

E2837DXNCOU - Tender clarification meeting: Provision of major and minor reticulation

Technical

2026-08-28

- **Technical Requirements and Evaluation Process (Clause 3)**

- The evaluation process consists of three distinct phases that follows a chronological order
 - **Mandatory Requirements:** Evaluated on a pass or fail basis – Only submissions that pass this stage will then be considered in the next stage of evaluation
 - **Functional Requirements:** Evaluated based on the quality and quantity of supporting evidence, resulting in a percentage score. All functional criteria will be scored against minimum threshold. **To be considered technically compliant, tenderers must achieve a minimum weighted final score (threshold) of 70%.** Eskom reserves the right to lower the threshold to 60% if there are inadequate number of submissions that pass the functional requirements as stated in the strategy.
 - **Contractual Obligation Requirements:** This stage will include non-scoring/informational criteria to be assessed at contract award stage. It outlines the final technical requirements, including all necessary authorizations and compliance with applicable technical standards and criteria.

Technical Clarification – Table 1 Preliminary Checklist (Mandatory)

Nr.	Submission Returnable	Required Qualification Evidence	Evaluation
1.	Electrical Contractor Registration Certificate	Department of Labour Certificate Certified Valid Department of Labour Certificate (Letter of Registration) in your Company Name / Trading as name or Company Owner	Submitted: Pass Not Submitted: Fail
2.	Skills Resources Schedule	Annexure B – Skills Resources Schedule - Completed in full. - Signed and dated by Owner/Company Representative	Submitted: Pass Not Submitted: Fail
3.	Vehicle Schedule	Annexure C – Vehicles Schedule - Completed in full. - Signed and dated by Owner/Company Representative	Submitted: Pass Not Submitted: Fail
4.	Tools & Equipment Schedule	Annexure D – Tools & Equipment Schedule - Completed in full - Signed and dated by Owner/Company Representative	Submitted: Pass Not Submitted: Fail
5.	Nearest Base of Operation	Annexure A – Base of Operation - Completed in full. - Signed and dated by Owner. AND At least one of the following: Lease Agreement With corresponding address as stipulated in Annexure A OR Title deed or bond statement OR Letter from Property Owner or Primary Lease holder OR A letter from Property Owner or property manager confirming intent to rent property upon successful contracting	Submitted: Pass Not Submitted: Fail

- The completed list of resources and skills as per Annexure B – Skills Resources Schedule, will be evaluated and scored as per Table 2.
- Each skill resource must be covered by at least one person, with Cable Technician and Rock Drill Operator as exceptions
- Where a person holds multiple qualifications, that person can be listed under more than one resource skill (i.e. MV and LV Lineman may be 1 individual)
- For every person named on Annexure B, completion of Annexure B1 (Affidavit) together with Annexure B2 (POPIA Consent form) is required
- A certified, valid ID copy has to accompany each of Annexures B1 and B2 (1 copy of ID, B1 and B2 annexures per person listed in the schedule)
- Where a temporary ID is provided, it should still be valid
- Skills resources contribute 60% towards the final score

- The completed list of vehicles as per Annexure C – Vehicles Schedule, will be evaluated and scored as per Table 3.
- Minimum of one vehicle per category is required
- If owned, submit the certified and valid copy of full licence document showing company/owner's information
- If hired, submit a proof of hiring contract or pre-approved letter from the hiring company
- Vehicle resources contribute 20% towards the final score

- The completed list of tools, machinery and equipment as per Annexure D – Tools & Equipment Schedule, will be evaluated and scored as per Table 4.
- Note the minimum requirements, which are set out in Table 4
- For GPS, Camera and certain testing instruments, a copy of the user manual/section indicating accuracy must be submitted
- Where equipment is hired, proof of the hiring contract or a pre-approved letter from the hiring company is required
- A weighting of 20% of the final score is assigned to Tools, Equipment and Machinery

- Incomplete and unsigned documents i.e., Annexures A, B, C, and D
- Although multiple names appear in the annexures, evidence was provided for only one person
- No copies of ID for Skill resources
- Annexure A: Base of Operation submitted without supporting evidence such as lease agreement or letter of intent to rent
- The nearest base of operation need not be in the Northern Cape; we are looking to establish that the business has the required facilities to perform work
- Where a business runs from a residential property, a letter from the owner confirming that business activity is permitted at the premises must be supplied (municipal bylaws)
- Neither a certified SPU Maintenance and Commissioning course certificate nor a **signed, dated letter of intent to obtain that certificate within 3 months after tender award is provided (Meter Worker)**
- Installation electricians are put forward although their names do not appear on the Letter of registration as Electrical contractor
- Only full-time staff of the tendering company may serve as installation electricians, and their names must appear in annexure B
- User manuals not submitted for some of the tools or testing instruments
- Failure to provide a GPS user manual whose stated accuracy falls beyond the specified range (i.e. 5-10m accuracy)
- When completing Annexure D, enter the numbers rather than ticks because numbers are used for scoring

End
