Dear Sir/Madam

Tender Clarification 1 for MWP2329TX

Please find below Eskom's response to the following queries that have been received from potential tenderer/s:

Query 1

Can we please have the full OPGW specification from Eskom. We cannot find the full specification for the OPGW in the tender documents.

Response to query 1

Eskom published the Kilo-Amps (KA) rating requirements, and the tenderer needs to provide the product that suits that requirement.
