

QUESTIONS AND ANSWERS

SUPPLY, DELIVER, RIGGING, INSTALLATION, TESTING, COMMISSIONING OF EMERGENCY DIESEL BACKUP GENERATOR FOR THE SEFA DURBAN REGIONAL OFFICE

RFQ No: POS0000003420

Question 1:

I would like to come for site assessment Generator installation Tomorrow Morning.

As part of our bid submission process, we require the physical delivery address for the mentioned project. Could you please provide us with the address where the generator needs to be delivered to.

Response 1:

Due to a numerous number of bidders requesting site inspection, sefa has decided to organize a non-compulsory site inspection meeting as follows:

Date: 20 March 2024

Venue: 1st Floor, Block B, 46 Essex Terrace, Westville, 3630, Kwazulu Natal

Time: 11h00 to 13h00

Contact Person: Ms. Andiswa Mdladla, email: Andiswam@sefa.org.za

Question 2:

On the document under Mandatory requirements, 4. States ECSA Registration. I just wanted to know if the ECSA is correct and not ECA.

Response 2:

Engineering Council of South Africa (ECSA).

Question 3:

Estimate cable length from Generator to Distribution Board,

Response 3:

I don't know the estimated length, but I would prefer the service provider to go to site for accurate quotation.

Question 4.

Diesel will be refilled by service provider for the 12 months period.

Response 4:

Only once of refill will be required for testing.

Note:

sefa has decided to extend the closing date in order to give bidders sufficient time to complete their proposal after the non-compulsory site inspection.

Initial Closing Date: 22 March 2024 @ 11h00

Revised Closing Date: 27 March 2024 @ 11h00

Kind Regards,

SCM Team
