PURPOSE OF ADDENDUM:

1. To inform bidders of the pricing data amendment made to:
 - RFQ Reference: SIM22028CIDB (ERAC-VYG-40124)

BACKGROUND:

2. Commissioning and regular routine protection testing and calibration of protection equipment is required as a safety critical practice to ensure that electrical equipment can be protected inherently in the event of abnormal conditions. It is Railway Safety Regulator (RSR) requirement that must be performed in every two (2) years. It relies on sound calculations, appropriate device settings and effective earthing. Testing entails different types of tests, whether routine calibration tests, conductivity earthing, commissioning, the test procedure on any piece of equipment is effectively the same.

1 C2.1 Pricing instructions: Option A

○ The *conditions of contract*

○ How the contract prices work and assesses it for progress payments

Clause 11 in NEC3 Term Services Contract (TSC), June 2005 (with amendments June 2006 and April 2013) Option A states:

Identified 11 and defined terms 11.2

(17) The Price for Services Provided to Date is the total of

- the Price for each lump sum item in the Price List which the *Contractor* has completed and
- where a quantity is stated for an item in the Price List, an amount calculated by multiplying the quantity which the *Contractor* has completed by the rate.

(19) The Prices are the amounts stated in the Price column of the Price List, where a quantity is stated for an item in the Price List, the Price is calculated by multiplying the quantity by the rate.

○ Measurement and Payment

The Price List provides the basis of all valuations of the Price for Services Provided to Date, payments in multiple currencies and general progress monitoring.

The amount due at each assessment date is based on activities and/or milestones completed as indicated on the Price List.

The Price List work breakdown structure is compiled to the satisfaction of the *Employer* with any additions and/or amendments deemed necessary.

The *Contractor's* detailed Price List summates back to the activity/milestone provided by the *Employer* and is sufficient detail to monitor completion of activities related to the operations on the Accepted Plan in order that payment of completed activities may be assessed.

The Prices are obtained from the Price List. The Prices includes for all direct and indirect costs, overheads, profits, risks, liabilities, obligations, etc. relative to the contract.
