

Q&A – NO. 2

BID NO – 2561GS

SWITCHGEAR MAINTENANCE AND SUPPLY OF SPARES

Item no.	Question	Response
1	As per the evaluation criteria 1.D Riggers - No drivers licence is requested. Is that an error? Do they require a licence and what code?	• Yes, there's no Licence required
2	Regarding the company experience required for Bid 2561GS, a minimum or maximum of how many reference letters are required adding up to 3 years or more experience? Should it be one reference letter with 3 years' experience or 1 reference letter for each year of experience?	• The period is determined by the number of years
3	For the Evaluation Criteria it is mentioned that we need to have a Rigger and Sliding Certificate (2 teams – 2 Riggers and Sliding). Please can you kindly clarify what the reason is for the required to be separate or is it either one of the 2, either a rigger or Sliding – should the personal with the qualification have both or either one of the two	D. 1 x Rigger with the following certified copies: • Detailed CV • Valid Rigging & Sliding Certificate • RSA Identity document (Copy both sides if smart card) The certificate is for the Rigging and Sliding

4	• Can you kindly send me through the scope of work for this tender with the specifications of switchgears, breakers etc. you have at city power. • Also, regarding the SF6 circuit breakers, can you please highlight the type of SF6 breakers they are, highlight on the type of switchgears that need maintenance and type oil CB you got. • On the issue of replacing ammeters, is it only one ammeter or its ammeters per panel? • On partial discharge testing, is it per panel or it's for the whole substation. • Also clarify on the size of breakers, is it 11KV or 6.6KV. Thank you for your consideration to this request.	• The scope of work is part of the tender document • The circuit breakers range from 6.6kV until 22kV • Kindly refer to the Bid document as advertised
5	• Regarding the Technician qualification, if our technician has a B-tech degree or higher qualification than the National Diploma in Electrical Engineering, will it be acceptable in the tender? • The Electricians, as per the Evaluation criteria, the requirement states Trade Test certificate in Electrical Engineering. A normal trade test certificate just states "Electrician" would that suffice?	• Yes • Yes

	The ORHVS doesn't stipulate what level is required, please advise.	This requirement is for Responsible person
6	Please clarify what is the maximum Voltage level for the HV maintenance	The circuit breakers range from 6.6kV until 22kV
7	- BoQ Starts from Item 5.2.1(page 80) to Item 5.2.8 (page 91). We noted that Schedules provided are for Switchgear and not for components, will there be a Switchgear supply required? - Is there a range of Manufactures that available for each part e.g Item 5.2.2.7 What OEM are we looking for? e.g ACTOM, Siemens, Reyroll?	- No - They range from all switchgear related OEM's
8	This email is to seek clarification on The City Power Johannesburg Tender No:2561GS, specifically regarding key personnel on page 77. Could you please confirm the number of team members required per team as outlined in this section.	Criteria 1 defines all team members required
9	This email is to seek clarification on The City Power Johannesburg Tender No: 2561GS, specifically on page 78 for Company Experience Requirements No 2. Could you please confirm if the requirement is for: - A single reference letter covering the duration of 3 years, or - Separate reference letters obtained over 3 years?	A single or Multiple letter/s covering 3years experience will be acceptable

10	We would like to know in the event of a JV are both companies requested to be registered as electrical contractors at DOL Additionally, we are in the process of acquiring our combined BBBEE certification. What other combined documents required	• One company will be sufficient to submit the electrical contractors at DOL • Joint BBBEE certificate is mandatory
