

QUESTIONS AND ANSWERS FOR PROVISION OF MATERIAL HANDLING SERVICES FOR TRANSNET PORT TERMINALS AT KENDAL ON “AS AND WHEN REQUIRED” FOR A PERIOD OF THIRTY-SIX (36) MONTHS

ID	QUESTIONS	ANSWERS
1	Is TPT exempted to work the three-shift system where employees exceed the prescribed overtime hours per week.	Yes, TPT is exempted.
2	Does Kendal have CCTV or any sort of surveillance cameras.	No, Transnet does not have CCTV or any type of surveillance cameras at the moment.
3	Who will supply diesel, is it going to be on TPT's or service provider account.	TPT will decide during the evaluation process as the service providers are requested to provide both dry and wet rates.
4	Does the scope of work include Spotters for the Material Handling? Based on the site visit, spotters are required for the project & I would like to find out if it is part of the RFP or will they be provided for by Transnet?	The scope of work does not include spotters.
5	Page 12 of the RFP document regarding green economy/ carbon footprint, are we going to dispose some hazardous staff?	Yes, the waste would be generated by the Contractor's machines during services, repairs or maintenance.
