 0:35:52.180

Jackie Kwinika

Please make note on your way Bill.

0:35:52.220 --> 0:35:57.810

Jackie Kwinika

Make a note there to say please sign the tender register at the reception.

0:35:58.830 --> 0:36:1.840

Jackie Kwinika

Please make those notes when you do your Courier thing.

0:36:2.190 --> 0:36:14.240

Jackie Kwinika

Also, when you sending your driver, tell your driver which companies submitting the tender cause some instances your driver knows that you have about 5 tenders, but when they come here they just put apologies.

0:36:14.250 --> 0:36:22.80

Jackie Kwinika

Five companies when the driver come here, they just say whatever company they remember and put that name on the tender register.

0:36:22.90 --> 0:36:30.10

Jackie Kwinika

When we check the file that name it it the the the file that is emitted is not on the register.

0:36:30.620 --> 0:36:35.910

Jackie Kwinika

But please assist us in in the process whoever you are sending, tell them no.

0:36:35.920 --> 0:36:37.670

Jackie Kwinika

This is for and it's easy.

0:36:37.680 --> 0:36:42.370

Jackie Kwinika

Hence, I said write on the envelope when people bring you things here, they will just look at the envelope.

0:36:42.380 --> 0:36:44.150

Jackie Kwinika

And no, this is for company X.

0:36:44.220 --> 0:36:51.290

Jackie Kwinika

This is for company Y cause some you got 20 companies and you expect the driver to know for which company is admitting the tender for.

0:36:51.380 --> 0:36:59.200

Jackie Kwinika

Please assist your people with the process OK and successful bidders will be informed in writing when the process is concluded.

0:36:59.490 --> 0:37:13.420

Jackie Kwinika

The tender will because that late, if received after the specified date and time, so it is providers are therefore strongly advised to ensure that the tenders be despatched, allowing enough time for the any unforeseen events that delay the delivery of the tender.

0:37:14.500 --> 0:37:19.660

Jackie Kwinika

Then in inquiries, hey, can you mean to JFK at bankseta?

0:37:19.670 --> 0:37:24.870

Jackie Kwinika

I'm copy SCM at Bankseta and bidders who wish to attend briefing.

0:37:24.880 --> 0:37:30.690

Jackie Kwinika

Also, no, that is covered well, it ready for the bruising briefing session?

0:37:31.500 --> 0:37:38.370

Jackie Kwinika

All clarification on inquiries should be made in writing and received by BANKSETA at least eight days before closing date.

0:37:38.820 --> 0:37:43.610

Jackie Kwinika

Please note that telephonic request will not be accepted.

0:37:43.620 --> 0:37:48.150

Jackie Kwinika

Please do not call write an email so we have records.

0:37:48.240 --> 0:37:49.750

Jackie Kwinika

We have records, telephones.

0:37:49.760 --> 0:37:51.680

Jackie Kwinika

There's no record for telephone when you call.

0:37:53.340 --> 0:37:55.360

Jackie Kwinika

Please put you at ever cruise.

0:37:55.370 --> 0:37:57.990

Jackie Kwinika

We have uh on email so we can have records.

0:37:58.580 --> 0:38:5.850

Jackie Kwinika

Jackie Kwinika

OK, this is the special conditions that the bidder need to comply with.

1:13:0.310 --> 1:13:4.890

Jackie Kwinika

You need to indicate a yes or a no.

1:13:7.30 --> 1:13:7.740

Jackie Kwinika

If it's a no.

1:13:10.230 --> 1:13:11.530

Jackie Kwinika

Indicate the deviation.

1:13:11.840 --> 1:13:15.890

Jackie Kwinika

Deviation is just to say, OK, no, the cost of 123.

1:13:15.940 --> 1:13:17.750

Jackie Kwinika

I cannot comply with this requirement.

1:13:17.840 --> 1:13:19.480

Jackie Kwinika

Please give us more info.

1:13:19.490 --> 1:13:23.80

Jackie Kwinika

Don't just say no and keep quiet and do not skip anything here.

1:13:24.210 --> 1:13:25.620

Jackie Kwinika

Do not skip.

1:13:26.50 --> 1:13:27.860

Jackie Kwinika

See that a yes or no does not.

1:13:27.870 --> 1:13:28.360

Jackie Kwinika

Skipping.

1:13:30.280 --> 1:13:30.780

Ruqayya (Guest)

I do but.

1:13:34.230 --> 1:13:37.380

Ruqayya (Guest)

I hate your 6:00 o'clock and do some morning.

1:13:28.590 --> 1:13:37.560

Jackie Kwinika

Not sure if we need to put an instruction there to say no skipping yes or no, yes or no, yes or no on all these elements.

1:13:37.470 --> 1:13:42.500

Ruqayya (Guest)

I can watch it with them E the other fish.

1:13:45.320 --> 1:13:47.860

Jackie Kwinika

Yes or no on all this.

1:13:47.510 --> 1:13:49.330

Madeleine Pelzer

Goldie, could you please mute?

1:13:52.720 --> 1:13:56.110

Jackie Kwinika

Yes or no on all this element.

1:13:56.160 --> 1:13:59.880

Jackie Kwinika

And then once you're done, you will be the name.

1:13:59.990 --> 1:14:1.80

Jackie Kwinika

This is the name of the company.

1:14:2.420 --> 1:14:4.510

Jackie Kwinika

Is not the name of the signature.

1:14:4.520 --> 1:14:6.950

Jackie Kwinika

The bidder name is the company, the bidder.

1:14:6.960 --> 1:14:23.950

Jackie Kwinika

We refer to the company and then you put your signature here and you date it nicely there and that's it, you submit, put it in an envelope, 3 envelopes with the soft copy submit nicely to the BANKSETA we evaluate, we give you the job and that's it.

1:14:23.960 --> 1:14:36.550

Jackie Kwinika

I've come to the end of my presentation and then I would like to check if there are any questions from the floor and then if there is any question, please simply raise up your hand.

1:14:52.110 --> 1:14:52.800

Sfiso Dimba

Come on.

1:14:46.360 --> 1:14:52.840

Mabotja Victoria (Guest)

Whether I think that would be you don't want to, that's what, yeah.

1:14:52.810 --> 1:14:54.290

Sfiso Dimba

Please mute, please.

1:14:56.250 --> 1:14:56.550

Jackie Kwinika

OK.

1:14:56.50 --> 1:14:57.180

Sfiso Dimba

I threw you checking.

1:14:57.320 --> 1:14:58.490

Sfiso Dimba

Can I add something through you?

1:14:59.460 --> 1:15:1.210

Jackie Kwinika

Then things not a problem.

1:15:1.380 --> 1:15:1.960

Jackie Kwinika

You are welcome.

1:15:1.690 --> 1:15:10.320

Sfiso Dimba

Yes, please just to make it easy for the evaluation team, can they ensure that you index your proposal?

1:15:11.500 --> 1:15:11.940

Sfiso Dimba

Umm.

1:15:13.200 --> 1:15:14.960

Sfiso Dimba

For example? Uh.

1:15:17.210 --> 1:15:30.170

Sfiso Dimba

Jackie took you through to all the technical effects or functional evaluation at the first one will be the qualification and experience of the project team in project management.

1:15:30.600 --> 1:15:49.390

Sfiso Dimba

Kindly ensure that in your in your proposal you index it so that we know that this is where it is and then also for then you in there for the following one we've got that sub criteria of experience of the project Executive Executive Index it again.

1:15:49.760 --> 1:15:55.950

Sfiso Dimba

Then I think the next one will be the experience of service provider index that again.

1:15:55.960 --> 1:16:3.490

Sfiso Dimba

So that should be easy for us to to locate it same as your monitoring and evaluation capability.

1:16:3.760 --> 1:16:13.10

Sfiso Dimba

Your record of the bidder, your reference letters and work facilities and resources, data management, tracking and reporting reporting capabilities.

1:16:13.160 --> 1:16:17.460

Sfiso Dimba

Yeah, it will make it easy for everyone to ensure that.

1:16:17.710 --> 1:16:20.440

Sfiso Dimba

Yeah, we have access to your information.

1:16:20.450 --> 1:16:37.910

Sfiso Dimba

If you do that, please, we really, really ask you to comply with that because we get a lot, a lot of proposal and and and it's it really takes a lot of time to go to go through you know trying to find information.

1:16:38.100 --> 1:16:42.650

Sfiso Dimba

So if if it if it's indexed in indexed, it makes life easy for everyone. Thanks.

1:16:44.580 --> 1:16:45.450

Jackie Kwinika

Thanks, chair.

1:16:45.460 --> 1:16:45.890

Jackie Kwinika

Yeah.

1:16:46.140 --> 1:16:52.110

Jackie Kwinika

Please uh, I support that chair that please index everything, index everything.

1:16:52.170 --> 1:17:5.320

Jackie Kwinika

If you put the CSD report can put a cover and says CSD report and also have a table of content, it assists the the the, the the committees so much and also it assists you because I'm just put things upside down.

1:17:5.330 --> 1:17:8.230

Jackie Kwinika

We have to to rearrange the document.

1:17:8.590 --> 1:17:12.640

Jackie Kwinika

Please remember the the, the the September December is here.

1:17:14.140 --> 1:17:19.30

Jackie Kwinika

December is here, at least if we can uh be able to conclude this by December.

1:17:19.40 --> 1:17:21.310

Jackie Kwinika

So you know what is the plan engine?

1:17:22.260 --> 1:17:24.490

Jackie Kwinika

Thanks chair for for thanks for so.

1:17:24.500 --> 1:17:32.160

Jackie Kwinika

For for the input, I've got the hand up from Randy Randy the floor if Lekhehle.

1:17:36.130 --> 1:17:37.770

Lwandile Socikwa

But thank you so much, Sir.

1:17:38.260 --> 1:17:40.650

Lwandile Socikwa

Thanks for the comprehensive briefing.

1:17:41.690 --> 1:18:14.290

Lwandile Socikwa

I've got three questions on my side, but I just need guidance on in the first one is just out of interest in terms of I this is not the first time you've advertised this just, uh out of PEA, is it probably what would have been the reason of not avoiding the question of you didn't find the right the the suppliers you wanted or perhaps you just had to change certain things internally, I don't know, but you can guide that's the first one, the second one is more in the work now.

1:18:14.300 --> 1:18:27.540

Lwandile Socikwa

So if you look at the evaluation criteria #2 as it is written, so I just need clarity so that we we are we are all on the same page on the experience of service provider.

1:18:27.550 --> 1:18:43.830

Lwandile Socikwa

So if you look at it how it is been written currently my understanding is that you are requiring us as bidders submit contracts a of at least five jobs that we have done or currently doing with PROVIDERS.

1:18:43.840 --> 1:18:48.830

Lwandile Socikwa

Now there is an issue of what is called a confidentiality clause in contract.

1:18:50.160 --> 1:19:12.30

Lwandile Socikwa

For example, even in this speed that you were taking us through you, you you referred to CONFIDENTIALITY of us not being allowed to share outside of of of with the with, with the, with the parents eat now generally or from experience with our contracts that we do with clients, the SLA, the contracts that we sign normally have a confidentiality clause.

1:19:12.970 --> 1:19:26.450

Lwandile Socikwa

What I would like to understand from you would either in appointment letter or a purchase order be permissible for for showing this part of the the experience of the provider clause.

1:19:26.460 --> 1:19:28.190

Lwandile Socikwa

Really, I'm looking at the time now.

1:19:28.200 --> 1:19:39.390

Lwandile Socikwa

You closing this bid in just over 2 weeks from now and going through those mountains of being able to get that permission may actually not be feasible.

1:19:39.750 --> 1:19:45.330

Lwandile Socikwa

That's the first question that I really want your clarity and guidance on in terms of the technical side.

1:19:45.780 --> 1:19:48.70

Lwandile Socikwa

The last one is on the costing.

1:19:48.620 --> 1:19:56.480

Lwandile Socikwa

You did mention that you evaluation will only focus on the cost costing for the \$2000.00.

1:19:57.110 --> 1:20:8.500

Lwandile Socikwa

So would it be correct to assume that we just need to populate the column that really reflects for 2000 learners and the one for 2001 and above and the one for below 2000?

1:20:8.510 --> 1:20:9.280

Lwandile Socikwa

We need to ignore.

1:20:9.830 --> 1:20:10.390

Lwandile Socikwa

Thank you so much.

1:20:11.960 --> 1:20:13.20

Jackie Kwinika

If thanks.

1:20:13.60 --> 1:20:13.780

Jackie Kwinika

Thanks. Thanks.

1:20:13.970 --> 1:20:20.30

Jackie Kwinika

But umm Mandy late, I would like to start before the SMB is come in.

1:20:22.340 --> 1:20:22.600

Jackie Kwinika

Yeah.

1:20:22.620 --> 1:20:31.160

Jackie Kwinika

On on on the the issue of the tender, the other tender do they are two separate transactions.

1:20:31.510 --> 1:20:41.300

Jackie Kwinika

This is a different transaction to the previous transaction and there is no maybe combination or relation between the two.

1:20:41.310 --> 1:20:55.140

Jackie Kwinika

If I can put it in in in in that way or on the issue of the evaluation we're looking at you providing us with a list list list table.

1:20:55.210 --> 1:21:4.260

Jackie Kwinika

You put make a table and then under table you list for banks theater and then we did contract management.

1:21:5.340 --> 1:21:6.350

Jackie Kwinika

This is the year.

1:21:6.740 --> 1:21:8.490

Jackie Kwinika

This is the month Bankseta.

1:21:8.500 --> 1:21:17.0

Jackie Kwinika

Contact the contact name at Bankseta email address or or cell phone or telephone list only.

1:21:17.110 --> 1:21:19.860

Jackie Kwinika

We don't want to see any contract in the fight.

1:21:20.390 --> 1:21:21.820

Jackie Kwinika

Please I think it's clear.

1:21:21.830 --> 1:21:31.780

Jackie Kwinika

Let me try and double check because we insisting list service provider should provide a list of project a list of at least five.

1:21:31.830 --> 1:21:40.390

Jackie Kwinika

A list should indicate a thing that is clarified and then on the other one for coasting on the costing.

1:21:40.490 --> 1:21:56.80

Jackie Kwinika

We said we will evaluate for the sake of unity for meeting also in reference to our Tor and the two R we saying we will be benchmarking at the 2000 learners.

1:21:56.140 --> 1:22:6.280

Jackie Kwinika

The plan is to appoint 4 service providers at 2000 learners per service provider, and then that's how we're going to be evaluating and then if.

1:22:8.380 --> 1:22:9.630

Jackie Kwinika

We appoint less.

1:22:9.640 --> 1:22:20.140

Jackie Kwinika

There are chances may be or for whatever reason, dance with what 502 triple 9 pricing, and then in case whatever happens.

1:22:20.330 --> 1:22:22.120

Jackie Kwinika

Or maybe we don't have budget.

1:22:22.130 --> 1:22:23.440

Jackie Kwinika

Whatever, I don't know.

1:22:23.670 --> 1:22:24.220

Jackie Kwinika

We will know.

1:22:24.230 --> 1:22:27.640

Jackie Kwinika

Say no, we cannot go for that 2000 and anymore.

1:22:28.620 --> 1:22:30.510

Jackie Kwinika

Who will it be paying you?

1:22:31.860 --> 1:22:40.820

Jackie Kwinika

Uh, for for for the 500 to 900 learners, please populate 500 to 9991 thousand to one.

1:22:40.870 --> 1:22:42.820

Jackie Kwinika

All those column must be populated.

1:22:42.970 --> 1:22:47.110

Jackie Kwinika

Please ensure that the populate all those columns for whatever case.

1:22:48.0 --> 1:22:54.450

Jackie Kwinika

We won't be going back to you and say, what is your pricing for 1000 to 2000 learners?

1:22:54.460 --> 1:22:55.460

Jackie Kwinika

What is your pricing for?

1:22:57.950 --> 1:23:34.410

Jackie Kwinika

If 500 to 999 lenas, maybe there are challenges here and there may be recruitment whatsoever reason we are not able maybe to to to get that to 1000, wouldn't we were able to say OK, you're quotation for 500 to 999 because we've got 750 learners, it means we're gonna be paying you on this range and then maybe with what 1.2 -, 1200 learners, it means we're gonna pay you on this evaluation purposes is 2000 and not I'm not sure if that will also be clear but over to special and Madeleine to assist.

1:23:34.420 --> 1:23:34.730

Jackie Kwinika

Thank you.

1:23:41.460 --> 1:23:44.710

Jackie Kwinika

And colleagues would like to add, I think laundry list answer.

1:23:46.40 --> 1:23:46.630

Sfiso Dimba

Uh, yeah.

1:23:46.640 --> 1:23:53.450

Sfiso Dimba

I I I think it's been answered, especially in terms of that item to experience of the civil provide.

1:23:53.500 --> 1:24:2.330

Sfiso Dimba

If you can actually go through the end of the of of of, of that and you can see that it's very clear that we said you want the list like.

1:24:2.340 --> 1:24:8.740

Sfiso Dimba

We even said this week less than five contracts list with five but less than 10 list with 10 contracts or more.

1:24:8.950 --> 1:24:10.880

Sfiso Dimba

So basically it's it's it's a list.

1:24:11.30 --> 1:24:13.670

Sfiso Dimba

However, just to to let you let.

1:24:14.570 --> 1:24:16.890

Sfiso Dimba

No, everyone know what?

1:24:16.900 --> 1:24:37.910

Sfiso Dimba

That I we would need this information and we will, we reserve a right as BANKSETA if a need that we contact the the the the the the the information you provided to verify and validate so we we reserve that right just that you are very clear with that. Thanks.

1:24:38.580 --> 1:24:56.510

Jackie Kwinika

You know things that I believe as soon as some up from London, I believe it is answered also maybe contacting those people or any remember we indicated in our document that we will comply to the Poppy Act place.

1:24:57.640 --> 1:24:59.100

Jackie Kwinika

Don't know what we will comply.

1:24:59.110 --> 1:25:3.90

Jackie Kwinika

We we will contact them but in compliance with the PX.

1:25:3.520 --> 1:25:4.190

Jackie Kwinika

Thank you.

1:25:4.780 --> 1:25:7.270

Jackie Kwinika

I don't see any other hand.

1:25:7.340 --> 1:25:11.240

Jackie Kwinika

It looks like everyone in the session is happy.

1:25:14.290 --> 1:25:21.440

Jackie Kwinika

We are likely have come to the end of the session if there is no any other question.

1:25:22.850 --> 1:25:23.580

Jackie Kwinika

Oh, I see.

1:25:23.590 --> 1:25:25.680

Jackie Kwinika

Will the recording please?

1:25:26.490 --> 1:25:27.620

Jackie Kwinika

I prefer people.

1:25:29.720 --> 1:25:33.840

Jackie Kwinika

Talking than typing, unless there are any other challenges.

1:25:35.890 --> 1:25:37.0

Jackie Kwinika

That's my preference.

1:25:37.10 --> 1:25:43.830

Jackie Kwinika

I don't want us to look at the comments unless there are challenges for the are speech challenges.

1:25:45.430 --> 1:25:46.720

Jackie Kwinika

You see a comment from Gemma.

1:25:46.730 --> 1:26:6.750

Jackie Kwinika

Will the recording of the meeting being made available, we will download the transcript and we will upload the transcript onto the website in my other belief, despite not being an IT person is you will be have access to this meeting as you are in attendance.

1:26:7.730 --> 1:26:7.980

Jackie Kwinika

Yeah.

1:26:7.990 --> 1:26:8.380

Jackie Kwinika

Thanks.

1:26:8.390 --> 1:26:16.560

Jackie Kwinika

I see a hand from, she told, she told the floor is open.

1:26:17.340 --> 1:26:18.820

Sheethal

Jackie Kwinika

Not sure if I'm understanding of your question cause the two others already up on whatever.

1:26:37.560 --> 1:26:38.0

Sheethal

Or it is?

1:26:37.610 --> 1:26:40.580

Jackie Kwinika

What will presented today is already up on the website.

Sheethal

1:26:42.500 --> 1:26:42.710

Jackie Kwinika

Yes.

1:26:41.730 --> 1:26:43.360

Sheethal

OK, OK, not a problem.

1:26:43.430 --> 1:26:43.790

Sheethal

Thank you.

1:26:44.160 --> 1:26:44.550

Jackie Kwinika

OK.

1:26:44.560 --> 1:26:44.920
